GREEN CITY R-1 SCHOOL DISTRICT
HIGH SCHOOL STUDENT HANDBOOK
GREEN CITY, MISSOURI
2013-2014

Students,

The faculty, staff and administration of Green City R-1 Jr. and Sr. High School extend to each of you a warm welcome.

It is an exciting time of year for us all. The opportunities that can be found through education are endless. The more educated one becomes, the more fulfilled one is. It is important that you are here. Our expectations for you are high, but if everyone works diligently together we can accomplish much. Each student has a great deal of potential. Green City High School wants you to make the most out of that potential and become lifelong learners.

We are here to help you succeed. This handbook contains information about your school and its policies. It should serve as a reference for both students and parents. Please read it and retain it as a reference. I appreciate the opportunity to work with both students and faculty as we begin a new school year.

Parents and patrons are always welcome to visit the school at any time. Please enter through the front doors, stop by the Superintendent's office and sign in when visiting school.

Have a wonderful school year!

Laura Olmstead
Principal

ACADEMIC POLICIES AND PROCEDURES

EDUCATIONAL RECORDS

A cumulative educational record shall be maintained for each student from his entrance into school through the last date of attendance or through graduation, whichever occurs first.

Each student's educational record will include information required by state and federal statutes, regulations or agencies and shall include other information considered necessary by school officials.

The parent/guardian of students who are attending or have attended the District's schools have the right to inspect and review the educational records of their student. However, if any material or document in the education record of the student includes information on more than one student, the parent/guardian shall have the right to inspect and review only the part of such material or document that relates to their student or to be informed of the specific information regarding their student that is contained in the document or material.

The District has adopted procedures for the granting of parental requests for access to the education records of their students within a reasonable period of time, but in no case more than forty-five (45) days after the request is made.

All information contained in a student's educational record, except information designated as directory information by the District, shall be confidential and shall be directly accessible only to school officials who demonstrate a legitimate educational interest in the student's records and to parents/guardians or eligible students.

Prior to making directory information public, the District will provide notice to parents/guardians or eligible students regarding the categories or information it has designated as directory. In addition, the District will allow a reasonable period of time after such notice for the parent/guardian or eligible student to inform the District that any or all of the designated directory information should not be released without the parent's or eligible student's prior consent.

In addition, the school official or his/her assistants who are responsible for the custody of the records and those parties authorized to audit the record keeping procedures of the District may inspect the records relating to each student without the consent of the parent/guardian or eligible student.

The District will comply with the mandates of the Safe Schools Act, House Bills Nos. 1301 and 1298, regarding confidentiality of student records and disclosure of personally identifiable information

EQUAL EDUCATIONAL OPPORTUNITY

It is the policy of the Board of Education to provide a free and appropriate education for students with disabilities. Students with disabilities are those who, because of certain atypical characteristics, have been identified by professionally qualified personnel as requiring special educational planning and services. Students with disabilities will be identified on the basis of physical, health, sensory, and/or emotional handicaps, behavioral problems or observable exceptionalities in mental ability. It is possible that a student may have more than one type of disability.

The District's programs and services available to meet the needs of these students will be in accordance with The Individuals with Disabilities Education Act, The Education for All Handicapped Students Act of 1975, The Rehabilitation Act of 1973, Section 504, and SS 162.670 - .995 RSMo. Missouri Special Education Services. In addition, the identification of students with disabilities and the services provided by the District will be in accordance with the regulations and guidelines of the Missouri Department of Elementary and Secondary Education's Current Plan for Part B of The Education of the Handicapped Act, as amended.

INCOMPLETE GRADES

Incomplete grades may be given for a quarter's work. Teachers should set a time that such work must be made up by a student receiving the incomplete grade. The student should be told that the work must be completed by the designated date. If the student fails to complete the necessary work to change the incomplete grade by the designated date the incomplete will be changed to an "F" grade on the grade-reporting sheet the next grading period. Incomplete grades will not be granted for semester work. An incomplete grade for a semester's work will automatically become an "F". A suggested make up period might be one day for each day missed up to 5 days.

LATE WORK

It will be the discretion of each teacher to develop a policy of how they will accept late class work. **Students who violate the individual's teacher's policy will receive a zero.**

MAKE-UP WORK

Students who are absent for any reason will be required to make up work missed in each class, within a reasonable length of time, usually one day for each day's absence. **It is the student's responsibility to obtain all make up work from his/her teachers immediately upon return to school.** Failure to obtain make up work is **no** excuse for not doing work missed.

PHYSICAL EDUCATION CLASS

- ❑ Students will furnish their own gym clothes, tennis shoes and towels for physical education. Students must dress for P.E. classes, as proper dress is an integral part of their grade. Shoes worn on the new gym floor may not be worn outside of the school.

PROGRESS REPORTS

Progress reports are sent home at the end of the fifth week of the first quarter of all classes to students.

RECORDS REVIEW

Within forty-eight (48) hours of enrolling a new student, the Superintendent/designee will request copies of the new student's transfer and discipline records from all schools in which the new student attend at any time within a twelve (12) month period preceding enrollment in the District. In addition, parents/guardians of students new to the District will be required to complete and sign "Prior Discipline Record" form informing the District concerning suspension or expulsion incurred at schools previously attended.

A legal guardian may allow significant others to view a student's record. If a parent wishes to do this, they must notify the high school principal in writing.

REPORT CARDS

The grades earned by students will be represented by A, B, C, D, and F. The Board of Education has adopted the following standardized grading system:

- A = 90% - 100%
- B = 80% - 89%
- C = 70% - 79%
- D = 60% - 69%
- F = 59% and below

(Normally grade cards will be issued one week after the close of a quarter or semester.)

RETENTION

Students in the 7th and 8th grade that fail four (4) semesters of core area classes, (Language Arts, Social Studies, Math, Science) will be retained in the present grade level.

- Snacks for EOC/MAP testing.
- Rewards upon completion of the MAP/EOC.

TESTS

For tests of major importance (unit, semester, etc.) teachers must give at least a two day written or verbal notice prior to the test. If a student is absent the day of the notice, the teacher must personally notify the student of the test day. Pop quizzes are up to the time and number given. A teacher does not have to give notice of such quizzes.

TRANSFER STUDENTS

All students entering the District from other educational settings are required to submit evidence of their achievement in the last grade attended. Grade placement of a student may be adjusted on the basis of examination of the student's previous record, achievement tests administered, or other factors, which the principal and staff believe are appropriate under the circumstances. A transcript of all entering secondary school students is required before enrollment can be completed.

Students who have not successfully attended a public/parochial school 9 weeks prior to their enrollment at Green City will not be allowed to earn credit for the semester.

A homeschooled student must provide evidence of their educational progress and attendance. Homeschooled students are also required to take an entrance exam for placement and credit purposes.

SEMESTER FINALS

At the end of each semester, all teachers will be giving a comprehensive semester final in their classes. ALL STUDENTS ARE REQUIRED TO TAKE THE FINALS. It is the student's responsibility to take the semester final ahead of time if they know that they will be absent. After all semester finals are taken, students who received a 75% on the final and have a cumulative grade in the class of 75% will be rewarded for their academic excellence by participating in the semester reward day. THE SEMESTER TEST WILL COUNT AS 10% OF EACH STUDENTS SEMESTER GRADE. Second semester, the End of Course tests will be the semester test and will count for 10% of the semester grade for those students 9-12 taking those applicable tests.

ATTENDANCE PROCEDURES

Regular school attendance is required by Missouri Law and is essential to the academic performance of each student. Although students who have been absent can make up written exercises and tests. No effective method exists to compensate for missed lectures, classroom discussions, teacher assistance, teacher explanation and or student performances as required in such classes as band, physical education, etc. This policy is not established for punitive purposes but to promote regular class attendance, to maximize each student's opportunity to receive the full benefits of the education offered by the Green City R-1 School District, and to encourage students to assume responsibility for their conduct.

Any student that misses a class **seven (7)** or more days in a semester will not earn credit per class unless the missed periods are exempt.

After an absence, a student must report to the office with a written reason from a parent or guardian (Exception: excuse by telephone). An admit slip will then be issued to be taken to each class missed. Students have **three (3)** days from the absence to bring a note.

Absences that will be exempted from the 8 period policies include a note from the doctor's office specifying the day(s) the student could not attend school due to injury or illness, the note must specifically say the student was unable to attend school. Others include family or close friend's death, a school activity, and court specifying the date and time of court date. Other circumstances may occur and will be reviewed if discussed with the administration prior to the absence.

Un-exempt absences that will count toward the 7 days include but not limited to: illness without a doctor verification, shopping, senior pictures, running errands, haircuts, hunting, needed at home, driver's exam, tardies accumulated into absences, etc. **Accumulative exempt and non-exempt absences may not exceed 11 TOTAL in any one period for the semester for a student to gain credit in that class.**

Responsibility for making up work lies entirely with the students. It is the student's responsibilities to present his/her admit slip to each teacher, obtain the make-up assignments, and complete the work promptly. For one day's absence, make-up work must be completed by the next class meeting. If more than one day is missed per class, the student should visit with the teachers to establish the due dates for assignment. Out-of-school suspensions will count as un-exempt absences.

ATTENDANCE APPEALS PROCESS

Parents will be notified when a student has (5) absences in a semester and again when the student accumulates (6) absences. Credit will be automatically denied in any one class once the student accumulates (7) or more absences for that period during the semester. Any and all appeals of credit not given must be made by the student to the Superintendent. Students will have (10) days to appeal in writing from the date the letter was issued. The student may appeal in writing to the Board of Education after the Superintendent's decision. Students will have 10 days to do so after the Superintendent's decision. Students may attend Saturday school (1) time per semester to make-up (1) day.

Students that have not met the attendance requirements may not be allowed to attend prom.

COLLEGE VISITS

Seniors are allowed to miss 3 days per year to visit a college. Juniors are allowed 2 days per year to miss school and visit a college. These days must be set-up in advance with the Guidance Counselor and the High School Principal. A signed agenda from the college or university must be turned in to the office once you return. All college visits must be taken by the last school day in February.

COMPULSORY ATTENDANCE AGES

The Board of Education shall abide by the compulsory attendance laws of the state by requiring District resident students between the ages of seven and seventeen years to attend school full time, with the exception of those students who may be excused from full-time attendance by the Superintendent. Individual petitions for any deviation from full-time attendance shall be considered by the Superintendent on the merits of the individual student's application and in compliance with state law and regulations.

Any student age seventeen years or older who drops out of school for any reason other than to attend another school, college or university, or to enlist in the armed services, shall be reported to the state literacy hotline office by the School District.

PART-TIME ATTENDANCE

Resident students may attend District schools on a part-time basis as provided by state law and regulations 2320 of the Board of Education.

The District recognizes the need of some students to attend school on a part-time basis. The Board has established the following regulation regarding part-time attendance. It is the intent of this regulation to meet the individual needs of each student and at the same time establish rules and regulations, which will preserve the discipline, health, and academic standards of the school.

Eligibility Requirements

1. The student must have parent/guardian approval if under 18 years of age.
2. The student must demonstrate a definite need to attend school on a part-time basis. Examples are:
a) financial needs of student or family, b) health problems or self or family, c) vocational training in school or on the job, d) enrollment in a school of higher education, and e) unique curriculum offerings.

Application Procedure

The student must secure an appointment with the guidance counselor or school principal prior to classification as a part-time student. The student must complete a part-time attendance request form at the conference. Before any decision is given concerning the request, a conference must be held with the student's parent/guardian if the student is under 18 years of age. All applications and conferences must be completed during the time preceding the semester in which the student is to be enrolled on a part-time basis.

After an application has been submitted, the principal shall rule on the request and report to the Superintendent the names of all students who are to be enrolled on a part-time basis. This same report shall be transmitted to the Board of Education. In the event the principal denies the request, the student may appeal to the Superintendent who must respond in a reasonable time. If the student is not satisfied with the decision of the Superintendent, an appeal may be made to the Board of Education with the appeal to be heard at the next meeting of the Board.

The student must renew the request for part-time attendance status each semester. Parental conference will not be required for renewal; however, the parent/guardian will be notified of the student's continued part-time enrollment status.

Part-time students are governed by the same rules and regulations that apply to regularly enrolled students.

Conditions

Students are only eligible for part-time status during their senior year. Part-time students are not eligible to be the Valedictorian or Salutatorian; and not eligible for extracurricular activities, including athletics or club membership.

PRESENCE AT SCHOOL

Pupils shall not be allowed to assemble on school grounds at an unreasonable hour before or after school is in session except in conjunction with school functions. Students who are on school grounds due to school activities must be under the supervision of school personnel at all times. Students are not to be in the building before the 7:50 a.m. bell. Those entering school early must go to the cafeteria until 7:50 a.m. unless with teacher's permission and supervision.

RELEASE FROM SCHOOL

No student shall be allowed to leave school premises except with the permission of the principal. Permission from the legal guardian of the student is also viewed as desirable although not necessarily required for students to leave during the school day. Students leaving school early will be released only to those designated on the information card or by parent/guardian permission. **Those with permission to "sign-out" the student must provide photo identification.**

TARDY POLICY

Students are expected to be in the classroom prior to the bell to start each class. Teachers will keep a record of tardies each hour in their classroom along with attendance. A teacher will warn a student on the first, second and third unexcused tardy in a semester. On the fourth and subsequent unexcused tardies a referral will be forwarded to the office including the dates of prior tardy offenses.

Penalties for being referred to the office for tardies are:

1 st Referral (4 th Tardy)	½ Detention after school
2 nd and 3 rd Referral (5 th and 6 th Tardy)	1 Hour Thursday Detention after school
4 th , 5 th , and 6 th Referral (7 th , 8 th , & 9 th Tardy)	Early out Wednesday Detention

Guidelines for detention:

1. Students may not eat, drink, talk, sleep, put head on desk or listen to music while serving detention.
2. Students must bring something related to school to work on or something to read while serving detention.
3. Students failing to work in detention or failing to serve the assigned detention will have detention time doubled.

* Dates for Wednesday early out detention will be set by the principal's office when appropriate. Students who fail to attend Wednesday early out detention will be assessed the following penalty. Students will not be allowed to attend if they are late.

1st offense – Student will serve one day in school suspension and in addition the student will make up the missed Saturday detention.

2nd offense – Student will serve three days in school suspension in addition to the loss of extra-curricular attendance for 2 weeks and make up the missed Saturday detention.

TRUANCY AND EDUCATIONAL NEGLECT

The Board of Education believes regular attendance is important to academic success. Therefore, the Board directs that problems with attendance on the part of any student be investigated and acted upon promptly.

Truancy is defined as deliberate absence from school on the part of the pupil with or without the knowledge of the parent/guardian and for which no justifiable excuse is given. When a pattern of truancy becomes evident, the principal will investigate and take such action as circumstances dictate.

Section 210.115 R.S.MO. mandates reporting to the Division of Family Services when there is reasonable cause to suspect that a student's nonattendance is due to the educational neglect of the parents/guardians.

Any school official or employee who knows or has reasonable cause to suspect that a student is being subjected to home conditions or circumstances which would reasonably result in truancy will immediately report or cause a report to be made to the building principal, or his/her designee, who will then become responsible for making a report via the Student Abuse Hotline to the Missouri Division of Family Services (DFS). The building principal shall inform the Superintendent/designee that a report has been made, and keep the Superintendent apprised of the status of the case.

VO TECH STUDENTS

When Vo-Tech is not in scheduled session, students are to be in class according to class schedule. Students should arrive for the beginning of 4th period (10:39) on regular days. Students riding the bus to school should report to the office for instructions when not attending Vo-tech.

Each student must sign a student policy contract before they may attend Vo-tech.

WITHDRAWAL FROM SCHOOL

Students planning to withdraw from school must have their parents contact the principal of their planned departure prior to the date of withdrawal. Students should pick up a withdrawal form from the office and return all schoolbooks, etc. to their teachers.

BEHAVIOR CODE/RULES AND REGULATIONS

BREATHALYZER

The consensus of the Green City Board of Education is to have a Breathalyzer at the prom and other school sponsored activities. The theory is not to catch but to detour students from drinking. Students should be aware of the consequences for not following the rules. The Breathalyzer will be used randomly on Green City R-1 students. All out-of-school guests will be required to take a Breathalyzer and show photo identification at dances. Attempts will be made to contact parents of Green City R-1 students who refuse the test.

BUS RULES

The safety of students during their transportation to and from school is a responsibility, which they and their parents/guardian share with the bus drivers and school officials. Therefore, the rules of student conduct will be issued to all students at the beginning of the school year, and to new students upon enrollment.

1. Pupils must not try to get off the bus, or move about within the bus, while it is in motion.
2. The back door of the bus is an emergency exit, and will not be used except in case of emergency.
3. Food or drink is not allowed on the bus.
4. Bus schedules are posted in front of the bus. The bus will not run ahead of schedule, but may run behind schedule. Students should be encouraged to be at the designated pickup area as the bus pulls up. Due to the length of the bus routes and the number of students to be picked up, drivers will not be able to wait on late students.
5. Students will be allowed to talk to each other on the bus as long as they keep the voices low. Students should not talk to the driver while the bus is in motion.

6. Students will walk in front of the bus and stop when even with the left fender of the bus. After checking for traffic students should walk to the other side.
7. Pupils must not stand in roadway while waiting for bus. Stand well back from the loading area and until bus has stopped.
8. If students do not ride the bus with reasonable regularity, the bus route may be rearranged to eliminate a stop if it will make a shorter or more economical route.
9. If a student rides a bus to a ballgame or other activity, he/she must ride it home, unless the parent has made personal contact with the Principal or instructor. The principal must approve all handwritten notes.
10. Students will not stick their hands or heads out of bus windows at any time.
11. Students will not throw litter on the floor of the bus or out the window.
12. Drivers may assign seats to students if they think it is necessary.
13. Any damage to the bus should be reported to the driver at once.
14. For serious misconduct, the bus driver will accompany the offending student to the principal or superintendent's office.
15. The buses will leave in the afternoon promptly at 3:30.
16. Misbehavior on bus may result in penalty at discretion of principal depending on circumstances (May include removal from bus for 1 to 10 days or permanent removal from bus by a formal hearing). Serious misbehavior on the bus may also be cause for punishment up to and including suspension or expulsion from school.
17. **Discontinued service**-On route stops where the school bus must make a special stop in front of the residence, it will be the policy of the driver to discontinue the service if the bus has stopped twice to deliver or pick up a student without the parent informing the school or driver in advance by a note or phone call.
18. **Adequate and Safe Turnabouts**-Turnabouts should be adequate for turning without danger of getting stuck or backing blindly into traffic. It may be necessary to turn around in either side of a pickup point for safety and convenience sake. In case where a bus cannot turn safely because of the lack of space, it will be necessary for the driver to secure a more suitable pickup point.
19. All drivers are required to stop for buses while loading and unloading. Be prepared to stop when coming upon a school bus.

CELL PHONES

Cell phones are not permitted at school during the school day. Students are not to use a cell phone in any manner during school hours. Students found with a cell phone, camera or other electronic device will have it confiscated and a parent/guardian must pick it up from school. The student must also serve the next available Wednesday early out detention. Subsequent offenses will consist of the same punishment and In-School or Out-of School suspensions, and the phone may be confiscated for up to 30 days. Students who do not show up to Wednesday early out detention will be in academic reassignment for three days and be required to make-up the Wednesday early out detention.

The Green City R-1 School District does have a hardship application, where parents/guardians can complete the form and the student can bring the cell phone to school. However, when the student arrives at school he/she must immediately check-in the phone in the high school office. The phone must remain in the office until the end of the day.

The Green City R-1 School District may search cell phones if the administration deems that there is a reasonable suspicion of rule or law violation(s).

CLOSED CAMPUS

With the safety and welfare of the students in mind, the Board of Education has closed all campuses during the school day. Permission to leave school will be granted only for valid reasons, and only with a written request signed by a parent/guardian. In emergency situations, a telephone call from a parent/guardian may suffice, with approval of the building principal.

CORPORAL PUNISHMENT: AUTHORIZED

Corporal punishment should be used only after other methods have failed and when there is reason to believe it will be helpful in maintaining discipline or in the development of the student's character and power of self-control.

All instances of corporal punishment shall be witnessed by at least one other adult member of the school staff and will only be administered by a principal or other District administrator.

DETENTION

The provisions of a detention program for student violations of policies, rules and regulations shall provide principals with an additional alternative for dealing with disciplinary problems that occur in the schools. Detention is an assigned before school and/or after-school period, during which student activity is closely monitored and severely restricted. Students are expected to be quiet during the entire detention period and to work exclusively on assigned tasks.

DIGITAL MEDIA

iPods, MP3 players, cameras, laptops and electronic games are considered "Entertainment Devices". They are not allowed on campus at any time during the school day, unless pre-approved by the building principal. This includes attaching these devices to one's person by ear buds.

DISCIPLINE

The Board of Education has the legal authority to adopt all necessary policies, rules, and regulations for organizing and governing the School District. This includes the power to suspend or expel a student for conduct, which violates District and school regulations. These policies, rules, and regulations will apply to all students in attendance in District instructional and support programs, as well as at school-sponsored activities and events. In addition, students are subject to discipline up to and including expulsion for significant misconduct regardless of whether the conduct occurs at a school activity and regardless of when the misconduct occurs where it is reasonably determined that a student's misconduct adversely affects school safety or student welfare.

Building principals are responsible for the development of rules and regulations regarding student conduct needed to maintain proper behavior in schools under their supervision. Regulations specific to disabled students shall be adopted. Principals, subject to appropriate due process procedures, may summarily suspend any student for up to ten (10) days for violation of these policies, rules, and regulations. Notice of suspension shall be given immediately to the parent or guardian, and to the Superintendent.

Flagrant disregard for policies, rules, and regulations, or continued truancy may result in suspension by the Superintendent or expulsion by the Board, both subject to appropriate due process procedures. The Superintendent may suspend a student for up to one hundred eighty (180) days; however, expulsion of students is a function only of the Board of Education.

Teachers shall have the authority to make and enforce necessary rules for the internal governance in the classroom, subject to review by the building principal. Each teacher shall maintain a satisfactory standard of conduct in the classroom. All school personnel are responsible for maintaining standards of conduct throughout the school setting.

The District will provide annual in-service training to all employees concerning the District's discipline policy and its implementation. Training will also include approved methods of dealing with school violence; discipline of students with disabilities; and with the requirements of student confidentiality, etc.

STUDENTS DISCIPLINE BEHAVIORAL EXPECTATIONS

The discipline code set out in this regulation is intended to be illustrative but not an exclusive listing of acts of misconduct and the consequences for each. Misconduct, which is not specifically listed in this regulation, may be deemed to warrant discipline up to and including expulsion following provision of all due process procedures. In addition, the disciplinary consequence listed for each offense may be increased or decreased by the Administration or the Board of Education due to mitigating or aggravating circumstances.

THESE RULES CANNOT ENCOMPASS EVERY SITUATION THAT ARISES, AND, THEREFORE, IT WOULD BE UP TO THE ADMINISTRATION TO USE JUDGMENT OF THESE INCIDENTS. POLICY

DRUG-FREE SCHOOLS

Pursuant to requirements of the 1989 amendments of the Drug-Free Schools and Communities Act and to the requirements of the Safe Schools Act, and for the purpose of preventing the use of illicit drugs and alcohol by students, the District shall provide age-appropriate, developmentally based drug and alcohol education and prevention programs to all students from early childhood level through grade twelve (12). (See also Policy 6130 – Drug Education.) Such programs will address the legal, social and health consequences of drug and alcohol use, and provide information about effective techniques for resisting peer pressure to use illicit drugs or alcohol.

The District shall provide information about any drug and alcohol counseling and rehabilitation and re-entry programs that are available to students. Students may be required to participate in such programs in order to avoid suspension or expulsion if they are found to be in violation of this policy. All parents/guardians and students shall annually be provided with a copy of this policy.

The District certifies that it has adopted and implemented the drug prevention program described in this policy in the form required by the Department of Elementary and Secondary Education or the United States Department of Education. The District conducts a biennial review of such program to determine its effectiveness, to implement necessary changes and to ensure that the disciplinary sanctions are consistently enforced.

ENROLLMENT OR RETURN FOLLOWING SUSPENSION AND/OR EXPULSION

No student shall be readmitted, or permitted to enroll or otherwise attend school (except as may otherwise be required by law), following a suspension or expulsion from this or any other school until the District has conducted a conference to review the conduct that resulted in the expulsion or suspension, and any remedial actions needed to prevent any future occurrences of such or related conduct.

EXPULSION

The term “expulsion” refers to permanent exclusion from school. If a student consistently or egregiously refuses to conform to school policies, rules and/or regulations, the Principal and Superintendent may recommend to the Board of Education that the student be expelled from school. The Board will review such recommendations and decide whether to proceed with an expulsion hearing.

No students shall be readmitted or permitted to enroll (except as required by law) following a suspension or expulsion from this District or from any other School District until the District has conducted a meeting to consider possible readmission. During the meeting, participants will consider the conduct, which resulted in discipline, and any remedial actions believed to be necessary to prevent future occurrences of similar conduct. However, no student will be readmitted or enrolled if the student was convicted of, charged as an adult or juvenile without final adjudication, or convicted of juvenile conduct which, if charged as an adult, would constitute one of the following offenses.

1. First degree murder (Mo. Rev. Stat. 536.020)

Nothing in this policy shall be interpreted to prevent the District from imposing discipline under the District's Student Code of Conduct for conduct underlying the above listed offenses even if the adult charge or juvenile petition has been dismissed or acquitted of the specific act in a criminal or juvenile court, provided it is proven by a preponderance of the evidence that the student committed the underlying act.

FIREARMS AND WEAPONS IN SCHOOL

The District recognizes firearm and weapon possession as a potential threat to the health, safety and security of students, employees, and other persons. The District will not tolerate the presence of firearms or weapons on the premises of our schools. The District complies with the provisions of the Improving America's Schools Act of 1994, the Individuals with Disabilities Education Act, and other applicable federal and state law.

Nothing in this policy shall prohibit the District from permitting a Civil War re-enactor to bring a Civil War era weapon to school for educational purposes so long as the weapon is not loaded.

Students who violate this policy will be suspended for no less than one (1) year and are subject to permanent expulsion. However, the Superintendent may recommend to the Board a modification of the suspension on a case-by-case basis.

Lighters are considered weapons.

Students involved with Trap Shooting or any other school sponsored activity that involves firearms are not allowed to have the firearm within 1000 feet of the school.

This policy will be annually submitted to the Department of Elementary and Secondary Education together with a report of disciplinary action taken for possession of a "firearm" or "weapon" as defined in Regulation 2620.

STUDENT PARTICIPATION IN SECRET ORGANIZATIONS AND GANGS

The Board of Education prohibits membership in secret fraternities or sororities, or in other clubs or gangs not sponsored by established agencies or organizations recognized by the School District.

The Board of Education feels that the presence of gangs and gang activities can cause a substantial disruption of or material interference with school and school activities. A "gang" as defined in this policy is any group of two or more persons whose purposes include the commission of illegal acts. By this policy, the Board of Education acts to prohibit existence of gangs and gang activities as follows:

No student on or about school property or at any school activity:

1. Shall wear, possess, use, distribute, display, or sell any clothing, jewelry, emblem, badge, symbol, sign, or other things, which are evidence of membership or affiliation in any gang.
2. Shall commit any act or omission or use any speech either verbal or non-verbal (gestures, hand-shakes, etc.) showing membership or affiliation in a gang.
3. Shall use any speech or commit any act or omission in furtherance of the interests of any gang or gang activity, including but not limited to:
 - a. Soliciting others for membership in any gangs.
 - b. Requesting any person to pay protection or otherwise intimidating or threatening any person.
 - c. Committing any other illegal act or other violation of school District policies.
 - d. Inciting other students to act with physical violence upon any other person.

DISCIPLINE OF STUDENTS WITH DISABILITIES

The obligation and the responsibility to attend school regularly and to comply with the District's discipline policies applies to all students. When appropriate, the District may discipline a student with a disability who has not complied with the District's discipline policies in a manner that is consistent with the District's policies and applicable law. Special education services will be provided to a disabled student if the student has been removed from school for more than ten (10) school days. If a student with a disability is removed for less than ten (10) cumulative days, educational services will be provided only if such services are provided to students without disabilities who have been similarly removed.

STUDENT DISCIPLINE HEARINGS

Parents/guardians of students suspended for more than ten (10) school days may make a written request for a hearing before the Board of Education. This request will be addressed to the Superintendent who will review all matters concerning the suspension and refer the request for a Board hearing.

In conducting a discipline hearing the Board will carefully consider the information presented by the Administration and by the parent/guardian. In making its decision concerning guilt and innocence as well as punishment, the Board will be mindful of Board Discipline Policies in place, the effect of its decision upon the individual student, and the safety and welfare of District students and staff.

DISTRIBUTION OF NON-CURRICULAR PUBLICATIONS BY STUDENTS

The District recognizes that student expression regarding a variety of topics may be beneficial to the District's education mission. Discussion and debate regarding serious issues can engender tolerance for diverse viewpoints. The District, however, has the obligation to ensure that student expression is consistent with the District's educational mission. Accordingly, the District has adopted guidelines to regulate student expression in a manner consistent with the District's educational goals. Religious material, including bibles will not be allowed to be distributed at school.

DRESS AND APPEARANCE

A person's dress and personal appearance and those of the people around them have a profound psychological influence upon attitudes and behaviors. We tend to play the part for which we are dressed; consequently, it is important to remember that the primary business of the adolescent years is obtaining an education and that it is important to dress and act in a business like rather than a frivolous or immature manner.

The Board of Education expects students dress and grooming to be neat, clean and in keeping with community standards, so that each student may share in promoting a positive, healthy and safe atmosphere within the School District. This expectation includes the school day and school sponsored extracurricular activities.

Parents are responsible for supervising the dress of their young people so that they appear at school and at school activities neat and clean and in conformity with the standards expected by the community. Students' failure to dress properly may result in the parents' requesting to remove the students from school or to bring appropriate clothing to school. In general, students should avoid wearing clothing, which would be distracting or disruptive in a school setting.

Health regulations and common courtesy require the following:

1. Shoes shall be worn at all times
2. No halter tops, backless clothing, see through garments, or bare midriffs.
3. Shorts, skirts, and dresses must reach below the end of a closed fist with arms extended at the student's side. Dresses, skirts, shorts, and dresses with a slit in the side must meet the same standard as shorts to be worn at school.
4. Hats, headbands, head coverings, sunglasses, and bandanas are not allowed.
5. Clothing advertising alcohol, tobacco products, illegal drugs, or drug paraphernalia is not allowed.

6. Clothing that is demeaning to any person or group, or anything that is considered by the administration to be in poor taste or demeaning to any person or group, or displayed on shirts, blouses or articles of clothing.
7. Spaghetti strap or tank top shirts are not allowed unless worn with appropriate undergarments.
8. Tops that hang excessively low below the neck or underarms, or have open shoulders will be considered tank tops and are not to be worn to school.
9. Pants should be worn above the hips and without undergarments showing.
- 10. Jeans, shorts, and all other pants may NOT have VISIBLE holes above the knee or tights are to be worn underneath the jeans.**
11. Spiked belts, collars, cuffs, chains, or wallet chains of any length will not be permitted.
12. The school administration may disallow other types of clothing that may jeopardize a safe and orderly environment for the students and school staff.

Teachers of specific courses where health or safety is a factor may require students to adjust hair, clothing, or both according to the needs of the class.

ACADEMIC REASSIGNMENT

Academic reassignment is a structured disciplinary action in which a student is isolated or removed from regular classroom activities, but is not dismissed from the school setting. The principal/designee may assign students to the academic reassignment program for a reasonable and specified period of time.

GREEN CITY R-1 SCHOOL DISTRICT INTERNET ACCEPTABLE USE POLICY

Use of the Internet provides great educational benefits to students. Unfortunately, however, some materials accessible via the Internet may contain items that are illegal, defamatory, or potentially offensive to some people. Access to the Internet is given as a privilege to students who agree to act in a considerate and responsible manner. The Green City R-1 School District requires that students and parents or guardians are aware of the following rules for acceptable online behavior.

1. Students are responsible for good behavior on the Internet just as they are in a school building. General school rules for behavior and communication apply.
2. Network storage areas may be treated like school lockers. Network Administrators may review files and communications to maintain system integrity and assure that users are using the system responsibly. Users should not expect that files would always be private.
3. The following are not permitted:
 - ✓ Unauthorized use
 - ✓ Sending or displaying offensive messages, pictures, or obscene language
 - ✓ Harassing, insulting or attacking others
 - ✓ Damaging computer hardware or software
 - ✓ Violating copyright laws
 - ✓ Using another's password
 - ✓ Trespassing in another's folders, work, or files
 - ✓ Revealing personal information such as phone number and home address
 - ✓ Any personal site, such as myspace, facebook, bebo, messengers, etc..
 - ✓ Checking email
 - ✓ Comment/Message Board
 - ✓ Giving your school password to someone else.
4. Violations will result in a loss of access as well as other disciplinary or legal action (see the student handbook for details)

Parents or legal guardians should understand that some of the materials on the Internet may be objectionable, and accept responsibility for providing guidance to students on Internet use both inside and outside of school – setting and conveying standards for students to follow when selecting, sharing, or exploring information and media.

INTERVIEW OR INTERROGATION

The School District has legal jurisdiction over students during the school day and hours of approved extracurricular activities. The school administration is responsible for making an effort to protect each student's rights with respect to interrogations by law enforcement officials. When law enforcement officials find it necessary to question students during the school day or periods of extracurricular activities, the school principal or designee will be present and the interview will be conducted in private.

The principal will verify and record the identity of the officer or other authority and request an explanation of the need to question or interview the student at school. The principal ordinarily will make reasonable efforts to notify the student's parents/guardians.

NONDISCRIMINATION AND STUDENT RIGHTS

The Board of Education reaffirms its belief that every student regardless of race, creed, color, sex, cultural or socio-economic status or disabling condition be given equal opportunity for educational development.

The Board recognizes the importance of providing each student with a school environment conducive to intellectual, emotional and social growth through participation in a full range of educational programs and activities. Board and staff commitment insure equal educational opportunities in course offerings, guidance and counseling, test procedures, extra-curricular activities, discipline procedure and student support services.

OPERATION OF MOTOR VEHICLES ON SCHOOL PREMISES

A speed limit of ten (10) miles per hour is established for all motor vehicles operated near school premises when school is in session. Drivers of all vehicles are not to pass parked school buses while pupils are being loaded and unloaded. The utmost care is to be exercised by all drivers while operating vehicles on the school premises in order to insure the safety of all children. Students are to use east parking lot.

Students are to park their vehicles in the parking lot in an orderly manner so that others may leave early if necessary. Students are not permitted to loiter in the parking lot or in cars parked on school property. Students are not to leave the building during school hours without permission and supervision from the office. Failure to obey these regulations or other instructions given orally by a teacher or an administrator or other school employee may result in the revocation of the privilege of driving to school.

The principal has the authority to regulate student use of automobiles at school. Use of school property for student parking purposes is a privilege that may be denied due to violation of District regulations and school policies. Student vehicles parked on District property are subject to search by school officials where there is reason to believe a vehicle contains materials prohibited by District regulations.

PERSONAL PROPERTY

The school district is sympathetic to any problem that arises from the loss or destruction of personal property of students or faculty members in the school building or on the school grounds. However, it is the school district's policy that students and faculty are responsible for their own personal property and the school will not replace any lost, stolen or damaged property.

REMOVAL OF STUDENTS FROM SCHOOL

Before a student at school is arrested or taken into custody by law enforcement or other legally authorized person, the principal will verify the official's authority to take custody of the student. The school principal will attempt to notify the student's parent/guardian that the student is being removed from school.

REPORTING STUDENT ABUSE

The Board of Education believes that school staff members are in a unique position to assist children, families, and the community in dealing with the issue of child abuse and neglect. In addition, school employees are required by law to report instances of suspected child abuse, when the employee has reasonable cause to suspect that a child has been or is likely to be abused or neglected.

Child abuse is defined as any physical injury, sexual abuse or emotional abuse inflicted on a child other than by accidental means.

Neglect is defined as the failure to provide the proper or necessary support, education, nutrition or medical, surgical or other care necessary for the child's well-being.

District employees who know or have reason to believe that another District employee has sexually or physically abused a student have an additional duty to notify their immediate supervisor immediately.

REPORTING OF VIOLENT BEHAVIOR

The District requires school administrators to report acts of school violence to teachers and other District employees who are directly responsible for the student's education or who interact with the student in the performance of the employee's duties. School administrators will also disclose to appropriate staff member's portions of any student's individualized education program that is related to past or potentially future violent behavior. "Violent behavior" and the phrase "acts of school violence" are defined as the use of physical force by a student with the intent to do serious physical injury to another person while on school property, including a school bus, or while involved in school activities.

In addition, the Superintendent of Schools will report to law enforcement officials, as soon as is reasonably practicable, the commission of any of the acts or related juvenile offenses which are committed on school property, including school buses, or while involved in school activities. These offenses include:

1. First degree murder
2. Second degree murder
3. Kidnapping
4. First degree assault
5. Forcible rape
6. Forcible sodomy
7. Burglary in the first degree
8. Burglary in the second degree
9. Robbery in the first degree
10. Distribution of drugs
11. Distribution of drugs to a minor
12. Arson in the first degree
13. Voluntary manslaughter
14. Involuntary manslaughter

15. Second degree assault
16. Assault (except as provided in the Agreement contained in Regulation 2673)
17. Felonious restraint
18. Property damage in the first degree
19. Possession of a weapon

The Superintendent will also notify the appropriate division of the Juvenile Court of the suspension of any student under court jurisdiction for more than ten (10) days.

Each school employee is required to notify their immediate supervisor if they have reason to believe that a student or District employee has committed any of the offenses set out in this policy, has physically or sexually abused any District student, or possessed a controlled substance or weapon in violation of District policy.

The Superintendent/designee will prepare and maintain records of serious violations of the District's discipline policy. Individual student records are available to school employees who are directly responsible for the student's education or who interact with the student in the performance of the employee's duties. In addition, such discipline records will be made available within five (5) days to any requesting School District where the student seeks to enroll.

SECURITY CAMERAS

The district has placed cameras in the hallways and parking lots of the Green City R-1 campus. The cameras will be used to deter behavior that is not acceptable by Green City R-1 standards. The high school principal's office will maintain the videos for confidentiality.

SAFE SCHOOLS ACT

This act requires that school administrators report to appropriate law enforcement officials when assaults or more serious situations occur on school property, at school activities, or on school buses. Law enforcement officials will also be notified when a student is in possession of a weapon while on school property, at school activities, or on school buses.

SEARCHES BY SCHOOL PERSONNEL

School lockers and desks are the property of the Board of Education and are provided for the convenience of students, and as such, are subject to periodic inspection without notice, without student consent, and without a search warrant. The lockers and desks may be searched by school administrators or staff who have a reasonable suspicion that the lockers or desks contain drugs, alcohol, material of a disruptive nature, stolen properties, weapons, items posing a danger to the health or safety of students and school employees, or evidence of a violation of school policy. In addition, the Board of Education authorizes the use of trained dogs to sniff lockers or other school property to assist in the detection of the presence of drugs, explosives, and other contraband.

Students or student property may be searched based on reasonable suspicion of a violation of District rules, policy or state law. Reasonable suspicion must be based on facts known to the administration, credible information provided or reasonable inference drawn from such facts or information. The privacy and dignity of students shall be respected. Searches shall be carried out in the presence of adult witnesses, if such witnesses are available. Students may be asked to empty pockets, remove jackets, coats, shoe and other articles of exterior clothing for examination if reasonable under the circumstances.

Students are permitted to park on school premises as a matter of privilege, not of right. The school retains the authority to conduct routine patrols of the student parking lots. The interior of a student's automobile on

school premises may be searched if a school administrator has reasonable suspicion to believe that illegal, unauthorized or contraband items or evidence of a violation of school policy is contained inside the vehicle.

Law enforcement officials shall be contacted if the search produces a controlled substance, drug paraphernalia, weapons, stolen goods or evidence of a crime, in any case involving a violation of law when a student refuses to allow a search, or where the search cannot safely be conducted. Parents may also be contacted. School officials may appropriately discipline a student who refuses to submit to a search.

SEXUAL HARASSMENT PROHIBITED NOTICE TO ALL EMPLOYEES AND STUDENTS REGARDING SEXUAL HARASSMENT

The Green City R1 School District is committed to an academic and work environment in which all students and employees are treated with dignity and respect. Sexual harassment of students and employees whether committed by supervisors, employees or students and regardless of whether the victim is an employee or student will not be tolerated.

Inquires, complaints or grievances from students and their parents and employees regarding sexual harassment or compliance with Title IX may be directed to the Superintendent of Schools, to the District's Title IX Coordinator or the Director of the Office of Civil Rights, Department of Education, Washington D.C.

ACTIVITIES AND ATHLETICS

Participation in extracurricular activities is encouraged. This policy covers those groups, organizations, and activities, which do not receive academic credit. Such participation is an additional form of education, individual growth, and development opportunity for the individual student.

While extracurricular activities do offer educational experiences, they are a privilege. As such, extracurricular activities may be withheld from any student as a condition of discipline. Furthermore, all policies, which apply to

the regular school day, also apply to extracurricular activities. In addition, coaches and sponsors may establish policies for their groups in addition to those stated herein.

Students failing any class at the end of any quarter shall become ineligible until the 23rd day of the following quarter, provided they are passing all classes at that time.

IEP students who are mainstreamed will follow Option Two of MSHSAA handbook: "The second option is for the IEP Committee to determine that a modification of the academic requirements or grading policies is necessary to reflect the needs of the

Handicapped student. In this situation, the modifications may include alterations in the type of assessments to be given the student, the number of such assessments given a student, the amount of time the student will be allowed to take the assessment, etc. The IEP Committee may also determine that grades will be determined on the basis of the student's progress towards achieving specific goals and objectives from the IEP rather than standard assessments given other students. If this type of modification is made, the IEP Committee is responsible to specify the amount of progress which will be necessary to document that standard progress is being made by the student".

Any player receiving their second or succeeding technical foul, in a sport season, for un-sportsmanlike conduct shall be taken out of the game and shall be required to appear with the Coach before the School Board at the next meeting.

Technical fouls received for having the wrong player number in the scorebook or for hanging from the rim shall not apply.

MSHSSA has developed a Concussion Return to Play Form that will be distributed to all student athletes. In order to return to sports, 3 rules must be followed: **1.** Athletes should not return to practice or play the same day that their head injury occurred, **2.** Athletes should never return to play or practice if they still have ANY symptoms, **3.** Athletes: Be sure your coach and/or athletic trainer are aware of your injury and symptoms, and that they have contact information for the treating physician. A signed medical evaluation release form must be presented to the coach and/or athletic trainer before a student athlete may resume play.

4. Orientations, Registration, and Scheduling
5. Referrals

ADMISSION OF RESIDENT STUDENTS

All students, five to twenty-one (5-21) years of age, which reside within the boundaries of the District, may attend District schools tuition free. In order to “reside” within the District, the student must be physically domiciled within District boundaries. The domicile of a minor student is generally the domicile of the student’s parent/guardian.

A student may only register in the District if the student provides proof of residency or if the student or parent/guardian requests a waiver from the Board of Education on the basis of hardship or good cause. Parents/guardians will be required to sign a “Proof of Residency” form at the time of enrollment. If the Superintendent has reason to suspect that the admission of a student will create an immediate danger to the safety of others, a hearing will be convened within three (3) working days of the request to register. At the hearing, the District will determine whether the student may enroll.

The admission of all students shall be under the direction of the Superintendent, subject to the approval of the Board of Education. All persons seeking admission to the District and its instructional programs must satisfactorily meet all residency, academic, age, immunization, health and other eligibility prerequisites as established by Board policies, rules and regulations, and by state law. Students entering the School District will be required to present a birth certificate or some other acceptable proof of age.

Students who are entering kindergarten or first grade are encouraged to pre-register in the spring prior to the fall semester in which they are to begin attendance.

ASSESSMENT AND REFERRALS TO OUTSIDE SERVICES

The counseling staff, in consultation with other staff members, is responsible for the initial assessment of student’s academic progress as well as personal/social concerns. Where necessary, the District will make available responsive services including individual and small group counseling, crisis counseling, referral to other agencies or professional resources, and vocational and educational placement. The District will cooperate and assist other agencies with the diagnosis and treatment of students referred for responsive services. Student information will not be provided to outside agencies until the student’s parents/guardians have signed a release of information form. Except as required by law, the cost of diagnostic and treatment services provided outside the District is the sole responsibility of individual parents/guardians.

Graduation, with no attendant privileges, will be allowed any time after seven (7) semesters of attendance beginning with grade nine and attainment of all requirements as set by the state and local School Boards for those students who are enrolled in higher education or enlisted in the military. Early graduation should be part of a cooperative plan arrived at by students, their parents/guardians, and the school. This plan is to be established one semester before early graduation would be effective. Students who participate in early graduation will not be eligible to be the Valedictorian or Salutatorian.

The above requirements may be modified in exceptional cases with approval of the Board of Education, upon recommendation of the Superintendent.

Graduation Requirements – Students with Disabilities

Students with disabilities must meet graduation requirements outlined in District Policy subject to Individual Education Program (IEP) accommodations/ modifications.

JUNIOR-SENIOR HIGH CURRICULUM INFORMATION

The need for long range planning is a significant factor in each student's success in high school. The needs, interests, and aptitudes of each student should determine the educational program each would follow. The importance of following course sequences and prerequisite courses cannot be over emphasized. The advice of friends or the desire to follow an "easy" program is not a sound basis for selecting a program of study.

Students will receive assistance from school personnel in selecting a program of study that will best meet their needs. Once a program has been selected, the student will be expected to follow that program for the year. Only in unusual cases will students be permitted to change their agreed upon schedules.

The Green City school system conducts an extensive testing program to help students decide on the proper program. This information plus other student records will be reviewed by teachers, counselor, and principal;

students will be placed in the mathematics courses which are most appropriate for them and in which they will be most likely to succeed.

For full Sophomore status, a student must have earned at least 7 credits. For full Junior status, the student must have earned a total of 14 credits. To qualify for full Senior status they must have earned at least 21 credits and be enrolled in enough classes to meet graduation requirements.

Sophomores	7 credits
Juniors	14 credits
Seniors	21 credits

PROMOTION AND RETENTION

The Green City R-1 District is committed to the continuous development of the students it serves. The purpose of promotions and retentions is to provide maximum consideration for the long-range welfare of the student and to provide an opportunity for each student to progress through school according to his/her own needs and abilities.

It is expected that most students in the school will be promoted annually from one grade level to another upon completion of satisfactory work. However, a student may be retained when his/her standards of academic achievement or social, emotional, mental, or physical development will not allow satisfactory progress in the next higher grade. Retention will be based on the recommendation of an educational team consisting of one or more teachers and the building level administrator.

Consistent with state law (House Bill 889), students with reading ability levels more than one grade level below their current grade level will not be promoted to a higher grade level until a district and parent approved program of remediation is complete. Such remediation may include, but shall not necessarily be limited to, a mandatory summer school program focused on the areas of deficiency or other such alternatives conducted by the district outside of the regular school day. Such remediation shall recognize that different students learn differently and shall employ methods designed to help these students achieve at higher levels.

This limitation on promotion will not apply to students qualifying for/or receiving special education services pursuant to state law.

Parents/Guardians will receive prior notification and explanation concerning the retention. Parents are encouraged to support the decision made by the educational team. The final decision regarding retention will be made by the administration.

PSYCHOLOGICAL TESTING OF STUDENTS

Psychological tests administered to students by qualified District personnel or appropriate diagnostic agencies will ensure quality psychological services in the District, and will protect the educational rights, dignity and privacy of students and parents/guardians.

Psychological evaluations will be made only after informed and written consent of the student's parent/guardian is obtained. A conference will be held with the parent/guardian to review all test results and the student's specific educational needs in the educational program. Psychological data are only partial criteria for determining any change in a student's educational program. Psychological data older than three years shall not be used as the basis for prescriptive teaching or placement.

All psychological services provided by the District or agencies contracted by the District will be in accordance with state and federal statutes and regulations concerning the privacy of student records and use of psychological services.

SCHOOL-TO-WORK INTERNSHIP

School to work internship is done through the Vocational Technical program during a student's senior year. One

semester of instruction and one semester of on the job training.

WEIGHTED CLASSES

Any dual credit class
Physics
Forensic Science
Physiology/ Anatomy

Weighted classes will be based on the 5.0 grading scale due to the added difficulty of the class. Refer to the chart below:

Grade	Regular class	Weighted class
A	4.0	5.0
B	3.0	4.0
C	2.0	3.0
D	1.0	2.0
F	0.0	0.0

This will begin with the Class of 2015.

VALEDICTORIAN & SALUTATORIAN

Valedictorian is chosen by highest cumulative G.P.A. Salutatorian is chosen by second highest cumulative G.P.A. Senior students must have attended 4 semesters at Green City High School to be eligible for these awards.

VIRTUAL INSTRUCTION

The District may also recognize and assign credit for courses offered through other electronic media courses such as satellite video courses, cable video courses, interactive education television consortium, and computer-driven or on-line courses. Students may also be awarded credit for satisfactorily completed course work from accredited institutions. Students and their parents/guardians should consult with their school counselor to determine whether satisfactory completion of such work is eligible for award of District credit. This discussion should occur prior to enrollment in such programs.

HEALTH AND SAFETY

DO NOT RESUSCITATE (DNR) ORDERS

No student will be denied life-sustaining activities irrespective of the presence of a Do Not Resuscitate Order (DNRO). The District is an open, with input from parents and medical professional, to consider alternative life sustaining procedures.

EMERGENCY DRILLS

Fire Drill

The signal for a fire drill will be the ringing of the fire bells and the strobe of the lights. Once students have exited the building they are not to leave their designated area and are not to reenter the building for any reason until a member of the faculty gives permission to do so. A practice drill will be run early in the year to familiarize faculty and students to the alarm. Directions as to which exit to use are posted in each room.

Tornado Drill

Tornado drills will be carried out at least twice a year. The signal for a tornado drill will be a series of short rings of the bells. Remain calm. It is very important that there be no talking so that instructions may be heard. Once the students have arrived at their designated area, they are to remain in a squat position, head down, with their hands and arms covering their heads to protect themselves from flying debris. Students are not to face any windows or to leave the designated area until they receive instruction from a member of the faculty. Evacuation procedures will be posted in each room.

Earthquake Drill

Earthquake Drills will be carried out at least twice a year. The signal for an earthquake will be a series of short, long, short, long bells. Students, teachers and school personnel should take cover under desks, tables, or other furniture in a tucked position with arms and hands protecting the head. Evacuation procedures will be posted in each room.

COMMUNICABLE DISEASES

A student shall not attend classes or other school-sponsored activities, if the student (1) has or has been exposed to, an acute (short duration) or chronic (long duration) contagious or infectious disease, and (2) is liable to transmit the contagious or infectious disease, unless the Board of Education or its designee has determined, based upon medical evidence, that the student:

1. No longer has the disease
2. Is not in the contagious or infectious stage of an acute disease.
3. Has a chronic infectious disease that poses little risk of transmission in the school environment with reasonable precautions.

School officials may require any child suspected of having a contagious or infectious disease to be examined by a physician and may exclude the child from school, in accordance with the procedures authorized by this policy, so long as there is a substantial risk of transmission of the disease in the school environment.

A student who has a chronic infectious disease, and who is permitted to attend school, may be required to do so under specified conditions. Failure to adhere to the conditions will result in the student being excluded from school. A student who has a chronic infectious disease and who is not permitted to attend school or participate in school activities will be provided instruction in an alternative educational setting in accordance with District policy.

Students with acute or chronic contagious or infectious diseases and their families have a right to privacy and confidentiality. Only staff members who have a medical reason to know the identity and condition of such students will be informed. Willful or negligent disclosure of confidential information about a student's medical condition by staff members will be cause for disciplinary action.

The District will implement reporting and disease outbreak control measures in accordance with the provisions of Missouri Department of Health publication PACH-16, "Prevention and Control of Communicable Diseases: A Guide for School Administrators, Nurses, Teachers and Day Care Operators", a copy of which shall be on file in the office of the Supervisor of Health Services and in the office of school nurse.

PHYSICAL EXAMINATIONS

The Board of Education may require any student to be examined by a physician for the purpose of determining whether the student is afflicted with a contagious or infectious disease or have the liability of transmitting the disease.

The Board may also require certification from a physician indicating a student's fitness to participate in specific educational programs or extra-class activities.

Refusal on the part of parent/guardian to obtain the required examination and to submit the certification indicating freedom from contagious or infectious disease may result in student exclusion from school.

Students may be excused from engaging in required educational activities upon proper certification from a physician advising of student disability.

All costs of physical or other examinations shall be at the expense of students unless State or Federal law specifically mandates the examination to be the responsibility of the school.

SCHOOL NURSE

The Role of the School Nurse

- Health and safety needs of the students while ensuring the least amount of missed class time.
- Ensure confidentiality.

- Give any medication over-the-counter or prescription without written parent permission &/or Doctor signed form.

Concerns for Green City R-I Schools

- All forms & health-related referrals not completed. This can result in jeopardizing the School Health Contract that helps to fund the School Health Program. Parental involvement and co-operation is vital.
- Students coming to school that are too sick to complete school activities.
- Older students calling parent to come and get them when they aren't feeling well without permission. This results in non-excused absences.
- Students bringing prescription and non-prescription medications from home to be delivered to the school nurse.

PLEASE SEE MEDICATION SECTION ON PAGE 2 FOR NEW CHANGES.

Health History and Emergency Release Cards & Information

- To be completed by parent/guardian and returned to the nurse on or before the first day of classes. No treatment can be given without these completed with updated information. All spaces to be completed, this information is used to meet requirements of School Health Contract and provides Emergency Information for each student. A list of students not returning form during first 2 weeks of school will be given to their principal.
- Please update phone numbers/emergency contact information to the nurse as needed throughout year.
- Notes will be given to PreK-6 grade students if given any over-the-counter medications given by mouth.

Admission to Nurse's Office and Health Assessment Given

- Except for emergencies all students must have a pass from their teacher. Type of pass will be determined by grade level.
- If a child is seen in nurse's office recurrently, he/she will only be allowed to come during lunch, recess, or PE unless we have documentation from your family doctor indicating the reason your child needs frequent absences from the classroom to see the nurse.
- Students taking regularly scheduled medications must have required documentation completed. See forms in handbook- feel free to make copies as needed.
- First Aid and emergency treatment is given for health problems arising at school. If a treatment (example: ice) is started at home and needs to be continued at school please send a note with instructions.
- If a student has a fever over 100° and/or is too ill to stay at school, parent will be called and student sent home. Students wanting to go home with no fever will usually be requested to rest in the nurse's office for further monitoring.
- Students are not to call home for parents to come & get them without going to the nurse first.
- Children are not to be sent to school if they are too ill to function at school. We realize not all illnesses need an immediate doctor visit; so please call the school nurse, Joann Anderson ,RN, and if she deems it necessary for your child to stay home, it will be an excused absence.
- If the child may have a contagious condition (Strep throat, chicken pox, pink eye, flu, ring worm, impetigo, other unknown rashes, etc.), contact the school nurse if you do not seek immediate medical attention. If your child is seen by a doctor for one of these diagnosis, they may return to school the next day, after seeing the doctor and starting treatment for this condition. However, they should not return if their temperature is above 100 or vomiting is present-again contact the school nurse and send doctor's note with the student upon returning to school.

Medication Administration

The following that parents are to understand and agree to when requesting their child be given medications at school:

- Student health information is confidential under FERPA, and school personnel, needing to know, have access to it.
 - To coordinate and work with school personnel and the physician if questions arise.
 - May cancel the request and/or retrieve the medication from the school at any time.
 - Prescription medication must be brought in the original pharmacy container with a clearly printed label to school, (ask the pharmacist to divide the med. into 2 bottles so one can be kept at school and one at home). A parent or another responsible person that is not school age MUST bring it, and deliver it to the school nurse or designated personnel.
 - When Controlled Medications are brought to school, the person delivering the medication is to count the medication with the nurse or designated personnel and both are to sign the medication count record.
 - Medication will be destroyed if it is not picked up within one week after the order ends or when school is over.
 - School nurse has parent permission to exchange verbal/ written communication between the physician and the pharmacy.
 - The first dose of any medication will not be administered at school.
 - The school and its employees will not be held responsible should the student have any type of reaction related to med. administration.
- All medications are kept in the nurse's office except for students needing to carry an inhaler or epi-pen who are in grades 7-12 with the required documentation.

Medication Delivery to the Nurse's Office

- Due to the potentially serious risk of students carrying any medication- prescription or non-prescription- Students are not to be in possession of any medications- except for emergency medications for grades 7-12 with completed documentation.
- The following steps will be taken if students are in violation:
 1. 1st Offense-Parent/Guardian notified by both nurse and principal of the medication policy. At the nurse's discretion the med. may or may not be administered. Specifically if it is a loose pill not in an original container properly marked then it is not to be administered, no dr. order and written parental consent then the med. will not be given. Meds will only be released to a parent/guardian if they need to be returned home. This will be the same in all cases.
 2. 2nd offense: Detention. Nurse and principal will again notify the parent/guardian.
 3. 3rd offense: In school suspension. Parent will be informed by nurse and principal again
 4. 4th offense: 3 day suspension

Prescription:

- Must have signed Authorization Form. Form included in Handbook.
- Must be in the most recent pharmacy container with Date, Name, Medication Name, Dosage, Health Care Provider's Name, and administration Instructions.
- Short-Term Meds - Only doses needed at school in original container. Pharmacy label & a written request from parent will usually do (per nurse's discretion) in place of the signed Authorization Form from the Dr.
- If pills need to be split, **to be completed by the pharmacist, this is critical to ensure proper dosage.**
- Medications taken 1-3 times a day- need to be given outside of school hours unless the Dr. **specifies a time** that it must be given between 8:00-3:15. This will help ensure that student's don't miss doses if left at school overnight and will be more convenient for parents since students are not allowed to be in possession of medications.

Non-Prescription (Over-the-Counter-OTC)

- Only FDA approved Over-The-Counter meds will be given.
- Must have signed permission on back of Health History form with medications to be given indicated on list.
- Will be given as needed according to the printed label directions.
- If student requires OTC meds. not available in nurse's office (except cough drops) - written parental permission with date, name, medication, dosage, time to be given, time of most recent dose at home, & reason it is to be given at school is required. In original, previously unopened container with pre-printed directions & expiration date.
- Cough Drops are not provided. Students may have them if:
 1. Parents bring them to be kept in nurse's office. And mark the permission form for them to be given as needed.
 2. If a student has a severe enough cough to require cough drops long term; the nurse may call the parent to discuss the need for the child to be evaluated by the Dr. to ensure there isn't a more serious underlying cause.

Students below fourth grade strongly discouraged from using cough drops due to choking risk.
- Allergy/Cold/Cough meds. not provided. Benadryl is used only for an allergic reaction.

Health Screenings

- State-recommended screenings for specific grade levels. Parents may call the school nurse for specific screenings for their child's grade level.
- Notify nurse in writing by September 15, 2010 if student not to be screened-this is required annually.

Immunization Requirements

- Requirements from Missouri Department of Health for Preschool and Kindergarten – 12th Grades have been **changed** as follows.

Daycare, Preschool, Nursery School Children

Effective July 1,2010 the following new requirements will be implemented:

- Age appropriate pneumococcal conjugate (PCV) for children attending day care, preschool or nursery schools caring for ten or more children.
- For all children who have had varicella (chicken pox) disease, a licensed doctor of medicine (MD) or doctor of osteopathy (DO) may sign & place on with the child care facility a written statement documenting the month & year of previous disease as satisfactory evidence of having had the disease. Parental/guardian statements of disease will no longer be acceptable beginning July 1, 2010.

School Children

- Second dose of varicella (chicken pox) for all children entering kindergarten.
If the Kindergarten child has had varicella (chicken pox) disease, it must be verified as above. This rule change applies to children entering kindergarten and thereafter. For children enrolled in grades one (1) through five (5), only one dose of varicella is required.
- Tdap (tetanus, diphtheria, and pertussis) vaccine will be required for all incoming eighth (8th) grade students if the child has not received a Td booster within the past two (2) years.
For children enrolled in 9 through 12 who have not received a single dose of Td, it is highly recommended they receive a single dose of Tdap as their catch-up booster instead of Td or receive one dose of Tdap two years after the last Td dose.

Elementary Students/Extra Clothes

- An extra set of clothes need to be kept in the student's classroom.
- The only extra clothes available at school are underwear and socks.

Head Lice

- Missouri Dept. of Health, National Association of School Nurses, & American Academy of Pediatrics- DO NOT support exclusion of otherwise healthy students from school that have signs and symptoms (s/s abbreviation for signs & symptoms) of head lice.
- Over-Treatment with chemical based shampoo is occurring and can be harmful to children.
- If a student is found to have s/s of head lice while at school, parent will be contacted and given the option to come and get the child. Siblings will be checked.
- Studies show that a child with active case of head lice has likely had it for a month or more.
- Confidentiality is extremely important to avoid embarrassment of the child.
- Instructions will be given to parents as needed for treatment to be used that night as this is in the best interest of the child.
- Parents are asked to call the school nurse the morning of the next school day to help ensure follow-up, proper treatment, and assistance with problem solving.
- If follow-up call **not** completed and/or the child has another occurrence within the next month, or the child has a severe infestation it may be determined the child be excluded from classes without a note from the doctor or health department that confirms no s/s lice remain.
- Due to lack of evidence that mass screenings help with control of head lice, these will be limited to the discretion of nurse and administration.
- Primarily parents responsibility to check children weekly for s/s and initiate appropriate treatment. Avoid over treatment by consulting Doctor or health department for accurate diagnosis.
- An informative and scientific-based website on the topic of Head Lice can be accessed at <http://www.hsph.harvard.edu/headlice.html>

The Vision Law

- A new vision law was enacted in the 2008-2009 school year. Missouri law requires Green City R-1 to obtain proof that every student enrolling in kindergarten or first grade has received one (1) comprehensive vision examination performed by a state-licensed optometrist or physician. Proof must be submitted to the district no later than January 1 of the year the student is first enrolled in the district. The law allows for the parents to opt-out if that is the parent(s) wishes. Please ask for an opt-out form if you would like one.
- As of now, the Lions Research Foundation provides a comprehensive eye examination free of charge for students in the following: PK, Kindergarten, First and Third grades.

Students with Special Health Care Concerns

- Students with Special Health Care Concerns- Example- Life threatening allergies, Asthma, Seizures, etc- must have a signed written emergency action plan at the beginning of each school year to provide specific orders from the dr. to follow in the event that the child has a medical emergency at school.

- Parents are asked to complete specific documentation for each school year.
- It is in the child's best interest and safety to provide the above documentation and any required medication(s) &/or supplies on or before that first day of school.
- If the above documentation and any required medication(s) &/or supplies is not received by the school nurse within 2 weeks of the start of school- the parent will be contacted about this concern by the principal. Depending on the severity of the Special Health Care Concern- other consequences may result.
- Forms for Documentation will be mailed to parents in the summer for completion before school starts. It is in the planning stages that these and other health related forms will be available in the future on the school website.

I encourage you to keep this information and refer to it as needed. Also always know that your phone calls and visits are welcome to my office. My e-mail address is janderson@greencity.k12.mo.us , you may also contact me that way. I look forward to another successful year as we work together to promote our student's/your child's best educational outcome.

MISCELLANEOUS MATTERS

A+ Citizenship Requirements

Student's eligibility for the A+ School Financial Incentives is based on their ability to maintain a 2.5 GPA, 95% attendance, good citizenship, 50 hours of unpaid tutoring, and beginning with the class of 2015 have achieved a score of proficient or advanced on the Algebra 1 End of Course exam. If a student does not meet the requirement of the Algebra 1 exam, he/she may establish eligibility by completing the first semester at a participating school with 12 credit hours and a 2.5 GPA. The first semester will not be reimbursed but will allow eligibility for the second semester. One of those requirements being: "a student must maintain a record of good citizenship and avoidance of the unlawful use of drugs." **The student is responsible for maintaining all of the requirements under the A+ program on a year-round basis, from the first day of school of their freshman year until their date of graduation from high school.** In an effort to set forth the parameters of good citizenship, Green City R-1 A+ participants shall understand that the following guidelines will be followed in establishing good standing.

Any student receiving a drug/alcohol related conviction or convicted of a felony will not be eligible for A+ incentives. Furthermore, other criminal convictions will be reviewed by the citizenship committee, (see final paragraph) which shall meet annually for the consideration of information on this requirement of the program.

Likewise, activities within the school setting are an important part of determining good citizenship; therefore, the citizenship committee will review in-school discipline reports looking at the severity, frequency, and circumstances in regard to students who participate in the A+ program. In addition, the committee will refer to the Citizenship Guidelines for Extra-curricular activities, which are located in the Student Handbook. Students who are found by the committee to have not demonstrated good citizenship will be notified in writing and will then have an opportunity to appeal the committee's decision through a due process appeals procedure outlined in the final paragraph of this document.

Probation within the A+ Program is used with the understanding that even the best student makes mistakes. Probation is designed to recognize this characteristic in young people; however, receiving the A+ Incentive is a privilege and should be treated as such. Students who are designated A+ should demonstrate distinctive qualities and be role models for other students; their character and ethics should meet high standards. A student will be placed on probation for one semester for the following infractions:

1. More than one academic reassignment.
2. Any referral for out-of-school suspension.

If no further disciplinary action occurs, the student will be returned to full A+ status following his/her probation. Any senior who has been placed on probation for his/her final semester of school will be considered in good standing in the A+ Program at the end of the final semester if no further misdeeds occur prior to graduation.

A student may be removed from the A+ Program under the following circumstances:

1. Within the school year, the student receives 2 or more cumulative out-of-school suspensions.
2. Within the semester while on probation, the student commits another offense that would result in another probationary action.
3. Within his/her high school career, the student receives two semesters of probation (these probations do not have to occur in consecutive semesters).
4. The student is convicted of a felony that is verifiable and is either a matter of public record or is communicated to school officials in compliance with the Safe Schools Act.
5. The student is convicted of three or more misdemeanors (other than for moving traffic violations).

Students and parents/guardians must notify the A+ Coordinators of their intent to appeal a decision that is made dealing with discipline or probation within 10 school days of the reported committee decision. The A+ Coordinator shall then convene the A+ Appeals Committee for consideration of the appeal within 10 school days of the written intent to appeal. The committee shall hear the appeal and return its decision to the student and parents/guardians within 5 school days. The student and parents/guardians may follow a course of appeal to the school board in writing within 10 school days of receiving the decision of the Appeals Committee. A final appeal to the school board would be conducted at the next regularly scheduled board meeting.

ASBESTOS PUBLIC NOTICE

DIRECTORY INFORMATION

The *Family Educational Rights and Privacy Act* (FERPA), a Federal law, requires that Green City R-1 with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, Green City R-1 may disclose appropriately designated "directory information" without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the Green City R-1 to include this type of information from your child's education records in certain school publications. Examples include:

- A playbill, showing your student's role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the *Elementary and Secondary Education Act of 1965* (ESEA) to provide military recruiters, upon request, with three directory information categories – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent.¹

If you do not want Green City R-1 to disclose directory information from your child's education records without your prior written consent, you must notify the District in writing by **September 1, 2011**. Green City R-1 has designated the following information as directory information: **[Note: an LEA may, but does not have to, include all the information listed below.]**

-Student's name
-Address

institution attended.
-Student ID number, user ID, or other unique personal identifier used to communicate in electronic systems that cannot be used to access education records without a PIN, password, etc. (A student's SSN, in whole or in part, cannot be used for this purpose.)

EARLY DISMISSALS

If schools are to be canceled due to inclement weather conditions, the superintendent will contact the area radio and television stations. Those cancellation reports will be broadcast several times between 6:00 a.m. and 7:00 a.m. Those stations are: **KIRX, KRXL, KTUF, KLTE, KRES**, and TV station **KTVO**.

EARTHQUAKE SAFETY FOR MISSOURI SCHOOLS

The New Madrid Seismic Zone Extends 120 Miles Southward from the area of Charleston, Missouri, and Cairo, Illinois, through New Madrid and Caruthersville, following Interstate 55 to Blytheville and on down to Marked Tree, Arkansas. The NMSZ consists of a series of large, ancient faults that are buried beneath thick, soft sediments. These faults cross five state lines and cross the Mississippi River in three places and the Ohio River in two places.

The New Madrid Seismic Zone and surrounding region is Active, Averaging More than 200 Measured Events per Year (Magnitude 1.0 or greater), about 20 per month. Tremors large enough to be felt (Magnitude 2.5 – 3.0) are noted every year. The fault releases a shock of 4.0 or more, capable of local minor damage, about every 18 months. Magnitudes of 5.0 or greater occur about once per decade. They can cause significant damage and be felt in several states.

The Highest Earthquake Risk in the United States outside the West Coast is in the New Madrid Seismic Zone. Damaging temblors are not as frequent as in California, but when they do occur, the destruction covers over more than 20 times the area due to the nature of geologic materials in the region. The 1968 5.5 magnitude Dale, Illinois earthquake toppled chimneys and caused damage to unreinforced masonry in the St. Louis area, more than 100 miles from the epicenter. A 5.2 magnitude earthquake in April 2008 in southeast Illinois, did not cause damage in Missouri, but was felt across much of the state.

A Damaging Earthquake in this Area, which experts say is about a 6.0 magnitude event, occurs about once every 80 years (the last one in 1895 was centered near Charleston, Missouri). There is estimated to be a 25-40% chance for a magnitude 6.0 – 7.5 or greater earthquake along the New Madrid Seismic Zone in a 50-year period according to the U.S. Geological Survey reports. The results would be serious damage to unreinforced masonry buildings and other structures from Memphis to St. Louis. We are certainly overdue for this type of earthquake!

A Major Earthquake in this Area - the Great New Madrid Earthquake of 1811-12 was actually a series of over 2000 shocks in five months, with several quakes believed to be a 7.0 Magnitude or higher. Eighteen of these rang church bells on the Eastern seaboard. The very land itself was destroyed in the Missouri Bootheel, making it unfit even for farming for many years. It was the largest release of seismic energy east of the Rocky Mountains in the history of the U.S. and was several times larger than the San Francisco quake of 1906.

When Will Another Great Earthquake the Size of Those in 1811-12 Happen? Several lines of research suggest that the catastrophic upheavals like those in 1811-12 visit the New Madrid region every 500-600 years. Hence, emergency planners, engineers, and seismologists do not expect a repeat of the intensity of the 1811-12 series for at least 100 years or more. However, even though the chance is remote, experts estimate the chances for a repeat earthquake of similar magnitude to the 1811-1812 New Madrid earthquakes over a 50-year period to be a 7 - 10% probability.

What Can We Do to Protect Ourselves? Education, planning, proper building construction, and preparedness are proven means to minimize earthquake losses, deaths, and injuries.

Prepare a Home Earthquake Plan

Choose a safe place in every room--under a sturdy table or desk or against an inside wall where nothing can fall on you.

Practice DROP, COVER AND HOLD ON at least twice a year. Drop under a sturdy desk or table, hold onto the desk or table with one hand, and protect the back of the head with the other hand. If there's no

table or desk nearby, kneel on the floor against an interior wall away from windows, bookcases, or tall furniture that could fall on you and protect the back of your head with one hand and your face with the other arm.

Choose an out-of-town family contact.

Take a first aid class from your local Red Cross chapter. Keep your training current.

Get training in how to use a fire extinguisher from your local fire department.

Inform babysitters and caregivers of your plan.

Eliminate Hazards

Consult a professional to find out additional ways you can protect your home, such as bolting the house to its foundation and other structural mitigation techniques.

Bolt bookcases, china cabinets and other tall furniture to wall studs.

Install strong latches on cupboards.

Strap the water heater to wall studs.

Prepare a Disaster Supplies Kit for Home and Car

First aid kit and essential medications.

Canned food and can opener.

At least three gallons of water per person.

Protective clothing, rainwear, and bedding or sleeping bags.

Battery-powered radio, flashlight, and extra batteries.

Special items for infant, elderly, or disabled family members.

Written instructions for how to turn off gas, electricity, and water if authorities advise you to do so.

(Remember, you'll need a professional to turn natural gas service back on.)

Keeping essentials, such as a flashlight and sturdy shoes, by your bedside.

Know What to Do When the Shaking BEGINS

DROP, COVER AND HOLD ON! Move only a few steps to a nearby safe place. Stay indoors until the shaking stops and you're sure it's safe to exit. Stay away from windows.

In a high-rise building, expect the fire alarms and sprinklers to go off during a quake.

If you are in bed, hold on and stay there, protecting your head with a pillow.

If you are outdoors, find a clear spot away from buildings, trees, and power lines. Drop to the ground.

If you are in a car, slow down and drive to a clear place (as described above). Stay in the car until the shaking stops.

Know What to Do AFTER the Shaking Stops

Check yourself for injuries. Protect yourself from further danger by putting on long pants, a long-sleeved shirt, sturdy shoes, and work gloves.

Check others for injuries. Give first aid for serious injuries.

Look for and extinguish small fires. Eliminate fire hazards. Turn off the gas if you smell gas or think it's leaking. (Remember, only a professional should turn it back on.)

Listen to the radio for instructions

Expect aftershocks. Each time you feel one, **DROP, COVER, AND HOLD ON!**

Inspect your home for damage. Get everyone out if your home is unsafe.

Use the telephone only to report life-threatening emergencies.

MODEL NOTIFICATION OF RIGHTS UNDER (FERPA FOR ELEMENTARY AND SECONDARY INSTITUTIONS

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

(1) The right to inspect and review the student's education records within 45 days of the day the School receives a request for access.

Parents or eligible students should submit to the School principal a written request that identifies the record(s) they wish to inspect. The School official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

(2) The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

Parents or eligible students who wish to ask the School to amend a record should write the School principal [or appropriate school official], clearly identify the part of the record they want changed, and specify why it should be changed. If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

(3) The right to privacy of personally identifiable information in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the School has outsourced services or functions it would otherwise use its own employees to perform (such as an attorney, auditor, medical consultant, or therapist); a parent or student serving on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the School discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer. [NOTE: FERPA requires a school district to make a reasonable attempt to notify the parent or student of the records request unless it states in its annual notification that it intends to forward records on request.]

(4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-8520

GLOBAL CONNECT

The Green City R-1 School District will be using the Global Connect system to let you know of early dismissals, snow days, and important events. This will be offered to everyone unless you contact your building secretaries to say you do not wish to be contacted.

STUDENT GROUP USE OF SCHOOL FACILITIES

Pursuant to the Equal Access Act, District secondary schools will provide an opportunity for student-initiated non-curricular groups to conduct meetings on school premises, during non-instructional time, and will not discriminate against students on the basis of the religious, political, philosophical, or other content of the speech at such meetings.

An activity is to be considered curricular if the subject matter is or will be taught in a regularly offered class; if the subject matter concerns the body of courses as a whole; if participation in the group is a requirement for a course; or if academic credit is available for participation. Extracurricular activities include activities organized and supervised under the auspices of the school. Extracurricular activities primarily involve students in activities occurring outside academic class time, for which no units of credit are awarded. Any activity, which does not meet the definition of a curricular or extracurricular activity, will be considered no curricular.

STUDENTS OF LEGAL AGE

Upon attainment of the age of eighteen (18), students will be deemed to be adults for purposes of educational records, placement and reporting.

PARTY/DANCE RULES

- 1) When students attend a school party/dance, they are expected to stay in the school building until the party is over unless given permission to leave. Once student's leave, they are not permitted to return to the party/dance unless permission has been granted.
- 2) All regular school rules apply to students and guests at school parties.
- 3) The use of tobacco, alcohol, or drugs will not be permitted within the school building, on buses, or at any other location, where a school sponsored activity is taking place. - 4) Any out-of-school guests invited by students must be registered in the high school office by noon, 2 weeks prior, to the day of the party/dance. It is the responsibility of the student to inform the guest of all applicable school rules and to ensure his/her compliance with them.
- 5) The class sponsoring the party or dance will clean up the building and be responsible for any damage done to school or equipment. School parties and dances shall be over no later than 11:00 p.m., unless by special arrangement with the school administration.
- 6) All parties/dances will be cleared through the principal's office and scheduled at least one week in advance.
- 7) The sponsor will approve all purchases in advance and the money turned into the district office by the sponsor.
- 8) The Principal/Sponsor of the party is given full authority to determine the amount of light to be used at parties/dances.

- 13) Class sponsors and an administrator will be in attendance at all dances.
- 14) Out-of School dates the age of 21 or older will not be allowed to attend a Green City R-1 Dance. Out of School dates must present identification with a picture ID and date of birth.
- 15) Any student that has been placed on suspension and has not re-entered school may not attend a Green City R-1 dance.
- 16) The ultimate discretion authority for all guests will lie within the Green City R-1 School District.

All parties & dances are subject to random Breathalyzer tests given by the administration. (All out of school dates must use the Breathalyzer)

PHONE CALLS

Students will not be called from class to answer the telephone except for important calls. Students should not expect to be allowed to leave the classroom to make calls except in emergencies. Students may not use the office telephone without permission from the secretary or the principal. High School Students are **NOT** to use the telephone in the elementary office.

PROM/AFTER PROM ACTIVITIES POLICY

The junior policy includes failure to participate in any fundraising activity: once—reprimand; twice—no prom.

If the student does not wish to participate in fundraising activities, they may sign a release form excluding them from any further duties. This, in turn, releases them from any benefits to be received.

No money that was earned as part of a class activity will be refunded.

Students entering in their senior year would be required to pay an amount to be determined by sponsors and administration. Adopted by Green City R-1 Board of Education 8-11-94

Prom is a privilege and not a right. Students may lose attendance privileges by missing Saturday detention, disciplinary consequences and not meeting attendance requirements.

Chaperones who would like to help at prom must follow the school volunteer policy. Otherwise, parents and community members will not be allowed at prom.

A Breathalyzer will be used at the discretion of the administration at prom.

AFTER PROM ACTIVITIES

The school does not organize Parent group after prom activities. Therefore the school is not responsible for the activity or transportation laws that go to restricted licenses.

PUBLIC NOTICE

All responsible public agencies are required to locate, evaluate, and identify children with disabilities who are under the jurisdiction of the agency, regardless of the severity of the disability, including children attending private schools, highly mobile children, such as migrant and homeless children, and children who are suspected of having a disability and in need of special education even though they are advancing from grade to grade. The Green City R-1 School District assures that it will provide a free, appropriate public education (FAPE) to all eligible children with disabilities between the ages of 3 and 21 under its jurisdiction. Disabilities include autism, deaf/blindness, emotional disorders, hearing impairment and deafness, mental retardation, multiple disabilities, orthopedic impairment, traumatic brain injury, visual impairment/blindness and young child with a developmental delay.

The Green City R-1 School District assures that it will provide information and referral services necessary to assist the State in the implementation of early intervention services for infants and toddlers eligible for the Missouri First Steps program.

The Green City R-1 School District assures that personally identifiable information collected, used, or maintained by the agency for the purposes of identification, evaluation, evaluation, placement or provision of FAPE of children with disabilities may be inspected and/or reviewed by their parents/guardians. Parents/guardian may request amendment to the educational record if the parent/guardian believes the record is inaccurate, misleading, or violates the privacy or other rights of their child. Parents have the right to file complaints with the U.S. Department of Education or the Missouri Department of Elementary and Secondary Education concerning alleged failures by the district to meet the requirements of the Family Educational Rights and Privacy Act (FERPA).

The Green City R-1 School District has developed a Local Compliance Plan for the implementation of State Regulations for the Individuals with Disabilities Education Act (IDEA). This plan contains the agency's policies and procedures regarding storage, disclosure to third parties, retention and destruction of personally identifiable information and the agency's assurances that services are provided in compliance with the General Education Provision Act (GEPA). This plan may be reviewed in the office during school hours. Arrangements to view the plan may be made by contacting Donnie Campbell.

INFORMATION REGARDING SECTION 504 OF THE REHABILITATION ACT OF 1973

Section 504 is an Act, which prohibits discrimination against persons with a handicap in any program receiving Federal financial assistance. The Act defines a person with a handicap as anyone who:

- 1) Has a mental or physical impairment which substantially limits one or more major life activities (major life activities include activities such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning and working)
- 2) Has a record of such an impairment
- 3) Is regarded as having such an impairment

In order to fulfill its obligation under Section 504, the Green City R-1 school district recognizes a responsibility to avoid discrimination in policies and practices regarding its personnel and students. No discrimination against any person with a handicap will knowingly be permitted in any of the programs and practices in the school system.

The school district has specific responsibilities under the Act, which include the responsibility to identify, evaluate, and if the child is determined to be eligible under Section 504, to afford access to appropriate educational services.

If the parent or guardian disagrees with the determination made by the professional staff of the school district, he/she has a right to a hearing with an impartial hearing officer.

The Family Educational Rights and Privacy Act (FERPA) also specifies rights related to educational records. This Act gives the parent or guardian the right to: 1) inspect and review his/her child's educational records; 2) make copies of these records; 3) receive a list of all individuals having access to those records; 4) ask for an explanation of any item in the records; 5) ask for an amendment to any report on the grounds that it is inaccurate, misleading, or violates the child's rights; and 6) a hearing on the issue if the school refuses to make the amendment.

If there are questions, please feel free to contact Laura Olmstead or Ann Gray, 504 coordinators for the school district, at (660) 874-4127.

NCLB COMPLAINT PROCEDURES

The Federal No Child Left Behind Act of 2001 (NCLB), Title IX Part C. Sec. 9304(a)(3)(C) requires the Missouri Department of Elementary & Secondary Education (DESE) to adopt procedures for resolving complaints regarding operations of programs authorized under the Act, including Title I, Title II, Title III, Title IV (Part A), Title V, Title VI, and Title VII and Title IX, part C.

Who May File a Complaint

Any local education agency (LEA), consortium of LEAs, organization, parent, teacher, or member of the public may file a complaint.

Definition of a Complaint

There are both formal and informal complaint procedures.

A formal complaint must be a written, signed statement that includes:

1. an allegation that a federal statute or regulation applicable to the state educational agency (SEA) or a local education agency (LEA) program has been violated,
2. facts, including documentary evidence that supports the allegation, and
3. the specific requirement, statute, or regulation being violated.

Alternatives for Filing Complaints

It is federal and state intent that complaints are resolved at a level nearest the LEA as possible. As described below, formal complaints filed with the SEA will be forwarded to the appropriate LEA for investigation and resolution. Informal complaints made to the SEA will be subject of an initial investigation by the SEA, but will be forwarded to the LEA if a formal complaint evolves. Precise processes in both instances are described below.

Informal and Formal Complaints Received by the Local Education Agency

Informal and formal complaints filed with the LEA concerning NCLB program operations in that LEA are to be investigated and resolved by the LEA according to locally developed procedures, when at all possible.

Such procedures will provide for:

1. disseminating procedures to the LEA school board,
2. central filing of procedures within the district,
3. addressing informal complaints in a prompt and courteous manner,
4. notifying the SEA within 15 days of receipt of written complaints,
5. timely investigating and processing of complaints within 30 days, with an additional 30 days if exceptional conditions exist,
6. disseminating complaint findings and resolutions to all parties to the complaint and the LEA school board. Such findings and resolutions also shall be available to parents, teachers and other members of the general public, provided by the LEA, free of charge, if requested, and
7. appealing to the Missouri Department of Elementary & Secondary Education within 15 days

Appeals to the Missouri Department of Elementary & Secondary Education will be processed according to the procedures outlined in sections below.

Informal Complaints Received by the SEA Office

Informal complaints (i.e., verbal and/or anonymous) to the SEA by individuals (who may ask not to be identified to the LEA) concerning program operations in an LEA will be investigated by the SEA, according to procedures deemed most appropriate by the SEA, within 10 days of receipt of the complaint. Findings of this investigation shall be reported to the complainant within 10 additional days. In the event that the complainant requests further investigation or a hearing, the complainant must file a signed written complaint. This formal complaint will be processed according to procedures outlined in sections below.

Formal Complaints Initially Received by the SEA Office

1. Record. Upon receipt of a written complaint, a record of the source and nature of the complaint, including the applicable program involved in the complaint, statute violated and facts on which the complaint is based, will be initiated.
2. Notification of LEA. Within 15 days of receipt of the complaint, a written communication will notify the district superintendent and the district NCLB coordinator of the complaint filed with the SEA. Upon receipt of the communication, the LEA will initiate its complaint procedures as set forth above. If the complaint is that an LEA is not providing equitable services to private school children, it also will be filed with the U.S. Secretary of Education.
3. Report by LEA. Within 20 days of receipt of the complaint, the LEA will advise the SEA of the status of the complaint resolution proceedings and, at the end of 30 days, will submit a written summary of the LEA investigation and complaint resolution. This report is considered public record and may be made available to parents, teachers, and other members of the general public. A copy of this procedure also will be filed with the U.S. Secretary of Education, if it involves equity of services to private school children.
4. Verification. Within ten days of receipt of the written summary of a complaint resolution, the DESE office will verify the resolution of the complaint through an on-site visit, letter or telephone call(s). Verification will

include direct contact with the complainant. If the complaint is about equity of services to private school children, the U.S. Secretary of Education shall also be given copies of all related communications.

Appeals

Appeal to the SEA

1. Record. Upon receipt of a written appeal to a complaint unresolved at the LEA level, a record of the source and nature of the complaint, including the applicable program involved in the complaint, statute violated and facts on which the complaint is based, will be initiated.
2. Investigation. The SEA will initiate an investigation within 10 days, which will be concluded within 30 days from receipt of the appeal. Such investigation may include a site visit if the SEA determines that an on-site investigation is necessary. By stipulation of all concerned, this investigation may be continued beyond the 30-day limit.
3. Hearing. If required by the SEA, or formally requested by parties to the complaint, this investigation will include an evidentiary hearing(s) before an SEA Division Director acting as chairperson and designated staff personnel. Conduct of such hearings will follow the procedures outlined in state rules. The hearing proceedings shall be tape recorded and the recording preserved for preparation of any transcript required on appeal. **Rev. 9/6/07**

STANDARD COMPLAINT RESOLUTION PROCEDURES FOR IMPROVING AMERICA'S SCHOOLS ACT PROGRAMS

This complaint resolution procedure applies to all programs administered by the Department of Elementary and Secondary Education under the Goals 2000: Educate America Act and the Improving America Schools Act (IASA).

A complaint is a formal allegation that a specific federal or state law or regulation has been violated, misapplied, or misinterpreted by school district personnel or by Department of Education personnel.

Any parent or guardian, surrogate parent, teacher, administrator, school board member, or other person directly involved with an activity, program, or project operated under the general supervision of the Department may file a complaint. Such a complain must be in writing and signed; it will provide specific details of the situation and indicate the law or regulation that is allegedly being violated, misapplied, or misinterpreted. The written, signed complain must be filed and the resolution pursued in accordance with local district policy.

Title Grievance Procedure – Regulation 1621

Any parent, other individual, or organization alleging a violation of state or federal laws, rules, or regulations or an approved application by the District in the administration of Title I shall file with the Superintendent a written complaint containing the specific nature of the alleged violation, the time and place of the violation, and related details for the alleged violation. The Superintendent of Schools shall cause a review of the written complaint to be conducted and a written response mailed to the complainant within ten (10) working days after receipt of the written complaint. A copy of the written complaint and the Superintendents' response shall be provided each member of the Board. If complainant is not satisfied with such response, he or she may submit a written appeal to the board indicating with particularity the nature of disagreement with the response and his/her reasons underlying such disagreement.

The Board shall consider the appeal at its regularly scheduled board meeting following receipt of the response. The Board shall permit the complainant to address the Board in public or closed session, as appropriate and lawful, concerning his/her complaint and shall provide the complainant with its written decision in the matter as expeditiously as possible following completion of the hearing.

If the complainant is dissatisfied with the action taken by the Board of Education, a written notice stating the reasons for dissatisfaction shall be filed within fifteen (15) working days following resolution of the complaint by the Board with the state director of Title I. The state director of Title I will initiate an investigation; determine the facts relating to the complaint and issue notice of his findings to the Board and the complainant. If the findings support actions taken by the Board of Education, the Board's action will stand.

For complaints concerning any federal programs please contact:

Ann Gray
301 North East Street
Green City, MO 63545
(660) 874-4126 Fax (660) 874-4515

If the issue cannot be resolved at the local level, the complainant may file a complaint with the Missouri Department of Education. If there is no evidence that the parties have attempted in good faith to resolve the complaint at the local level, the Department may require the parties to do so and may provide technical assistance to facilitate such resolution.

Any persons directly affected by the actions of the Department may file a similarly written complaint if they believe state or federal laws or regulations have been violated, misapplied, or misinterpreted by the Department itself.

Anyone wishing more information about this procedure or how complaints are resolved may contact local district or Department personnel.

SCHOOL FEES

1. Students may be required to pay for material used for **personal projects** in art, shop and vocational agriculture classes. The instructor will notify students when this is necessary.
2. Students will be assessed the cost price of all school items lost, broken or damaged. Payment of all such assessments must be made before any credit will be allowed for work completed.
3. The purchase of a school yearbook is optional.

SOLICITATION

There shall be no solicitation except for approved school-related activities, sanctioned by the Principal and Superintendent.

STUDENT PUBLICATIONS

The Board of Education encourages student production and distribution of publications, which can provide opportunities for practical journalistic experience and for the written expression of differing opinions. The Board of Education recognizes that freedom of speech and press bring corresponding responsibilities, therefore, in its inherent authority based on Missouri Public School Law, it designates the school principal as the Board's representative. The principal, through appointment of a faculty advisor, shall provide guidance to students in appropriate methods for preparing and producing publications.

The building principal/designee may delay or stop distribution of any materials proposed for printing or that have been printed which may be reasonably forecast to cause substantial and material disruption or obstruction of any lawful mission, process, or function of the school.

SURVEILLANCE CAMERAS

The Green City R-1 School district does have surveillance cameras filming at all times on the Green City R-1 school building, grounds, and busses. Our goal is not to catch students doing something wrong, but to prevent an incident from occurring. SCHOOL VISITORS

The Board of Education encourages parents and other citizens to visit the Green City R-1 School and believes that there are many potential benefits which can result from increased interaction with the public. At the same time, the Board has a legitimate interest in avoiding disruption to the educational process, protecting the safety and welfare of the students and staff, and to protect the district's facilities and equipment from misuse or vandalism. A balance must be achieved between the potential benefits and risks associated with the presence of visitors in our school buildings. Achieving the desired balance will lead to increased parent involvement, a better understanding of how the school district operates and the challenges facing the school district, and an increased sense

of collaboration and cooperation between the community and the schools. Limitations may be placed on visitors to avoid disruption to school operations and to prevent visitors from receiving a distorted view of those operations. The administration shall have the authority to determine which visits are to be permitted as well as the discretion to set any appropriate conditions on the nature and extent of such visits. In exercising their discretion, the administration shall consider the purpose of the visit, the impact of the visitor's presence and the relationship of any visitor to the students. Appropriate administrative rules shall be developed to provide guidance for school personnel so that worthwhile experiences may be provided for those persons who enter onto school premises as visitors. School personnel shall seek to assure that parents and other visitors are courteously received and that sincere efforts are made to provide them with information as may be needed to foster a cooperative relationship between home, school and community.

1. A visitor is defined as any person seeking to enter a school building who is not an employee of the school district or a student currently enrolled in that building.

3. Whenever possible, visitors should obtain authorization from the principal in advance. At the discretion of the principal, such prior authorization may be required.
4. Visits will be prohibited at certain times such as the first and last weeks of school, immediately before or after vacations or other breaks and while standardized testing or other student assessments are being conducted.

VOLUNTEER POLICY

It is the intent of the Green City R-1 School District to foster, support, and encourage volunteer activities throughout School District programs. Volunteers can promote community involvement in schools while at the same time providing significant services to students, employees, and school programs by supplementing, but not substituting for the work of employees.

Typical volunteer opportunities include clerical work, assisting employees with assigned instructional and co-curricular programs, and helping with the supervision of students, either working directly with school personnel or independently, which requires a background check.

It also is the intent of the School District to take appropriate measures to help ensure protection of the students, the School District, and volunteers from safety and liability concerns that could arise as a result of volunteer efforts.

The requirements and responsibilities of school volunteers as well as the expectations and responsibilities of the School District are to follow the Green City R-1 handbook and board policies. Volunteers are not to discipline students. Discipline is solely the responsibility of the teacher. The teacher is the professional whose responsibility it is to plan the course of study and see that it is implemented. The volunteer always works under the direction of the teacher to HELP, not replace, the teacher.

People interested in becoming a volunteer should contact the school. All volunteers must fill out a volunteer form which can be obtained from the sponsor/coach or building level administrator.
