Students in Foster Care

The District is committed to ensuring and facilitating the proper educational placement, enrollment in school and checkout from school for foster children.

In order to facilitate this process and to serve as the educational liaison for District foster children, the District will designate Building-level Principals to oversee and assess the District's foster care program.

The Board recognizes students in foster care experience mobility in and out of the foster care system and from one home placement to another that may disrupt their education, and which may create barriers to academic success and on-time graduation. The District, in collaboration with state and local agencies, to minimize or eliminate educational barriers for students in foster care, particularly in enrollment, transfer of student records, and transportation to their school of origin, where appropriate. For purposes of this policy, "school of origin" is the school in which the student is enrolled at the time of placement in foster care. The District will, to the largest extent possible, ensure that a child in foster care enrolls or remains in his or her school of origin, unless a determination is made that remaining in the student's school of origin is not in the student's best interest.

In determining the student's best interest for purposes of this policy, the following factors will be considered:

1. Preference of the student;
2. Preference of the student's parent or educational decision making;
3. The student's attachment to the school, relationships with staff and peers;
4. Placement of the student's siblings;
5. Influence of the school climate on the student, including safety;
6. Availability and quality of the services in the school in meeting the student's educational and socioemotional needs;
7. History of school transfers and their impact;
8. Impact of the length of commute;
9. Whether the student has a disability under the IDEA or Section 504;
10. Whether student is an EL student receiving language services.

A foster care child whose home placement is changed may remain enrolled and attend their school of origin, or return to a previously attended school in an adjacent district. The District will accept for credit full or partial course work satisfactorily completed by a foster child while attending a public school, nonpublic school or non-sectarian school in compliance with District policies, regulations and practices.

If a child in foster care is absent from school due to a decision to change the placement of a pupil made by a court or child placing agency, or due to a verified court appearance or related court-ordered activity, the grades and credits of the pupil will be calculated as of the day the pupil left school and no reduction in grades will occur as a result of the pupil's absence under these circumstances.

If a foster care student transfers into the District prior to or during a school year, the District will initially honor the placement of the student in educational courses and programs based on the student's prior enrollment or educational assessments; will provide comparable services to transferring foster care students with disabilities based on the student's current IEP; and will make reasonable accommodations and modifications to address the needs of a student with disabilities, subject to an existing 504 or Title II Plan in order to provide equal access to education. The District will conduct evaluations, where necessary, to ensure proper placement and services.

The District will waive specific courses required for graduation if similar course work has been satisfactorily completed at another school. Similarly, the District may waive prerequisites for placement in a District course or program based upon courses taken at a prior school. If a waiver is denied for reasonable justifications, the District will provide an alternative means of acquiring the required course work so that graduation may occur on time. If foster care students who transfer at the beginning of their senior year or during their senior year are deemed ineligible to graduate after all alternatives have been considered, the sending District and this District will ensure that a qualified student who satisfied graduation requirements of the sending school, will receive a diploma from the sending school.

Students in foster care who have completed the graduation requirements of the District while under juvenile court jurisdiction will receive a diploma in the same manner as other District students.

Transportation

Some students in foster care who are residents of the District may need transportation to remain in their school of origin when it is in their best interest. To facilitate transportation for such students, the District will collaborate with the state and/or local child welfare agencies to ensure that transportation for such students is arranged, provided, and funded. If there are additional costs incurred in providing transportation to the school of origin, the District will provide such transportation if:

- a) The local child welfare agency agrees to reimburse the District for such costs;
- b) The District elects to pay the costs; or
- c) The District and the local child welfare agency agree to share the cost.

Dispute Resolution

In the event that a caregiver or education decision-maker disputes a District decision regarding the best interest or the provision of other educationally related services for a student in foster care, the caregiver or education decision-maker may use the District's dispute resolution procedure.

During the pendency of the dispute resolution, the student shall remain in his or her school of origin in order to minimize disruptions and to reduce the number of moves between schools. Similarly, students attending their school of origin are entitled to continue to receive transportation during the appeal.

In the event of such dispute, the District will inform the educational decision-maker or parent of their right to appeal the Best Interest Determination in a language and format reasonably calculated to inform the parent/educational decision-maker of their rights. They will also be provided with the following:

1. Contact information for the District's foster care point of contact.
2. An explanation of the Best Interest Determination.
3. A step-by-step description of how to appeal the Best Interest Determination at Level I.
4. A statement advising that the student will remain in the school of origin, receiving all appropriate educational services during the pendency of the appeal.
5. Timelines for dispute resolution at each level.
6. Notice of rights to appeal to DESE if the parent/educational decision-maker is not satisfied of the level decision.

The Superintendent/designee will arrange for a personal conference with the parent/educational decision-maker, the student where appropriate, and the student's case manager or point of contact. Prior to the meeting, the Superintendent will have reviewed the documentation from the Best Interest Determination meeting. The conference will be arranged within ten (10) days of receipt of the appeal letter and will be conducted as soon as practicable.

Within five (5) days of the conference, the Superintendent/designee will inform the parent/educational decision-maker as well as other parties attending the meeting of the Superintendent/designee's decision. The State's decision will be made by a three person panel including the DESE foster care point of contact, an additional DESE representative, and a representative of the state child welfare agency. The panel will make its decision within thirty (30) days of receipt of the Level II appeal letter. The DESE foster care point of contact will send the written decision to the parent/educational decision-maker and the Superintendent. The decision will include:
