* These Board paid **benefits total \$9,094.20 for the year** in addition to the employee's salary.

Note: If the Employee's Health Insurance Premium is less than the monthly allowance, the Board contributes monthly to the employee's Health Savings Account (HSA). These funds may be used for qualified medical expenses. The HSA balance accumulates over time and stays with the employee.

The District provides teachers and non-certified staff six days of sick leave each year to be used for self and immediate family. Principals receive an additional 2 sick days per year. During the first year of employment, the District also provides five days of personal leave per year. Personal days increase as the employee stays with the District.
