We are here to help you succeed. This handbook contains information about your school and its policies. It should serve as a reference for both students and parents. Please read it and retain it as a reference. I appreciate the opportunity to work with students, parents and faculty as we begin a new school year.

Parents and patrons are always welcome to visit the school at any time. Please enter through the front doors, stop by the Superintendent's office and sign in when visiting school.

Have a wonderful school year!

ACADEMIC POLICIES AND PROCEDURES

EDUCATIONAL RECORDS

A cumulative educational record shall be maintained for each student from his entrance into school through the last date of attendance or through graduation, whichever occurs first.

Each student's educational record will include information required by state and federal statutes, regulations or agencies and shall include other information considered necessary by school officials.

The parent/guardian of students who are attending or have attended the District's schools have the right to inspect and review the educational records of their student. However, if any material or document in the education record of the student includes information on more than one student, the parent/guardian shall have the right to inspect and review only the part of such material or document that relates to their student or to be informed of the specific information regarding their student that is contained in the document or material.

The District has adopted procedures for the granting of parental requests for access to the education records of their students within a reasonable period of time, but in no case more than forty-five (45) days after the request is made.

All information contained in a student's educational record, except information designated as directory information by the District, shall be confidential and shall be directly accessible only to school officials who demonstrate a legitimate educational interest in the student's records and to parents/guardians or eligible students.

Prior to making directory information public, the District will provide notice to parents/guardians or eligible students regarding the categories or information it has designated as directory. In addition, the District will allow a reasonable period of time after such notice for the parent/guardian or eligible student to inform the District that any or all of the designated directory information should not be released without the parent's or eligible student's prior consent.

In addition, the school official or his/her assistants who are responsible for the custody of the records and those parties authorized to audit the record keeping procedures of the District may inspect the records relating to each student without the consent of the parent/guardian or eligible student.

The District will comply with the mandates of the Safe Schools Act, House Bills Nos. 1301 and 1298, regarding confidentiality of student records and disclosure of personally identifiable information.

Upon request by military recruiters or an institution of higher learning, the District will provide students' names, addresses and telephone listings. Parents will be notified annually of their right to individually request that such information not be released without prior parental consent. Military recruiters will be provided the same access to students as is given to institutions of higher learning

EQUAL EDUCATIONAL OPPORTUNITY

It is the policy of the Board of Education to provide a free and appropriate education for students with disabilities. Students with disabilities are those who, because of certain atypical characteristics, have been identified by professionally qualified personnel as requiring special educational planning and services. Students with disabilities will be identified on the basis of physical, health, sensory, and/or emotional handicaps, behavioral problems or observable exceptionalities in mental ability. It is possible that a student may have more than one type of disability.

The District's programs and services available to meet the needs of these students will be in accordance with The Individuals with Disabilities Education Act, The Education for All Handicapped Students Act of 1975, The Rehabilitation Act of 1973, Section 504, and SS 162.670 - .995 RSMo. Missouri Special

Education Services. In addition, the identification of students with disabilities and the services provided by the District will be in accordance with the regulations and guidelines of the Missouri Department of Elementary and Secondary Education's Current Plan for Part B of The Education of the Handicapped Act, as amended.

INCOMPLETE GRADES

Incomplete grades may be given for a quarter's work. Teachers should set a time that such work must be made up by a student receiving an incomplete grade. The student should be told that the work must be completed by the designated date. If the student fails to complete the necessary work to change the incomplete grade by the designated date the incomplete will be changed to an "F" grade on the grade-reporting sheet the next grading period. Incomplete grades will not be granted for semester work. An incomplete grade for a semester's work will automatically become an "F". A suggested make up period might be one day for each day missed up to 5 days.

LATE WORK

It will be the discretion of each teacher to develop a policy of how they will accept late class work and the amount of credit earned.

MAKE-UP WORK

Students who are absent for any reason will be required to make up work missed in each class, within a reasonable length of time, usually one day for each day's absence. **It is the student's responsibility to obtain all make up work from his/her teachers immediately upon return to school.** Failure to obtain make up work is **no** excuse for not doing work missed.

PHYSICAL EDUCATION CLASS

Students will furnish their own gym clothes, tennis shoes and towels for physical education. Students must dress for P.E. classes, as proper dress is an integral part of their grade. Shoes worn on the new gym floor may not be worn outside of the school.

PROGRESS REPORTS

Progress reports are sent home at the end of the fifth week of each quarter for all classes.

RECORDS REVIEW

Within forty-eight (48) hours of enrolling a new student, the Superintendent/designee will request copies of the new student's transfer and discipline records from all schools in which the new student attended at any time within a twelve (12) month period preceding enrollment in the District. In addition, parents/guardians of students new to the District will be required to complete and sign "Prior Discipline Record" form informing the District concerning suspension or expulsion incurred at schools previously attended.

A legal guardian may allow significant others to view a student's record. If a parent wishes to do this, they must notify the high school principal in writing.

REPORT CARDS

The grades earned by students will be represented by A, A-, B+, B, B-, C+, C, C-, D+, D, D- and F. The Board of Education has adopted the following standardized grading system:

A = **4.0** 95% - 100% C = **2.0** 73% - 76%

A- = 3.7	90% - 94%	C- = 1.7	70% - 72%
B+ = 3.3	87% - 89%	D+ = 1.3	67% - 69%
B = 3.0	83% - 86%	D = 1.0	63% - 66%
B- = 2.7	80% - 82%	D- = 0.7	60% - 62%
C+ = 2.3	77% - 79%	F = 0	59% and below

(Normally grade cards will be issued one week after the close of a quarter or semester.)

RETENTION

Students in the 7th and 8th grade that fail four (4) semesters of core area classes, (Language Arts, Social Studies, Math, Science) will be retained in the present grade level.

SEMESTER FINALS

At the end of each semester, each course will administer a semester final in their classes. ALL STUDENTS ARE REQUIRED TO TAKE THE FINALS. It is the student's responsibility to take the semester final ahead of time if they know that they will be absent. THE SEMESTER TEST WILL COUNT AS 10% OF EACH STUDENTS SEMESTER GRADE.

School Recognition:

Renaissance will provide the following:

- Snacks for EOC/MAP testing

TESTS

For tests of major importance (unit, semester, etc.) teachers must give at least a two day written or verbal notice prior to the test. If a student is absent the day of the notice, the teacher must personally notify the student of the test day. Pop quizzes may be given at any time, upon the discretion of the teacher. A teacher does not have to give notice of such quizzes.

TRANSFER STUDENTS

All students entering the District from other educational settings are required to submit evidence of their achievement in the last grade attended. Grade placement of a student may be adjusted on the basis of examination of the student's previous record, achievement tests administered, or other factors, which the principal and staff believe are appropriate under the circumstances. A transcript of all entering secondary school students is required before enrollment can be completed.

Students who have not successfully attended a public/parochial school 9 weeks prior to their enrollment at Green City R-1 School District will not be allowed to earn credit for the semester.

A homeschooled student must provide evidence of their educational progress and attendance. Homeschooled students are also required to take an entrance exam for placement and credit purposes.

ATTENDANCE PROCEDURES

Regular school attendance is required by Missouri Law and is essential to the academic performance of each student. Although students who have been absent can make up written exercises and tests, no effective method exists to compensate for missed lectures, classroom discussions, teacher assistance, teacher explanation and or student performances as required in such classes as band, physical education, etc. This policy is not established for punitive purposes but to promote regular class attendance, to maximize each student's opportunity to receive the full benefits of the education offered by the Green City R-1 School District, and to encourage students to assume responsibility for their conduct.

Any student that misses a class **eight (8)** or more days in a semester will not earn credit per class. Students and parents are encouraged to have a note from a doctor's office if the student is absent due to injury or illness. The note must include specific restrictions and/or medical conditions.

Responsibility for making up work lies entirely with the students. It is the student's responsibility to obtain the make-up assignments and complete the work promptly. For one day's absence, make-up work must be completed by the next class meeting. If more than one day is missed per class, the student should visit with the teachers to establish the due dates for assignments.

Pre-arranged absence - If a student knows in advance of an upcoming absence, a pre-absence approval form must be obtained from the office and completed prior to the absence.

Vo-Tech attendance - If a student misses 5 days of VoTech within a semester, they will be required to serve a before or after school detention. Subsequent absences will result in additional detentions. An excessive amount of absences will result in removal from the Vo-Tech program. This decision will be made by a team consisting of a VoTech Instructor, the HS Counselor, the High School Principal, and Superintendent.

ATTENDANCE APPEALS PROCESS

Parents will be notified when a student has five (5) absences in a class period within a semester and again when the student accumulates **eight (8)** absences. Credit will be automatically denied in any one class once the student accumulates **eight (8) or more** absences. **Students may attend an Early-Out Detention one (1) time per semester to make-up one (1) day/class period.**

Upon a student's **9th and/or 10th absence** parents will be notified, **and** the student may appeal their loss of credit in writing to the **High School Principal**. The High School Principal shall review the reasons for absences and make a decision on the outcome. The documentation and specific reasons for the student's absences will be the compelling factor in the decision. Based on the **documentation provided**, three outcomes are possible:

- Student may be awarded the opportunity to make up seat time in order to be awarded credit. This seat time will be made up outside of the regular school day on a timeline provided by the school district. (Seat time will not be allowed to be made up prior to an attendance violation.)
- Student may not be awarded credit.
- Student may be awarded credit and excused from making up seat time.

Parents will be notified when a student is absent **beyond ten (10) days** in one class period per semester **and** the student may appeal their loss of credit in writing to the **Superintendent**. Students will have ten (10) days to appeal in writing from the date the parent(s) was notified. The student may appeal in writing to

the Board of Education after the Superintendent's decision. Students will have ten (10) days to do so after the Superintendent's decision.

Students that have not met the attendance requirements may not be allowed to attend prom.

COLLEGE VISITS

Seniors are allowed to miss three (3) days per year to visit a college. Juniors are allowed two (2) days per year to miss school and visit a college. These days must be set-up in advance, and students must complete a Pre-Arranged College Visit form. This form must be submitted to the Guidance Counselor or the High School Principal **in advance of the college visit**. A signed agenda from the college or university must also be turned in to the office once you return. All college visits must be taken by the last school day in February. **Note: College visit days are counted toward total absences for A+ Attendance requirements.**

COMPULSORY ATTENDANCE AGES

The Board of Education shall abide by the compulsory attendance laws of the state by requiring District resident students between the ages of seven and seventeen years to attend school full time, with the exception of those students who may be excused from full-time attendance by the Superintendent. Individual petitions for any deviation from full-time attendance shall be considered by the Superintendent on the merits of the individual student's application and in compliance with state law and regulations.

Any student age seventeen years or older who drops out of school for any reason other than to attend another school, college or university, or to enlist in the armed services, shall be reported to the state literacy hotline office by the School District.

PART-TIME ATTENDANCE

Resident students may attend District schools on a part-time basis as provided by state law and regulations 2320 of the Board of Education.

The District recognizes the need for some students to attend school on a part-time basis. The Board has established the following regulations regarding part-time attendance. It is the intent of this regulation to meet the individual needs of each student and at the same time establish rules and regulations, which will preserve the discipline, health, and academic standards of the school.

Eligibility Requirements

1. The student must have parent/guardian approval if under 18 years of age.
2. The student must demonstrate a definite need to attend school on a part-time basis. Examples are: a) financial needs of student or family, b) health problems of self or family, c) vocational training in school or on the job, d) enrollment in a school of higher education, and e) unique curriculum offerings.

Application Procedure

The student must secure an appointment with the guidance counselor or school principal prior to classification as a part-time student. The student must complete a part-time attendance request form at the conference. Before any decision is given concerning the request, a conference must be held with the student's parent/guardian if the student is under 18 years of age. All applications and conferences must be completed during the time preceding the semester in which the student is to be enrolled on a part-time basis.

After an application has been submitted, the principal shall rule on the request and report to the Superintendent the names of all students who are to be enrolled on a part-time basis. This same report shall be transmitted to the Board of Education. In the event the principal denies the request, the student may appeal to the Superintendent who must respond in a reasonable time. If the student is not satisfied

with the decision of the Superintendent, an appeal may be made to the Board of Education with the appeal to be heard at the next meeting of the Board.

The student must renew the request for part-time attendance status each semester. Parental conference will not be required for renewal; however, the parent/guardian will be notified of the student's continued part-time enrollment status.

Part-time students are governed by the same rules and regulations that apply to regularly enrolled students.

Conditions

Students are only eligible for part-time status during their senior year. Part-time students are not eligible to be the Valedictorian or Salutatorian; and not eligible for extracurricular activities, including athletics or club membership.

PRESENCE AT SCHOOL

Pupils shall not be allowed to assemble on school grounds at an unreasonable hour before or after school is in session except in conjunction with school functions. Students who are on school grounds due to school activities must be under the supervision of school personnel at all times. Students are not to be in the building before the 7:45 a.m. bell. Those entering school early must go to the gym unless with teacher's permission and supervision.

RELEASE FROM SCHOOL

No student shall be allowed to leave school premises except with the permission of the principal. Permission from the legal guardian of the student is also viewed as desirable although not necessarily required for students to leave during the school day. Students leaving school early will be released only to those designated on the information card or by parent/guardian permission. **Those with permission to "sign-out" the student must provide photo identification.**

TARDY POLICY

Students are expected to be in the classroom prior to the bell to start each class. Teachers will keep a record of tardies each hour in their classroom along with attendance. Tardies accrue each semester. This policy emphasizes the importance of arriving to class on time. Any student who is tardy to class should be reported to the office. Teachers will tell students when they are tardy and have been reported to the office.

Students should not be in the hallway during instructional time without a hall pass.

1st-3rd tardies- Warning and parent notification on 3rd tardy

4th-5th tardies- Student will serve before or after school detention

On the 6th and following tardies- Student will serve Saturday detention (8:00-11:45)

Students will serve 1 hour and 15 minutes per tardy while in Saturday detention.

Guidelines for detention:

1. Students may not eat, drink, talk, sleep, put head on desk or listen to music while serving detention.
2. Students must bring something related to school to work on or something to read while serving detention.
3. Students failing to work in detention or failing to serve the assigned detention will have detention time doubled.
4. ISS will be served in the high school office.

* Dates for Monday early out detention will be set by the principal's office when appropriate. Students will not be allowed to attend if they are late.

TRUANCY AND EDUCATIONAL NEGLECT

The Board of Education believes that regular attendance is important to academic success. Therefore, the Board directs that problems with attendance on the part of any student be investigated and acted upon promptly.

Truancy is defined as deliberate absence from school on the part of the pupil with or without the knowledge of the parent/guardian and for which no justifiable excuse is given. When a pattern of truancy becomes evident, the principal will investigate and take such action as circumstances dictate.

Section 210.115 R.S.MO. mandates reporting to the Division of Family Services when there is reasonable cause to suspect that a student's nonattendance is due to the educational neglect of the parents/guardians.

Any school official or employee who knows or has reasonable cause to suspect that a student is being subjected to home conditions or circumstances which would reasonably result in truancy will immediately report or cause a report to be made to the building principal, or his/her designee, who will then become responsible for making a report via the Student Abuse Hotline to the Missouri Division of Family Services (DFS). The building principal shall inform the Superintendent/designee that a report has been made, and keep the Superintendent apprised of the status of the case.

VO TECH STUDENTS

When Vo-Tech is not in scheduled session, students are to be in class according to class schedule. Students should arrive for the beginning of 5th period (11:27 a.m.) on regular days. Students riding the bus to school should report to the office for instructions when not attending Vo-tech.

Each student must sign a student policy contract before they may attend Vo-tech.

Vo-Tech attendance – If a student misses 5 days of VoTech within a semester, they will be required to serve a before or after school detention. Subsequent absences will result in additional detentions. An excessive amount of absences will result in removal from the Vo-Tech program. This decision will be made by a team consisting of a VoTech Instructor, the HS Counselor, the High School Principal, and Superintendent.

WITHDRAWAL FROM SCHOOL

Students planning to withdraw from school must have their parents contact the principal of their planned departure prior to the date of withdrawal. Students should pick up a withdrawal form from the office and return all school books, etc. to their teachers.

BEHAVIOR CODE/RULES AND REGULATIONS

ACADEMIC REASSIGNMENT

Academic reassignment is a structured disciplinary action in which a student is isolated or removed from regular classroom activities, but is not dismissed from the school setting. The **principal/designee** may assign students to the academic reassignment program for a reasonable and specified period of time.

ARTIFICIAL INTELLIGENCE

At Green City R-1 we are committed to fostering a culture of academic integrity and ethical conduct among all students. As technology evolves, we recognize the potential benefits and

challenges that arise with the use of Artificial Intelligence (AI) in the learning process. This academic integrity statement outlines the principles and expectations surrounding the responsible use of AI in a high school setting to ensure fair and honest academic practices.

Originality and Authenticity

Students are expected to produce original work that reflects their understanding and knowledge. When using AI tools to assist in research or problem-solving, it is crucial to critically analyze and incorporate the AI-generated content into their work in an authentic manner. Directly copying or presenting AI-generated outputs without proper understanding or context is considered academic misconduct.

Acknowledgment of AI Assistance

Students are able to explore and utilize AI tools and resources available for educational purposes. **However, it is essential to acknowledge when AI assistance is utilized to complete assignments, projects, or assessments.** (Students should not use AI if the class syllabus specifically prohibits its use.) Any use of AI-powered tools or platforms must be declared, and credit should be given where appropriate.

Proper Citation and References

When incorporating AI-generated content, data, or insights into assignments, students must provide appropriate citations and references. This includes acknowledging the AI tools or models used and citing the sources of any AI-generated information employed in their work.

Responsible Use of AI

Students must utilize AI technology ethically, following all school policies and guidelines related to technology use. This includes avoiding the use of AI for malicious purposes, cheating, or attempting to manipulate AI systems to produce inaccurate results.

Awareness and Education

Students are encouraged to develop a strong understanding of AI technology and its implications on academic integrity. Through educational programs and discussions, students can learn about the responsible use of AI and its role in the learning process.

Consequences of Violations

Any violation of this Academic Integrity Statement will be treated seriously. Consequences for academic dishonesty involving AI may include but are not limited to, a failing grade for the assignment, disciplinary action, or referral to the school administration, depending on the severity of the violation.

By adhering to this Academic Integrity Statement, students demonstrate their commitment to ethical behavior, intellectual growth, and responsible use of AI technology in their educational journey at Green City R-1.

BREATHALYZER

The consensus of the Green City Board of Education is to have a Breathalyzer at the prom and other school sponsored activities. The theory is not to catch but to deter students from drinking. Students should

be aware of the consequences for not following the rules. The Breathalyzer will be used randomly on Green City R-1 students. All out-of-school guests will be required to take a Breathalyzer and show photo identification at dances. Attempts will be made to contact parents of Green City R-1 students who refuse the test.

BUS RULES

The safety of students during their transportation to and from school is a responsibility, which they and their parents/guardian share with the bus drivers and school officials. Therefore, the rules of student conduct will be issued to all students at the beginning of the school year, and to new students upon enrollment.

1. Pupils must not try to get off the bus, or move about within the bus, while it is in motion.
2. The back door of the bus is an emergency exit and will not be used except in case of emergency.
3. Food or drink is not allowed on the bus.
4. Bus schedules are posted in the front of the bus. The bus will not run ahead of schedule, but may run behind schedule. Students should be encouraged to be at the designated pick-up area as the bus pulls up. Due to the length of the bus routes and the number of students to be picked up, drivers will not be able to wait on late students.
5. Students will be allowed to talk to each other on the bus as long as they keep their voices low. Students should not talk to the driver while the bus is in motion.
6. Students will walk in front of the bus and stop when even with the left fender of the bus. After checking for traffic students should walk to the other side.
7. Pupils must not stand in the roadway while waiting for the bus. Stand well back from the loading area until the bus has stopped.
8. If students do not ride the bus with reasonable regularity, the bus route may be rearranged to eliminate a stop if it will make a shorter or more economical route.
9. If a student rides a bus to a ballgame or other activity, he/she must ride it home, unless the parent has made personal contact with the Principal or instructor. The principal must approve all handwritten notes.
10. Students will not stick their hands or heads out of bus windows at any time.
11. Students will not throw litter on the floor of the bus or out the window.
12. Drivers may assign seats to students if they think it is necessary.
13. Any damage to the bus should be reported to the driver at once.
14. For serious misconduct, the bus driver will accompany the offending student to the principal or superintendent's office.
15. The buses will leave in the afternoon promptly at 3:30.
16. Misbehavior on the bus may result in penalty at discretion of principal depending on circumstances (May include removal from the bus for 1 to 10 days or permanent removal from the bus by a formal hearing). Serious misbehavior on the bus may also be cause for punishment up to and including suspension or expulsion from school.
17. **Discontinued service** - On route stops where the school bus must make a special stop in front of the residence, it will be the policy of the driver to discontinue the service if the bus has stopped twice to pick up a student without the parent informing the school or driver, in advance, by a note or phone call, that the student won't be riding.
18. **Adequate and Safe Turnabouts** - Turnabouts should be adequate for turning without danger of getting stuck or backing blindly into traffic. It may be necessary to turn around in either side of a pickup point for safety and convenience sake. In the case where a bus cannot turn safely because of the lack of space, it will be necessary for the driver to secure a more suitable pickup point.
19. All drivers are required to stop for buses while loading and unloading. Be prepared to stop when coming upon a school bus.

ELECTRONIC TECHNOLOGY POLICY

Developments in electronic technology in recent years have resulted in greater communication technologies. The use of electronic devices in schools poses increasing risks of school disruptions, bullying, criminal activity and academic dishonesty. Students are encouraged to use the phone in the high school office to communicate with parents or guardians during the school day.

Use of cell phones and other electronic devices (iPods, MP3 players, cameras, smart watches and laptops) during class time by students in classrooms will be limited to the following guidelines:

- **Teacher permission is required prior to usage**
- **Use is for educational purposes only**

Student cell phones, digital cameras and similar electronic devices will be banned in restrooms and dressing areas.

Cell Phones/Smart Watches

Students will put all cell phones/smart watches in phone pockets provided by the school. The phone pockets will be hung in each classroom. Students will be required to place their phones/smart watches in the pockets when entering the classroom. Students will be responsible for getting their phone at the end of each class period.

Any violation of the Electronic Technology Policy will result in the following consequences:

- 1st offense – Phone confiscated and a verbal warning from the office will be given. The device will be returned to parents.
- 2nd offense – Phone confiscated and an isolated lunch will be served. The device will be returned to parents.
- 3rd offense – Phone confiscated, a 30-minute before/after school detention assigned and the device will be returned to parents.
- 4th offense – Phone confiscated, a 60 minute before/after school detention assigned. The device will be returned to parents.
- 5th and subsequent offenses – Phone confiscated, academic reassignment (ISS), the device will be returned to the parent, and parent(s) conference.

CLOSED CAMPUS

With the safety and welfare of the students in mind, the Board of Education has closed all campuses during the school day. Permission to leave school will be granted only for valid reasons and only with a written request signed by a parent/guardian. In emergency situations, a telephone call from a parent/guardian may suffice, with approval of the building principal.

CORPORAL PUNISHMENT: AUTHORIZED

Corporal punishment should be used only after other methods have failed and when there is reason to believe it will be helpful in maintaining discipline or in the development of the student's character and power of self-control. Parents will need to give the school written permission to use corporal punishment.

All instances of corporal punishment shall be witnessed by at least one other adult member of the school staff and will only be administered by a principal or other District administrator.

DETENTION

The provisions of a detention program for student violations of policies, rules and regulations shall provide principals with an additional alternative for dealing with disciplinary problems that occur in the schools. Detention is an assigned before school and/or after-school period, during which student activity is closely monitored and severely restricted. Students are expected to be quiet during the entire detention period and to work exclusively on assigned tasks.

Guidelines for detention:

1. Students may not eat, drink, talk, sleep, put head on desk or listen to music while serving detention.
2. Students must bring something related to school to work on or something to read while serving detention.

3. Students failing to work in detention or failing to serve the assigned detention will have detention time doubled.

* Dates for Monday early out detention will be set by the principal's office when appropriate. Students will not be allowed to attend if they are late.

DISCIPLINE

The Board of Education has the legal authority to adopt all necessary policies, rules, and regulations for organizing and governing the School District. This includes the power to suspend or expel a student for conduct, which violates District and school regulations. These policies, rules, and regulations will apply to all students in attendance in District instructional and support programs, as well as at school-sponsored activities and events. In addition, students are subject to discipline up to and including expulsion for significant misconduct regardless of whether the conduct occurs at a school activity and regardless of when the misconduct occurs where it is reasonably determined that a student's misconduct adversely affects school safety or student welfare.

Building principals are responsible for the development of rules and regulations regarding student conduct needed to maintain proper behavior in schools under their supervision. Regulations specific to disabled students shall be adopted. Principals, subject to appropriate due process procedures, may summarily suspend any student for up to ten (10) days for violation of these policies, rules, and regulations. Notice of suspension shall be given immediately to the parent or guardian, and to the Superintendent.

Flagrant disregard for policies, rules, and regulations, or continued truancy may result in suspension by the Superintendent or expulsion by the Board, both subject to appropriate due process procedures. The Superintendent may suspend a student for up to one hundred eighty (180) days; however, expulsion of students is a function only of the Board of Education.

Teachers shall have the authority to make and enforce necessary rules for the internal governance in the classroom, subject to review by the building principal. Each teacher shall maintain a satisfactory standard of conduct in the classroom. All school personnel are responsible for maintaining standards of conduct throughout the school setting.

The District will provide annual in-service training to all employees concerning the District's discipline policy and its implementation. Training will also include approved methods of dealing with school violence; discipline of students with disabilities; and with the requirements of student confidentiality, etc.

STUDENTS DISCIPLINE BEHAVIORAL EXPECTATIONS

The discipline code set out in this regulation is intended to be illustrative but not an exclusive listing of acts of misconduct and the consequences for each. Misconduct, which is not specifically listed in this regulation, may be deemed to warrant discipline up to and including expulsion following provision of all due process procedures. In addition, the disciplinary consequences listed for each offense may be increased or decreased by the Administration or the Board of Education due to mitigating or aggravating circumstances.

DRUG-FREE SCHOOLS

Pursuant to requirements of the 1989 amendments of the Drug-Free Schools and Communities Act and to the requirements of the Safe Schools Act, and for the purpose of preventing the use of illicit drugs and alcohol by students, the District shall provide age-appropriate, developmentally based drug and alcohol education and prevention programs to all students from early childhood level through grade twelve (12). (See also Policy 6130 – Drug Education.) Such programs will address the legal, social and health consequences of drug and alcohol use, and provide information about effective techniques for resisting peer pressure to use illicit drugs or alcohol.

The District shall provide information about any drug and alcohol counseling and rehabilitation and re-entry programs that are available to students. Students may be required to participate in such programs in order to avoid suspension or expulsion if they are found to be in violation of this policy. All parents/guardians and students shall annually be provided with a copy of this policy.

The District certifies that it has adopted and implemented the drug prevention program described in this policy in the form required by the Department of Elementary and Secondary Education or the United States Department of Education. The District conducts a biennial review of such program to determine its effectiveness, to implement necessary changes and to ensure that the disciplinary sanctions are consistently enforced.

ENROLLMENT OR RETURN FOLLOWING SUSPENSION AND/OR EXPULSION

No student shall be readmitted, or permitted to enroll or otherwise attend school (except as may otherwise be required by law), following a suspension or expulsion from this or any other school until the District has conducted a conference to review the conduct that resulted in the expulsion or suspension, and any remedial actions needed to prevent any future occurrences of such or related conduct.

EXPULSION

The term "expulsion" refers to permanent exclusion from school. If a student consistently or egregiously refuses to conform to school policies, rules and/or regulations, the Principal and Superintendent may recommend to the Board of Education that the student be expelled from school. The Board will review such recommendations and decide whether to proceed with an expulsion hearing.

No students shall be readmitted or permitted to enroll (except as required by law) following a suspension or expulsion from this District or from any other school district until the District has conducted a meeting to consider possible readmission. During the meeting, participants will consider the conduct, which resulted in discipline, and any remedial actions believed to be necessary to prevent future occurrences of similar conduct. However, no student will be re-admitted or enrolled if the student was convicted of, charged as an adult or juvenile without final adjudication, or convicted of juvenile conduct which, if charged as an adult, would constitute one of the following offenses:

1. First degree murder (Mo. Rev. Stat. 536.020)

9. Kidnapping as a Class A felony (Mo. Rev. Stat. 569.110)
10. Statutory Rape
11. Statutory Sodomy

Nothing in this policy shall be interpreted to prevent the District from imposing discipline under the District's Student Code of Conduct for conduct underlying the above listed offenses even if the adult charge or juvenile petition has been dismissed or acquitted of the specific act in a criminal or juvenile court, provided it is proven by a preponderance of the evidence that the student committed the underlying act.

FIREARMS AND WEAPONS IN SCHOOL

The District recognizes firearm and weapon possession as a potential threat to the health, safety and security of students, employees, and other persons. The District will not tolerate the presence of firearms or weapons on the premises of our schools. The District complies with the provisions of the Improving America's Schools Act of 1994, the Individuals with Disabilities Education Act, and other applicable federal and state law.

Nothing in this policy shall prohibit the District from permitting a Civil War reenactor to bring a Civil War era weapon to school for educational purposes so long as the weapon is not loaded.

Students who violate this policy will be suspended for no less than one (1) year and are subject to permanent expulsion. However, the Superintendent may recommend to the Board a modification of the suspension on a case-by-case basis.

Lighters are considered weapons.

Students involved with Trap Shooting or any other school sponsored activity that involves firearms are not allowed to have the firearm within 1000 feet of the school.

This policy will be annually submitted to the Department of Elementary and Secondary Education together with a report of disciplinary action taken for possession of a "firearm" or "weapon" as defined in Regulation 2620.

STUDENT PARTICIPATION IN SECRET ORGANIZATIONS AND GANGS

The Board of Education prohibits membership in secret fraternities or sororities, or in other clubs or gangs not sponsored by established agencies or organizations recognized by the School District.

The Board of Education feels that the presence of gangs and gang activities can cause a substantial disruption of or material interference with school and school activities. A "gang" as defined in this policy is any group of two or more persons whose purposes include the commission of illegal acts. By this policy, the Board of Education acts to prohibit the existence of gangs and gang activities as follows:

No student on or about school property or at any school activity:

1. Shall wear, possess, use, distribute, display, or sell any clothing, jewelry, emblem, badge, symbol, sign, or other things, which are evidence of membership or affiliation in any gang.
2. Shall commit any act or omission or use any speech either verbal or non-verbal (gestures, hand-shakes, etc.) showing membership or affiliation in a gang.
3. Shall use any speech or commit any act or omission in furtherance of the interests of any gang or gang activity, including but not limited to:
 - a. Soliciting others for membership in any gangs.
 - b. Requesting any person to pay protection or otherwise intimidating or threatening any person.
 - c. Committing any other illegal act or other violation of school District policies.
 - d. Inciting other students to act with physical violence upon any other person.

HAZING

Student hazing is expressly prohibited by the Green City School District, as outlined in Board Policy/Regulation 2920. Hazing is defined as willful conduct directed at another student, whether occurring on or off school property, for purposes of initiation or admission to any school-related activity or athletic team.

Students who violate this policy will be subject to suspension/expulsion from school and suspension and exclusion from activities/athletic participation depending on the severity of the misconduct.

DISCIPLINE OF STUDENTS WITH DISABILITIES

The obligation and the responsibility to attend school regularly and to comply with the District's discipline policies applies to all students. When appropriate, the District may discipline a student with a disability who has not complied with the District's discipline policies in a manner that is consistent with the District's policies and applicable law. Special education services will be provided to a disabled student if the student has been removed from school for more than ten (10) school days. If a student with a disability is removed for less than ten (10) cumulative days, educational services will be provided only if such services are provided to students without disabilities who have been similarly removed.

STUDENT DISCIPLINE HEARINGS

Parents/guardians of students suspended for more than ten (10) school days may make a written request for a hearing before the Board of Education. This request will be addressed to the Superintendent who will review all matters concerning the suspension and refer the request for a board hearing.

In conducting a discipline hearing the Board will carefully consider the information presented by the Administration and by the parent/guardian. In making its decision concerning guilt and innocence as well

as punishment, the Board will be mindful of Board Discipline Policies in place, the effect of its decision upon the individual student, and the safety and welfare of District students and staff.

DISTRIBUTION OF NON-CURRICULAR PUBLICATIONS BY STUDENTS

The District recognizes that student expression regarding a variety of topics may be beneficial to the District's education mission. Discussion and debate regarding serious issues can engender tolerance for diverse viewpoints. The District, however, has the obligation to ensure that student expression is consistent with the District's educational mission. Accordingly, the District has adopted guidelines to regulate student expression in a manner consistent with the District's educational goals. Religious material, including bibles will not be allowed to be distributed at school.

DRESS AND APPEARANCE

A person's dress and personal appearance and those of the people around them have a profound psychological influence upon attitudes and behaviors. We tend to play the part for which we are dressed; consequently, it is important to remember that the primary business of the adolescent years is obtaining an education and that it is important to dress and act in a business like rather than a frivolous or immature manner.

The Board of Education expects student's dress and grooming to be neat, clean and in keeping with community standards, so that each student may share in promoting a positive, healthy and safe atmosphere within the School District. This expectation includes the school day and school sponsored extracurricular activities.

Parents are responsible for supervising the dress of their young people so that they appear at school and at school activities neat and clean and in conformity with the standards expected by the community. Students' failure to dress properly may result in the parents' request to remove the students from school or to bring appropriate clothing to school. In general, students should avoid wearing clothing, which would be distracting or disruptive in a school setting.

Proper dress is expected at all times. Shoes should be appropriate for safety and comfort. Caps and hats should not be worn in the building. Please make sure your child is sufficiently dressed for outside recess in cold weather. Shorts are discouraged during cold weather.

- Shoes shall be worn at all times
- No halter tops, backless clothing, see through garments, or bare midriffs.
- All undergarments, including bra straps, should not be visible. Bralette straps may be visible when worn under a shirt. The bralette straps must cover regular bra straps.
- Shorts, skirts, and dresses must reach below the end of a closed fist with arms extended at the student's side. Dresses, skirts, shorts, and dresses with a slit in the side must meet the same standard as shorts to be worn at school.
- When wearing leggings, the shirt must meet the same length requirement as a pair of shorts.
- Hats, head coverings, sunglasses, and bandanas are not allowed.
- Clothing advertising alcohol, tobacco products, illegal drugs, or drug paraphernalia is not allowed.
- Clothing that is demeaning to any person or group, or anything that is considered by the administration to be in poor taste or demeaning to any person or group, or displayed on shirts, blouses or articles of clothing.
- Spaghetti strap shirts are not allowed unless worn with an outer garment. Tank tops with straps 2 inches or more in width are allowed.
- Tops that hang excessively low below the neck or underarms and tops worn off of the shoulders with no straps are not to be worn to school. Tops with shoulders cut out of the sleeve so that only the shoulder is showing are allowed if the strap section measures two or more inches in width.
- Pants should be worn above the hips and without undergarments showing.
- Jeans, shorts, and all other pants may not have visible holes above the end of a closed fist with arms extended down to the students side unless tights are worn underneath the jeans, shorts or other pants.
- Spiked belts, collars, cuffs, chains, or wallet chains of any length will not be permitted.

- Pajama pants should not be worn to school unless it is a specified dress up day.

The school administration may disallow other types of clothing that may jeopardize a safe and orderly environment for students and school staff.

GREEN CITY R-1 SCHOOL DISTRICT INTERNET ACCEPTABLE USE POLICY

Use of the Internet provides great educational benefits to students. Unfortunately, however, some materials accessible via the Internet may contain items that are illegal, defamatory, or potentially offensive to some people. Access to the Internet is given as a privilege to students who agree to act in a considerate and responsible manner. The Green City R-1 School District requires that students and parents or guardians are aware of the following rules for acceptable online behavior.

1. Students are responsible for good behavior on the Internet just as they are in a school building. General school rules for behavior and communication apply.
2. Network storage areas may be treated like school lockers. Network Administrators may review files and communications to maintain system integrity and insure that users are using the system responsibly. Users should not expect that files will always be private.
3. The following are not permitted:
 - ✓ Unauthorized use
 - ✓ Sending or displaying offensive messages, pictures, or obscene language
 - ✓ Harassing, insulting or attacking others
 - ✓ Damaging computer hardware or software
 - ✓ Violating copyright laws
 - ✓ Using another's password
 - ✓ Trespassing in another's folders, work, or files
 - ✓ Revealing personal information such as phone number and home address
 - ✓ Any personal site, such as Facebook, Snapchat, Instagram, Myspace, bebo, Messenger, etc...
 - ✓ Giving your school password to someone else
4. Violations will result in a loss of access as well as other disciplinary or legal action (see the student handbook for details).

Parents or legal guardians should understand that some of the materials on the Internet may be objectionable, and accept responsibility for providing guidance to students on Internet use both inside and outside of school – setting and conveying standards for students to follow when selecting, sharing, or exploring information and media.

INTERVIEW OR INTERROGATION

The School District has legal jurisdiction over students during the school day and hours of approved extracurricular activities. The school administration is responsible for making an effort to protect each student's rights with respect to interrogations by law enforcement officials. When law enforcement officials find it necessary to question students during the school day or periods of extracurricular activities, the school principal or designee will be present and the interview will be conducted in private.

The principal will verify and record the identity of the officer or other authority and request an explanation of the need to question or interview the student at school. The principal ordinarily will make reasonable efforts to notify the student's parents/guardians.

NONDISCRIMINATION AND STUDENT RIGHTS

The Board of Education reaffirms its belief that every student regardless of race, creed, color, sex, cultural or socio-economic status or disabling condition be given equal opportunity for educational development.

The Board recognizes the importance of providing each student with a school environment conducive to intellectual, emotional and social growth through participation in a full range of educational programs and

activities. Board and staff commitment ensure equal educational opportunities in course offerings, guidance and counseling, test procedures, extra-curricular activities, discipline procedures and student support services.

OPERATION OF MOTOR VEHICLES ON SCHOOL PREMISES

A speed limit of ten (10) miles per hour is established for all motor vehicles operated near school premises when school is in session. Drivers of all vehicles are not to pass parked school buses while pupils are being loaded and unloaded. The utmost care is to be exercised by all drivers while operating vehicles on the school premises in order to insure the safety of all children. **Students are to use east parking lot.**

Students are to park their vehicles in the parking lot in an orderly manner so that others may leave early if necessary. Students are not permitted to loiter in the parking lot or in cars parked on school property. Students are not to leave the building during school hours without permission and supervision from the office. Failure to obey these regulations or other instructions given orally by a teacher or an administrator or other school employee may result in the revocation of the privilege of driving to school.

The principal has the authority to regulate student use of automobiles at school. Use of school property for student parking purposes is a privilege that may be denied due to violation of District regulations and school policies. Student vehicles parked on District property are subject to search by school officials where there is reason to believe a vehicle contains materials prohibited by District regulations.

PERSONAL PROPERTY

The school district is sympathetic to any problem that arises from the loss or destruction of personal property of students or faculty members in the school building or on the school grounds. However, it is the school district's policy that students and faculty are responsible for their own personal property and the school will not replace any lost, stolen or damaged property.

REMOVAL OF STUDENTS FROM SCHOOL

Before a student at school is arrested or taken into custody by law enforcement or other legally authorized person, the principal will verify the official's authority to take custody of the student. The school principal will attempt to notify the student's parent/guardian that the student is being removed from school.

REPORTING STUDENT ABUSE

The Board of Education believes that school staff members are in a unique position to assist children, families, and the community in dealing with the issue of child abuse and neglect. In addition, school employees are required by law to report instances of suspected child abuse, when the employee has reasonable cause to suspect that a child has been or is likely to be abused or neglected.

Child abuse is defined as any physical injury, sexual abuse or emotional abuse inflicted on a child other than by accidental means.

Neglect is defined as the failure to provide the proper or necessary support, education, nutrition or medical, surgical or other care necessary for the child's well-being.

District employees who know or have reason to believe that another District employee has sexually or physically abused a student have an additional duty to notify their immediate supervisor immediately.

REPORTING OF VIOLENT BEHAVIOR

The District requires school administrators to report acts of school violence to teachers and other District employees who are directly responsible for the student's education or who interact with the student in the performance of the employee's duties. School administrators will also disclose to appropriate staff member's portions of any student's individualized education program that is related to past or potentially future violent behavior. "Violent behavior" and the phrase "acts of school violence" are defined as the use of physical force by a student with the intent to do serious physical injury to another person while on school property, including a school bus, or while involved in school activities.

In addition, the Superintendent of Schools will report to law enforcement officials, as soon as is reasonably practicable, the commission of any of the acts or related juvenile offenses which are committed on school property, including school buses, or while involved in school activities. These offenses include:

1. First degree murder
2. Second degree murder
3. Kidnapping
4. First degree assault
5. Forcible rape
6. Forcible sodomy
7. Burglary in the first degree
8. Burglary in the second degree
9. Robbery in the first degree
10. Distribution of drugs
11. Distribution of drugs to a minor
12. Arson in the first degree

15. Second degree assault
16. Assault (except as provided in the Agreement contained in Regulation 2673)
17. Felonious restraint
18. Property damage in the first degree
19. Possession of a weapon

The Superintendent will also notify the appropriate division of the Juvenile Court of the suspension of any student under court jurisdiction for more than ten (10) days.

Each school employee is required to notify their immediate supervisor if they have reason to believe that a student or District employee has committed any of the offenses set out in this policy, has physically or sexually abused any District student, or possessed a controlled substance or weapon in violation of District policy.

The Superintendent/designee will prepare and maintain records of serious violations of the District's discipline policy. Individual student records are available to school employees who are directly responsible for the student's education or who interact with the student in the performance of the employee's duties. In addition, such discipline records will be made available within five (5) days to any requesting School District where the student seeks to enroll.

SAFE SCHOOLS ACT

This act requires that school administrators report to appropriate law enforcement officials when assaults or more serious situations occur on school property, at school activities, or on school buses. Law enforcement officials will also be notified when a student is in possession of a weapon while on school property, at school activities, or on school buses.

SEARCHES BY SCHOOL PERSONNEL

School lockers and desks are the property of the Board of Education and are provided for the convenience of students, and as such, are subject to periodic inspection without notice, without student consent, and without a search warrant. The lockers and desks may be searched by school administrators or staff who have a reasonable suspicion that the lockers or desks contain drugs, alcohol, material of a disruptive nature, stolen properties, weapons, items posing a danger to the health or safety of students and school employees, or evidence of a violation of school policy. In addition, the Board of Education authorizes the use of trained dogs to sniff lockers or other school property to assist in the detection of the presence of drugs, explosives, and other contraband.

Students or student property may be searched based on reasonable suspicion of a violation of District rules, policy or state law. Reasonable suspicion must be based on facts known to the administration, credible information provided or reasonable inference drawn from such facts or information. The privacy and dignity of students shall be respected. Searches shall be carried out in the presence of adult witnesses, if such witnesses are available. Students may be asked to empty pockets, remove jackets, coats, shoe and other articles of exterior clothing for examination if reasonable under the circumstances.

Students are permitted to park on school premises as a matter of privilege, not of right. The school retains the authority to conduct routine patrols of the student parking lots. The interior of a student's automobile on school premises may be searched if a school administrator has reasonable suspicion to believe that illegal, unauthorized or contraband items or evidence of a violation of school policy is contained inside the vehicle.

Law enforcement officials shall be contacted if the search produces a controlled substance, drug paraphernalia, weapons, stolen goods or evidence of a crime, in any case involving a violation of law when a student refuses to allow a search, or where the search cannot safely be conducted. Parents may also be contacted. School officials may appropriately discipline a student who refuses to submit to a search.

The Green City R-1 School District is committed to an academic and work environment in which all students and employees are treated with dignity and respect. The District officials will cooperate fully with all law enforcement agencies in the prevention of crimes against District property as well as in the prosecution of persons involved in such conduct.

The District will seek restitution from students and other persons who have damaged or destroyed District property. As permitted by law, the District will also seek restitution from the parent/guardian of children involved in such misconduct.

STUDENT DRUG TESTING POLICY

Background and Purpose

Drug abuse is a serious problem. Schools, including the Green City R-I School District, are not immune. Even students involved in extra-curricular and co-curricular activities are increasingly using alcohol and are experimenting with "street drugs" such as marijuana and cocaine.

The administration of the Green City R-I School District has noted and documented both formally and informally, an increase in the use of drugs by students, including those students participating in extra-curricular and co-curricular activities.

The educational program and drug-testing program described in this policy and its accompanying procedure is part of an overall physical conditioning program at the Green City R-I School District. The goal

is not to levy discipline, but rather to aid in the discovery and prevention of possible drug-related problems. The key component of this program is opening the lines of communication between students and parents about the serious matter of drug usage and abuse.

Policy

A student using drugs is a danger to him or herself as well as other students. All students in the Green City R-I School District who choose to participate in extra-curricular and co-curricular activities, as defined herein, are entitled to do so in a drug-free environment.

As a condition of participating in extra-curricular and co-curricular activities, 6th-12th grade students and their parents must consent to random drug testing of students as further defined in this policy.

This program does not affect other policies and practices of the Green City R-I School District in dealing with drugs or alcohol use or possession where reasonable suspicion is obtained by means other than the random sampling discussed in this policy.

All students who will participate in extra-curricular and co-curricular activities during the school year and who complete and return the consent forms within the deadlines set by the superintendent or designee will be included in the testing pool and may be randomly selected for testing as soon as the student is officially enrolled in the drug testing program, even if the extracurricular and/or co-curricular activity has not yet begun.

If a student is 18 years of age and living with their parent/guardian, they still must have both student and parent/guardian signature. If the student is 18 years of age and has established a residence on their own, the student's signature is all that is required.

PARTICIPATION IN EXTRACURRICULAR ACTIVITIES

In addition to the eligibility rules and regulations established by the MSHSAA, The Green City R-1 Board of Education has established the following:

2. Eligibility shall be determined eight times per school year, on the 22nd day of each quarter and at the end of each quarter.
3. Students failing at mid-term (the 22nd day of each quarter) may remain eligible if they obtain and actively participate in an approved tutoring program for the subject(s), in which they are receiving failing grade(s). Tutoring programs shall be approved by the Administration.
4. Students failing any class at the end of any quarter shall become ineligible until the 23rd day of the following quarter, provided they are passing all classes at that time.
5. IEP students who are mainstreamed will follow Option Two of MSHSAA handbook: "The second option is for the IEP Committee to determine that a modification of the academic requirements or grading policies is necessary to reflect the needs of the handicapped student. In this situation, the modifications may include alterations in the type of assessments to be given the student, the number of such assessments given a student, the amount of time the student will be allowed to take the assessment, etc. The IEP Committee may also determine that grades will be determined on the basis of the student's progress towards achieving specific goals and objectives from the IEP rather than standard assessments given other students. If this type of modification is made, the IEP Committee is responsible to specify the amount of progress which will be necessary to document that standard progress is being made by the student".

PHYSICAL EXAMINATIONS

Physical exams are required of all who participate in athletics. Forms are available from the coaches or in the principal's office. They may be taken to the physician of your choice.

SPORTSMANSHIP

The Green City R-1 Board of Education and Administration support the Missouri State High School Activities Association (MSHSAA) in their quest for excellence in sportsmanship by coaches, players, and fans. In an attempt to improve the quality of sportsmanship of those involved in athletics, the Green City R-1 Board of Education has instituted the following policy.

PLAYERS

Any player receiving their first technical foul for unsportsmanlike conduct shall be taken out of the game.

Any player receiving their second or succeeding technical foul, in a sport season, for unsportsmanlike conduct shall be taken out of the game and shall be required to appear with the Coach before an Administrator the following school day.

Technical fouls received for having the wrong player number in the scorebook or for hanging from the rim shall not apply.

MSHSSA has developed a Concussion Return to Play Form that will be distributed to all student athletes. In order to return to sports, 3 rules must be followed:

1. Athletes should not return to practice or play the same day that their head injury occurred
2. Athletes should never return to play or practice if they still have ANY symptoms
3. Athletes: Be sure your coach and/or athletic trainer are aware of your injury and symptoms, and that they have contact information for the treating physician. A signed medical evaluation release form must be presented to the coach and/or athletic trainer before a student athlete may resume play.

TRANSPORTATION

Students are expected to accompany the team/squads on all out-of-town trips using the mode of transportation arranged by the school. Any deviation from this policy requires the following:

1. A request by the parents or guardian must be made personally by signing a release form at the activity.
2. Under special circumstances, pre-arrangement may be obtained for the student to ride home with another adult after obtaining approval from the principal and the head coach. A note and phone call must be approved through the office on the day of the event.
3. Under emergency conditions, the coach in charge of the team/squad will use his/her best judgment in approving any requests.

Any incidents, which occur that are not covered by these guidelines, will be reviewed on an individual basis and decisions related to penalties will be made by the school administration, athletic director and head coach/sponsor.

GUIDANCE SERVICES

The Board of Education supports a systematic program of Guidance and Counseling which will be provided to all students from kindergarten through twelfth grade. This program will be a total education process with a priority of assisting students in reaching their full potential in their personal and educational development.

The Guidance and Counseling program may include the following areas:

1. Counseling
2. Developmental guidance
3. Testing
4. Orientations, registration, and scheduling
5. Referrals

ADMISSION OF RESIDENT STUDENTS

All students, five to twenty-one (5-21) years of age, who reside within the boundaries of the District, may attend District schools tuition free. In order to "reside" within the District, the student must be physically domiciled within District boundaries. The domicile of a minor student is generally the domicile of the student's parent/guardian.

A student may only register in the District if the student provides proof of residency or if the student or parent/guardian requests a waiver from the Board of Education on the basis of hardship or good cause. Parents/guardians will be required to sign a "Proof of Residency" form at the time of enrollment. If the Superintendent has reason to suspect that the admission of a student will create an immediate danger to the safety of others, a hearing will be convened within three (3) working days of the request to register. At the hearing, the District will determine whether the student may enroll.

ADMISSION AND WITHDRAWAL

The admission of all students shall be under the direction of the Superintendent, subject to the approval of the Board of Education. All persons seeking admission to the District and its instructional programs must satisfactorily meet all residency, academic, age, immunization, health and other eligibility prerequisites as established by Board policies, rules and regulations, and by state law. Students entering the School District will be required to present a birth certificate or some other acceptable proof of age.

Students who are entering kindergarten or first grade are encouraged to pre-register in the spring prior to the fall semester in which they are to begin attendance.

ASSESSMENT AND REFERRALS TO OUTSIDE SERVICES

The counseling staff, in consultation with other staff members, is responsible for the initial assessment of student's academic progress as well as personal/social concerns. Where necessary, the District will make available responsive services including individual and small group counseling, crisis counseling, referral to other agencies or professional resources, and vocational and educational placement. The District will cooperate and assist other agencies with the diagnosis and treatment of students referred for responsive services. Student information will not be provided to outside agencies until the student's parents/guardians have signed a release of information form. Except as required by law, the cost of diagnostic and treatment services provided outside the District is the sole responsibility of individual parents/guardians.

EARLY GRADUATION

Graduation, with no attendant privileges, will be allowed any time after seven (7) semesters of attendance beginning with grade nine and attainment of all requirements as set by the state and local school boards for those students who are enrolled in higher education or enlisted in the military. Early graduation should be part of a cooperative plan arrived at by students, their parents/guardians, and the school. This plan is to be established one semester before early graduation would be effective. Students who participate in early graduation will not be eligible to be the Valedictorian or Salutatorian.

Graduation Requirements – Students with Disabilities

Students with disabilities must meet graduation requirements outlined in District Policy subject to Individual Education Program (IEP) accommodations/ modifications.

JUNIOR-SENIOR HIGH CURRICULUM INFORMATION

The need for long range planning is a significant factor in each student's success in high school. The needs, interests, and aptitudes of each student should determine the educational program each would follow. The importance of following course sequences and prerequisite courses cannot be over emphasized. The advice of friends or the desire to follow an "easy" program is not a sound basis for selecting a program of study.

Students will receive assistance from school personnel in selecting a program of study that will best meet their needs. Once a program has been selected, the student will be expected to follow that program for the year. Only in unusual cases will students be permitted to change their agreed upon schedules.

The Green City school system conducts an extensive testing program to help students decide on the proper program. This information plus other student records will be reviewed by teachers, counselor, and principal; students will be placed in the mathematics courses which are most appropriate for them and in which they will be most likely to succeed.

For full Sophomore status, a student must have earned at least 7 credits. For full Junior status, the student must have earned a total of 14 credits. To qualify for full Senior status they must have earned at least 21 credits and be enrolled in enough classes to meet graduation requirements.

Sophomores	7 credits
Juniors	14 credits
Seniors	21 credits

PROMOTION AND RETENTION

The Green City R-1 District is committed to the continuous development of the students it serves. The purpose of promotions and retentions is to provide maximum consideration for the long range welfare of the student and to provide an opportunity for each student to progress through school according to his/her own needs and abilities.

It is expected that most students in the school will be promoted annually from one grade level to another upon completion of satisfactory work. However, a student may be retained when his/her standards of academic achievement or social, emotional, mental, or physical development will not allow satisfactory progress in the next higher grade. Retention will be based on the recommendation of an educational team consisting of one or more teachers and building level administrator.

Consistent with state law (House Bill 889), students with reading ability levels more than one grade level below their current grade level will not be promoted to a higher grade level until a district and parent approved program of remediation is complete. Such remediation may include, but shall not necessarily be limited to, a mandatory summer school program focused on the areas of deficiency or other such alternatives conducted by the district outside of the regular school day. Such remediation shall recognize that different students learn differently and shall employ methods designed to help these students achieve at higher levels.

This limitation on promotion will not apply to students qualifying for/or receiving special education services pursuant to state law.

Parents/Guardians will receive prior notification and explanation concerning the retention. Parents are encouraged to support the decision made by the educational team. The final decision regarding retention will be made by the administration.

PSYCHOLOGICAL TESTING OF STUDENTS

Psychological tests administered to students by qualified District personnel or appropriate diagnostic agencies will ensure quality psychological services in the District, and will protect the educational rights, dignity and privacy of students and parents/guardians.

Psychological evaluations will be made only after informed and written consent of the student's parent/guardian is obtained. A conference will be held with the parent/guardian to review all test results and the student's specific educational needs in the educational program. Psychological data are only partial criteria for determining any change in a student's educational program. Psychological data older than three years shall not be used as the basis for prescriptive teaching or placement.

All psychological services provided by the District or agencies contracted by the District will be in accordance with state and federal statutes and regulations concerning the privacy of student records and use of psychological services.

VALEDICTORIAN AND SALUTATORIAN

Valedictorian is chosen by highest cumulative G.P.A. Salutatorian is chosen by the second highest cumulative G.P.A. All students attaining the status of Summa Cum Laude (4.0+ cumulative G.P.A.) will be given special recognition during the graduation ceremony. Senior students must have attended 4 semesters at Green City R-1 High School to be eligible for these awards.

SUMMA CUM LAUDE AND MAGNA CUM LAUDE

Beginning with the graduating class of 2025 a Valedictorian and Salutatorian will not be recognized. Instead the following recognition will be given at graduation.

Summa Cum Laude Recognition:

- Any student attaining a weighted GPA of 4.0 or higher

Magna Cum Laude Recognition

- Any student attaining a weighted GPA of 3.75-3.99

VIRTUAL INSTRUCTION

The District may also recognize and assign credit for courses offered through other electronic media courses such as satellite video courses, cable video courses, interactive education television consortium, and computer-driven or on-line courses. Students may also be awarded credit for satisfactorily completed course work from accredited institutions. Students and their parents/guardians should consult with their school counselor to determine whether satisfactory completion of such work is eligible for award of district credit. This discussion should occur prior to enrollment in such programs.

HEALTH AND SAFETY

COMMUNICABLE DISEASES

A student shall not attend classes or other school sponsored activities, if the student (1) has or has been exposed to, an acute (short duration) or chronic (long duration) contagious or infectious disease, and (2) is liable to transmit the contagious or infectious disease, unless the Board of Education or its designee has determined, based upon medical evidence, that the student:

1. No longer has the disease
2. Is not in the contagious or infectious stage of an acute disease.
3. Has a chronic infectious disease that poses little risk of transmission in the school environment with reasonable precautions.

School officials may require any child suspected of having a contagious or infectious disease to be examined by a physician and may exclude the child from school, in accordance with the procedures authorized by this policy, so long as there is a substantial risk of transmission of the disease in the school environment.

A student who has a chronic infectious disease, and who is permitted to attend school, may be required to do so under specified conditions. Failure to adhere to the conditions will result in the student being excluded from school. A student who has a chronic infectious disease and who is not permitted to attend school or participate in school activities will be provided instruction in an alternative educational setting in accordance with district policy.

Students with acute or chronic contagious or infectious diseases and their families have a right to privacy and confidentiality. Only staff members who have a medical reason to know the identity and condition of

such students will be informed. Willful or negligent disclosure of confidential information about a student's medical condition by staff members will be cause for disciplinary action.

The District will implement reporting and disease outbreak control measures in accordance with the provisions of Missouri Department of Health publication PACH-16, "Prevention and Control of Communicable Diseases: A Guide for School Administrators, Nurses, Teachers and Day Care Operators", a copy of which shall be on file in the office of the Supervisor of Health Services and in the office of school nurse.

DO NOT RESUSCITATE (DNR) ORDERS

No student will be denied life-sustaining activities irrespective of the presence of a Do Not Resuscitate Order (DNRO). The District is open, with input from parents and medical professionals, to consider alternative life sustaining procedures.

EMERGENCY DRILLS

Fire Drill

The signal for a fire drill will be the **ringing of the fire bells and the strobe of the lights**. Once an "**All Clear**" announcement over the intercom is made, students will exit the building and are not to leave their designated area or re-enter the building for any reason until a member of the faculty gives permission to do so. A practice drill will be run early in the year to familiarize faculty and students to the alarm. Directions as to which exit to use are posted in each room.

Tornado Drill

Tornado drills will be carried out at least twice a year. The signal for a tornado drill will be a series of **short rings of the bells**. Remain calm. It is very important that there be no talking so that instructions may be heard. Once the students have arrived at their designated area, they are to remain in a squat position, head down, with their hands and arms covering their heads to protect themselves from flying debris. Students are not to face any windows or to leave the designated area until they receive instructions from a member of the faculty. Evacuation procedures will be posted in each room.

Earthquake Drill

Earthquake drills will be carried out at least twice a year. The signal for an earthquake drill will be an intercom announcement or the earth shaking in the classroom. Students, teachers and school personnel should take cover under desks, tables, or other furniture in a tucked position with arms and hands protecting the head. Evacuation procedures will be posted in each room.

PHYSICAL EXAMINATIONS

The Board of Education may require any student to be examined by a physician for the purpose of determining whether the student is afflicted with a contagious or infectious disease or have the liability of transmitting the disease.

The Board may also require certification from a physician indicating a student's fitness to participate in specific educational programs or extra-class activities.

Refusal on the part of parent/guardian to obtain the required examination and to submit the certification indicating freedom from contagious or infectious disease may result in student exclusion from school.

Students may be excused from engaging in required educational activities upon proper certification from a physician advising of student disability.

All costs of physical or other examinations shall be at the expense of students unless state or federal law specifically mandates the examination to be the responsibility of the school.

SCHOOL NURSE

The Role of the School Nurse

- Address the health and safety needs of the students while ensuring the least amount of missed class time
- Maintain confidentiality per FERPA policy
- Follow guidelines and meet the requirements of the School Health Contract
- Be a resource for administration, faculty, parents and students
- Ensure compliance with immunization laws and maintain student health records
- Monitor communicable diseases and implement strategies to prevent the spread of diseases in school
- Be a liaison with parents, physicians, and other agencies to provide medical care and assistance for students and families
- Exercise commitment to the student's individual safety
- Support optimal learning through good emotional and physical health
- Coordinate and conduct health screenings and classroom instruction on various health-related topics
- Participate with the special education team serving students with special healthcare needs
- Review and understand laws, regulations, and rules that address school health program issues

Things the School Nurse Does Not Do

- **Does not remove imbedded ticks** (tick will be covered and notification made about the tick)
- **Does not make medical diagnoses.** Parent/guardian may be advised to contact their doctor by the School Nurse, but the School Nurse does not insist that appointments be made, nor does the School Nurse make any medical diagnoses.
- **Does not give ANY medication, over-the-counter or prescription, without written parent/guardian permission.** ALL medication requires signed authorization from parent/guardian. ALL medication must be brought to the school in the original labeled bottle/container by a responsible adult - students cannot transport medications to and from home (including cough drops). ALL prescription medication must be in the original bottle with the prescription label. ALL medication can only be given per label instructions. This includes ALL over-the-counter medication not provided by the Nurse's Office.

School Nurse's Concerns at Green City R-I Schools

- **Incomplete and/or absent health-related forms and referrals.** Parent/Guardian involvement and co-operation is vital. Please complete all forms and return them in a timely manner.
- **Students coming to school that are too sick to complete school activities.** Sick kids do not learn well, and can make their classmates sick too. Please keep those sick children home.
- **Students calling parent to come and get them when they aren't feeling well before first being assessed by the nurse.** Calling parent/guardian to go home without first seeing the School Nurse may result in possible disciplinary action.
- **Students bringing prescription and non-prescription medications from home to be delivered to the School Nurse.** Students cannot transport medication to and from school! The only exceptions to this are students who carry emergency medication (examples: inhalers or Epi-pens) for personal emergency use, and have filled out and turned in the proper authorization forms beforehand.

Student Health History, Emergency Release & Medication Permission Form - "Health History" form

The Health History form is included in the enrollment registration packet each fall to be completed by the parent/guardian and returned to school on or before the first day of classes. **This form is renewed yearly and no treatment can be given without this form being returned with updated information.** A reminder will be sent if we have not received the form within the first 2 weeks of school.

- Contact the secretaries or the School Nurse to obtain additional forms. Also, please update all phone numbers, medical and emergency contact information as needed throughout the year when changes occur. Your emergency contacts and medical emergency contacts can be different people. (Example: You might name an aunt on the teacher/school general emergency contact list, but not list that aunt for medical concerns.)

Admission to the Nurse's Office and Health Assessment Given

- **Except for emergencies, all students must have a pass from their teacher.** High school students must check in with the high school office before coming down to Nurse's Office. Students without a pass will be sent back to class.
- **If a child has frequent visits to the School Nurse,** his/her visits may be restricted to during lunch, recess, or PE unless we have documentation from your healthcare provider indicating the reason your child needs frequent absences from the classroom to see the School Nurse. Parent/guardian will be contacted regarding frequent visits.
- **First aid and emergency treatment is given for health problems arising at school.** Treatments started at home to be continued at school, (example: ice) need a note sent with instructions and time of last treatment.
- **If the School Nurse finds that a student is too ill to stay at school** (examples of symptoms may include fever over 100°F and/or vomiting), the parent/guardian will be called and the student sent home. Students "not feeling good" or wanting to go home without having a fever, vomiting, or other symptoms considered by the School Nurse to warrant sending student home will be kept at school and monitored throughout the day.
- **Students are not to call home for parent/guardian to come and get them without going to the Nurse's Office first.** Calling parent/guardian to go home without first seeing the School Nurse may result in disciplinary action.
- **Children are not to be sent to school if they are too ill to function at school.** We realize that not all illnesses require a trip to the healthcare provider. Please call the School Nurse to determine if it is deemed necessary for your child to stay home. **Do not send your child to school just to be "checked out" by the School Nurse to see if he/she is too sick to come to school. The School Nurse is not your primary healthcare provider.**
- **If you feel your child has a contagious condition** (strep throat, pinkeye, chicken pox, shingles, flu, ringworm, unknown rashes, etc.), **contact the School Nurse even if you do not seek immediate medical attention.** If your child is seen by a healthcare provider, he/she may return to school (with the provider's approval) the next day after starting treatment for the condition. However, he/she should not return if temperature is above 100°F or vomiting is present. Some contagious conditions require multiple-day quarantine periods away from school. It is recommended that anytime you have your child seen by a healthcare provider you obtain a "doctor's note" for missed school time.

Medication Administration during School Hours

Parents/guardians understand and agree to the following in order for their child to receive medications at school:

- Student health information is confidential under FERPA, and school personnel who need to know have access to it.
- Coordinate and work with school personnel and the physician if questions arise regarding child's medication/care.
- May cancel the request for medication administration and/or retrieve the medication from the school at any time.
- Prescription medication brought to the school **must** be in the original pharmacy container with a clearly printed label (the pharmacist can divide the medication into 2 containers so that one can be kept at school and one at home if needed). Over-the-counter (OTC) medication **must** be in the original container with clearly printed labels and cannot be expired. All medications are given following printed instructions. Any medication not in the original containers with clearly printed labels will not be given.
- **Only the parent/guardian or another responsible adult that is not school age can transport medication to and from the school. Students cannot transport medication to and from school.**
- When controlled-substance medication is brought to school, the person delivering it must count the medication with the School Nurse or designated personnel; both are to sign the medication count record.
- **All medication will be destroyed** if it is not picked up within one week after the doctor's order ends or within one week after the school year ends for the summer.
- School Nurse has permission to exchange verbal/written communication between healthcare provider and pharmacy.

- The first dose of any medication (prescription or over-the-counter) will not be administered at school.
- The school and its employees will not be held responsible should the student have any type of reaction related to medication administration (given by school personnel or by the student themselves).
- **All medications are kept in the Nurse's Office.** The only exception is with students who carry emergency medication (examples: inhalers or Epi-pens) for personal emergency use, and have filled out and turned in the proper authorization forms beforehand.

Medication Delivery to the Nurse's Office

- Due to potentially serious consequences resulting from students carrying medication - prescription or non-prescription - **No students are allowed to neither possess medication, nor can students transport medication to or from school.** The only exception is with students who carry emergency medication (examples: inhalers or Epi-pens) for personal emergency use, and have filled out and turned in the proper authorization forms beforehand.
- The following steps will be taken if students are in violation of this policy:
 - 1st Offense** - Parent/Guardian will be notified by School Nurse and/or Principal and reminded of the medication policy. At the School Nurse's discretion the medication involved may or may not be administered at school. Medication will only be released to a parent/guardian if it needs to be returned home.
 - 2nd offense**: Detention. Parent/Guardian will be notified by Principal.
 - 3rd offense**: In-school suspension. Parent/Guardian will be notified by Principal.
 - 4th offense**: 3-day suspension. Parent/Guardian will be notified by Principal.
- When controlled-substance medication is brought to school, the person delivering it must count the medication with the School Nurse or designated personnel; both are to sign the medication count record.

Prescription Medication

- Must have signed Authorization for Medications to be taken during School form. These forms are mailed home at the end of each year for students known to have routine medications at school to allow time during the summer for the student's healthcare provider to review and sign. Contact the Nurse's Office for forms needed during the school year.
- Must be in the most recent pharmacy container with date, student name, medication name, dosage, and healthcare provider's name and administration instructions. The pharmacy label is a copy of the healthcare provider's orders.
- If pills need to be split for correct dose, most pharmacies will do this for free when filling the prescription. Only scored tablets can be split for accurate dosing.
- Short-term medicines such as antibiotics – if possible only send school doses in the original container to avoid sending the medication bottle back and forth each day. A written request from the parent/guardian might be used (at School Nurse's discretion) in place of the signed Authorization for Medications to be taken during the School form.
- Medications taken 1-3 times a day need to have doses scheduled to be given outside of school hours whenever possible. This helps prevent missed doses that can occur due to early dismissals or from medication being left at school overnight. It is also more convenient for the parent/guardian as students are not allowed to transport medications to or from school.
- When controlled-substance medication is brought to school, the person delivering it must count the medication with the School Nurse or designated personnel; both are to sign the medication count record.

Non-Prescription Over-the-Counter (OTC) Medication

- The medication supply in the Nurse's Office contains only FDA approved Over-the-Counter (OTC) medications. They will be administered according to the printed label directions.
- Parent/Guardian must have signed the Student Health History, Emergency Release & Medication Permission form with the OTC medications checked that the School Nurse can give on an as needed basis.
- If student requires OTC medications that are not from the School Nurse's OTC medication supply, dated written permission including student name, medication name and reason it is to be given at school must accompany the OTC medication. The medication needs to be in the original,

previously unopened container with legible printed directions and expiration date. **OTC medications from home will only be given according to the printed label directions.**

- Allergy, cold, migraine, and menstrual medications are not provided. The generic Benadryl is used only for treatment of allergic reactions. No student will be given aspirin-containing products without healthcare provider's orders and parent/guardian permission.

Health Screenings

- State-recommended screenings for specific grade levels include height and weight, dental, vision and hearing. Parents may call the School Nurse for information about specific screenings for their child's grade level.
- The Missouri Lions KidSight program provides a FREE comprehensive eye examination here at school for children in the Pre-Kindergarten through Third grades, and the Parents as Teachers (PAT) program children each year in the fall, coordinated by the School Nurse.
- The TSU Speech & Hearing clinic provides FREE hearing screening for all students annually (including new or requested students, excluding 4th, 6th, 8th, 10th, and 12th grades) here at school, coordinated each year by the School Nurse.

The Vision Law

- The Mo Vision Law requires Green City R-1 to obtain proof that every student enrolling in kindergarten or first grade has received one (1) comprehensive vision examination performed by a state-licensed optometrist or physician. Proof must be submitted to the district no later than January first of the year the student is first enrolled in the district. The law allows for the parents to opt-out if that is the parent(s) wishes. Please ask for an opt-out form if you would like one.

Immunization Requirements

- **Pre-K (3-4 year olds) must have at least:** 4+ DTaP/DT, 3+ IPV (Polio), 3+ Hib, 3+ Hepatitis B, 4 PCV (Pneumococcal), 1 MMR, 1 Varicella (chickenpox) or a signed doctor's note with date of having had chickenpox. **With Hib and PCV, the number of doses the child needs to complete the series depends on the age the child is when he/she begins the series.
- **Kindergarten (5 year olds) must have at least:** 4+ DTaP/DT, 3+ IPV (Polio), 2 MMR, 3+ Hepatitis B, 2 Varicella (chickenpox) or a signed doctor's note with date of having had chickenpox. **The last doses in the DTaP and IPV series must be after the child turns 4 and before entering Kindergarten.
- The above immunizations will keep your child current through 7th grade, or until they turn 11 years old. At that time, **1 Tdap (tetanus booster) and 1 MCV4 (Meningococcal) are required by Missouri State Law before starting the 8th grade.** Students are also required by law to have a second MCV4 (Meningococcal) vaccination before entering the 12th grade (unless their first vaccination was given AFTER they turned sixteen). This will complete your child's immunization requirements under graduation from high school.

Elementary and JH/HS Students - Extra Clothes

- Pre-K and Kindergarten students that may need extra clothes need a parent/guardian to provide their own spare clothes to be kept in their classroom for emergency purposes.
- A small, limited supply of clothes (underwear, socks, shirts, pants) is in the Nurse's Office to be borrowed for "accidents" only. Please be sure to dress your child appropriately for the weather, and return borrowed clothes after cleaning them so they will be available for another student to borrow if needed. Please send socks with your child for recess/PE if sandals are worn as Nurse's Office supply is limited and for "accident" purposes.

Head Lice

- Green City R-1 Schools DO NOT have a "no nit" policy regarding head lice infestation. The Missouri Department of Health, National Association of School Nurses, Center for Disease Control (CDC) and American Academy of Pediatrics do not support the exclusion of otherwise healthy students from attending school that have signs or symptoms of head lice infestation.
- Students suspected of having head lice will be sent to the Nurse's Office for evaluation. Those with positive findings of head lice infestation will be allowed to stay at school until the end of the day (at

the discretion of the School Nurse/Administration). Studies show that students who have an active case of head lice have likely had the infestation for a month or more.

- Confidentiality is extremely important to avoid embarrassment of the child. Parent/guardian will be contacted by phone (if possible) to notify them of the head lice infestation and of the need for assessment / treatment of the entire household that evening.
- Following treatment, the student is allowed to return to school the next day. Parent/guardian does not have to accompany their child to school, but does need to call the School Nurse to report the treatment given and planned follow-up care.
- Per the School Nurse/Administration discretion, if follow-up treatment is not done, the child has additional occurrences within the next month, or the student has a severe infestation, the child may be excluded from classes until a “doctor’s note” is received from the healthcare provider or the local health department confirming no signs of head lice remaining.
- Due to the lack of evidence that mass screenings are beneficial to the control of head lice, entire classroom or population screenings will only be done at the discretion of the School Nurse/Administration and will only be done on rare occasions (if any).
- It is the parent/guardian’s responsibility to check their child at least weekly for re-infestation and initiate appropriate treatment according to the instructions on the pediculicide label or from healthcare provider or local health department.
- Additional information on head lice can be found at the Center for Disease Control and Prevention website, www.cdc.gov/parasites/lice/head/gen_info/faqs.html

Students with Special Healthcare Concerns

- Students with special healthcare concerns (examples: life-threatening allergies, asthma, seizures) must have a written and signed emergency action plan renewed at the beginning of each school year to provide specific orders from their healthcare provider for the school to follow in the event that your child has a medical emergency while at school. **Students must have the proper authorization forms completed before they can carry and self-administer any emergency medications.**
- Parents are asked to fill out specialized forms addressing the child’s healthcare concern and update them annually. Forms will be mailed home at the end of each school year for parent/guardian’s convenience to allow time during the summer for the student’s healthcare provider to review and sign. Please contact the Nurse’s Office if you need additional forms or information.
- It is in the child’s best interest and safety to provide the above documentation and any required medication and/or supplies on or before the first day of the new school year. If the above documentation and any required medication and/or supplies are not received by the School Nurse within 2 weeks of the start of school - the parent/guardian will be contacted about this concern by the School Nurse and/or Principal. Depending on the severity of the special healthcare concern, other consequences may result.

I encourage you to keep this information and refer to it as needed. Your phone calls and visits are always welcome. You may also contact me at my email address: bbeyer@greencity.k12.mo.us anytime. I look forward to another successful school year as we work together to promote our student’s - your child’s - best educational outcome.

MISCELLANEOUS MATTERS

A+ CITIZENSHIP AND ATTENDANCE REQUIREMENTS

Citizenship

Student’s eligibility for the A+ School Financial Incentives is based on their ability to meet the following six criteria:

- Attend a designated A+ school for three (3) consecutive years prior to graduation
- Graduate with a 2.5 grade point average
- Have at least a 95% attendance record
- Perform fifty (50) hours of unpaid tutoring
- Maintain a good record of citizenship and avoid the unlawful use of drugs and/or alcohol
- Have a score of proficient or advanced on the Algebra I end of course exam or a qualifying score of 17 on the ACT

Citizenship requirements: “a student must maintain a record of good citizenship and avoidance of the unlawful use of drugs.” **The student is responsible for maintaining all of the requirements under the A+ program on a year-round basis, from the first day of school of their freshman year until their date of graduation from high school.** In an effort to set forth the parameters of good citizenship, Green City R-1 A+ participants shall understand that the following guidelines will be followed in establishing good standing.

Any student receiving a drug/alcohol related conviction or convicted of a felony will not be eligible for A+ incentives. Furthermore, other criminal convictions will be reviewed by the citizenship committee, (see final paragraph) which shall meet annually for the consideration of information on this requirement of the program.

Likewise, activities within the school setting are an important part of determining good citizenship; therefore, the citizenship committee will review in-school discipline reports looking at the severity, frequency, and circumstances in regard to students who participate in the A+ program. In addition, the committee will refer to the citizenship guidelines for extracurricular activities, which are located in the student handbook. Students who are found by the committee to have not demonstrated good citizenship will be notified in writing and will then have an opportunity to appeal the committee’s decision through a due process appeals procedure outlined in the final paragraph of this document.

Probation within the A+ Program is used with the understanding that even the best student makes mistakes. Probation is designed to recognize this characteristic in young people; however, receiving the A+ Incentive is a privilege and should be treated as such. Students who are designated A+ should demonstrate distinctive qualities and be role models for other students; their character and ethics should meet high standards. A student will be placed on probation for one semester for the following infractions:

1. More than one academic reassignment.
2. Any referral for out-of-school suspension.

If no further disciplinary action occurs, the student will be returned to full A+ status following his/her probation. Any senior who has been placed on probation for his/her final semester of school will be considered in good standing in the A+ Program at the end of the final semester if no further misdeeds occur prior to graduation.

A student may be removed from the A+ Program under the following circumstances:

1. Within the school year, the student receives 2 or more cumulative out-of-school suspensions.
2. Within the semester while on probation, the student commits another offense that would result in another probationary action.
3. Within his/her high school career, the student receives two semesters of probation (these probations do not have to occur in consecutive semesters).
4. The student is convicted of a felony that is verifiable and is either a matter of public record or is communicated to school officials in compliance with the Safe Schools Act.
5. The student is convicted of three or more misdemeanors (other than for moving traffic violations).

Attendance

A+ students are to maintain a high attendance rate. They are required to graduate with a cumulative high school attendance rate of at least 95%. If a student does not meet the attendance requirement due to extenuating circumstances, the student may follow the Attendance Appeals Process as outlined in the A+ Handbook **Waiver (Appeals) Process** as outlined below.

Waiver (Appeals) Process

Students and parents or guardians may appeal the A+ Attendance OR Citizenship requirement using the following process:

1. Students and parents/guardians must notify the A+ Coordinator (using the appeals form included in this handbook) of their request for an attendance OR citizenship waiver no later than the beginning of the fourth quarter of their senior year.
2. The Coordinator shall then convene the A+ Appeal Committee for consideration of the appeal.
3. The committee shall hear the appeal and return its decision to the student and parents/guardians.
4. The student and parent/guardian may follow a course of appeal to the superintendent in writing within 10 school days of receiving the decision of the Appeals Committee.
5. The superintendent will notify the student/parents/guardian of his/her decision within 5 school days.
6. Upon receiving the notification of the superintendent's decision, the student may request in writing within 10 school days of receiving the decision of the superintendent, a final appeal to the school board to be conducted at the next regularly scheduled board meeting.

Note for A+ Attendance Appeals: In addition to completing the A+ attendance waiver, the student, parent, or guardian submitting such a request will also need to provide the A+ Coordinator with official documentation of the following:

- Doctor's/Dentist's visits – doctor's excuse
- Hospitalization letter from the doctor
- Court dates- letter from the Court
- Funeral - letter from the principal
- Personal calamity: flood, fire, etc.- letter from principal
- Leadership, personal development opportunities with prior permission from the secondary principal.

A student will not receive a waiver if any absence is due to any of the following:

- Truancy
- Skipping classes
- Personal/family vacation
- Transportation problems (unless late school bus)
- Suspended from class or school for any reason

ASBESTOS PUBLIC NOTICE

The district has been gradually replacing objects which contain asbestos. The district has an asbestos management plan located at 301 N. East Street, Green City, MO. If you have any questions, please contact Tennille Banner, Superintendent of Schools for the Green City R-1 School District, at 660-874-4128.

Please fill out the students release information that will be placed on each bus and used for emergency situations.

CLASSROOM RESPONSIBILITY

Students should accept the responsibility for coming to each class with their textbook, paper or notebook, pen or pencil, and any other supplies that may be required. Teachers will be justified in penalizing students who fail to meet this minimum obligation.

DIRECTORY INFORMATION

The *Family Educational Rights and Privacy Act* (FERPA), a Federal law, requires that Green City R-1 with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, Green City R-1 may disclose appropriately designated "directory information" without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the Green City R-1 Schools to include this type of information from your child's education records in certain school publications. Examples include:

- A playbill, showing your student's role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and
- Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the *Elementary and Secondary Education Act of 1965* (ESEA) to provide military recruiters, upon request, with three directory information categories – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent.¹

¹

If you do not want Green City R-1 to disclose directory information from your child's education records without your prior written consent, you must notify the District in writing by **September 1**. Green City R-1 has designated the following information as directory information: **[Note: an LEA may, but does not have to include all the information listed below.]**

- **Student's name**
- **Address**
- **Telephone listing**
- **Electronic mail address**
- **Photograph**
- **Date and place of birth**
- **Major field of study**
- **Dates of attendance**
- **Grade level**
- **Participation in officially recognized activities and sports**
- **Weight and height of members of athletic teams**
- **Degrees, honors, and awards received**
- **Most recent educational agency or institution attended**
- **Student ID number, user ID, or other unique personal identifier used to communicate in electronic systems that cannot be used to access education records without a PIN, password, etc. (A student's SSN, in whole or in part, cannot be used for this purpose.)**

EARLY DISMISSALS

If schools are to be canceled due to inclement weather conditions, the superintendent will contact the area radio and television stations. Those cancellation reports will be broadcast several times between 6:00 a.m. and 7:00 a.m. Those stations are: **KIRX, KRXL, KTUF, KLTE, KLTJ, KZBK, KMZU, KMEM, KTTN, KRES,** and TV station **KTVO**. Additionally, phone messages, text, Facebook, and Twitter messages will be sent out to individuals participating in this option.

EARTHQUAKE SAFETY FOR MISSOURI SCHOOLS

The New Madrid Seismic Zone Extends 120 Miles Southward from the area of Charleston, Missouri, and Cairo, Illinois, through New Madrid and Caruthersville, following Interstate 55 to Blytheville and on down to Marked Tree, Arkansas. The NMSZ consists of a series of large, ancient faults that are buried beneath thick, soft sediments. These faults cross five state lines and cross the Mississippi River in three places and the Ohio River in two places.

The New Madrid Seismic Zone and surrounding region is Active, Averaging More than 200 Measured Events per Year (Magnitude 1.0 or greater), about 20 per month. Tremors large enough to be felt (Magnitude 2.5 – 3.0) are noted every year. The fault releases a shock of 4.0 or more, capable of local minor damage, about every 18 months. Magnitudes of 5.0 or greater occur about once per decade. They can cause significant damage and be felt in several states.

The Highest Earthquake Risk in the United States outside the West Coast is in the New Madrid Seismic Zone. Damaging temblors are not as frequent as in California, but when they do occur, the destruction covers over more than 20 times the area due to the nature of geologic materials in the region. The 1968 5.5 magnitude Dale, Illinois earthquake toppled chimneys and caused damage to unreinforced masonry in the St. Louis area, more than 100 miles from the epicenter. A 5.2 magnitude earthquake in April 2008 in southeast Illinois, did not cause damage in Missouri, but was felt across much of the state.

A Damaging Earthquake in this Area, which experts say is about a 6.0 magnitude event, occurs about once every 80 years (the last one in 1895 was centered near Charleston, Missouri). There is estimated to be a 25-40% chance for a magnitude 6.0 – 7.5 or greater earthquake along the New Madrid Seismic Zone in a 50-year period according to the U.S. Geological Survey reports. The results would be serious damage to unreinforced masonry buildings and other structures from Memphis to St. Louis. We are certainly overdue for this type of earthquake!

A Major Earthquake in this Area - the Great New Madrid Earthquake of 1811-12 was actually a series of over 2000 shocks in five months, with several quakes believed to be a 7.0 Magnitude or higher. Eighteen of these rang church bells on the Eastern seaboard. The very land itself was destroyed in the Missouri Bootheel, making it unfit even for farming for many years. It was the largest release of seismic energy east of the Rocky Mountains in the history of the U.S. and was several times larger than the San Francisco quake of 1906.

When Will Another Great Earthquake the Size of Those in 1811-12 Happen? Several lines of research suggest that the catastrophic upheavals like those in 1811-12 visit the New Madrid region every 500-600 years. Hence, emergency planners, engineers, and seismologists do not expect a repeat of the intensity of the 1811-12 series for at least 100 years or more. However, even though the chance is remote, experts estimate the chances for a repeat earthquake of similar magnitude to the 1811-1812 New Madrid earthquakes over a 50-year period to be a 7 - 10% probability.

What Can We Do to Protect Ourselves? Education, planning, proper building construction, and preparedness are proven means to minimize earthquake losses, deaths, and injuries.

Prepare a Home Earthquake Plan

- Choose a safe place in every room - under a sturdy table or desk or against an inside wall where nothing can fall on you.
- Practice DROP, COVER AND HOLD ON at least twice a year. Drop under a sturdy desk or table, hold onto the desk or table with one hand, and protect the back of the head with the other hand. If there's no table or desk nearby, kneel on the floor against an interior wall away from windows, bookcases, or tall furniture that could fall on you and protect the back of your head with one hand and your face with the other arm.
- Choose an out-of-town family contact.
- Take a first aid class from your local Red Cross chapter. Keep your training current.
- Get training in how to use a fire extinguisher from your local fire department.
- Inform babysitters and caregivers of your plan.

Eliminate Hazards

- Consult a professional to find out additional ways you can protect your home, such as bolting the house to its foundation and other structural mitigation techniques.
- Bolt bookcases, china cabinets and other tall furniture to wall studs.
- Install strong latches on cupboards.
- Strap the water heater to wall studs.

Prepare a Disaster Supplies Kit for Home and Car

- First aid kit and essential medications.
- Canned food and can opener.
- At least three gallons of water per person.
- Protective clothing, rainwear, and bedding or sleeping bags.
- Battery-powered radio, flashlight, and extra batteries.
- Special items for infant, elderly, or disabled family members.
- Written instructions for how to turn off gas, electricity, and water if authorities advise you to do so. (Remember, you'll need a professional to turn natural gas service back on.)
- Keeping essentials, such as a flashlight and sturdy shoes, by your bedside.

Know What to Do When the Shaking BEGINS

- DROP, COVER AND HOLD ON! Move only a few steps to a nearby safe place. Stay indoors until the shaking stops and you're sure it's safe to exit. Stay away from windows.
- In a high-rise building, expect the fire alarms and sprinklers to go off during a quake.
- If you are in bed, hold on and stay there, protecting your head with a pillow.
- If you are outdoors, find a clear spot away from buildings, trees, and power lines. Drop to the ground.
- If you are in a car, slow down and drive to a clear place (as described above). Stay in the car until the shaking stops.

Know What to Do AFTER the Shaking Stops

- Check yourself for injuries. Protect yourself from further danger by putting on long pants, a long-sleeved shirt, sturdy shoes, and work gloves.
- Check others for injuries. Give first aid for serious injuries.
- Look for and extinguish small fires. Eliminate fire hazards. Turn off the gas if you smell gas or think it's leaking. (Remember, only a professional should turn it back on.)
- Listen to the radio for instructions
- Expect aftershocks. Each time you feel one, DROP, COVER, AND HOLD ON!

- Inspect your home for damage. Get everyone out if your home is unsafe.
- Use the telephone only to report life-threatening emergencies.

MODEL NOTIFICATION OF RIGHTS UNDER (FERPA FOR ELEMENTARY AND SECONDARY INSTITUTIONS

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

- 1) The right to inspect and review the student's education records within 45 days after the day the school receives a request for access.

Parents or eligible students should submit to the school principal a written request that identifies the record(s) they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

- 2) The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

Parents or eligible students who wish to ask the school to amend a record should write the school principal (or appropriate school official), clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

- 3) The right to privacy of personally identifiable information in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the school has outsourced services or functions it would otherwise use its own employees to perform (such as an attorney, auditor, medical consultant, or therapist); a parent or student serving on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer. [NOTE: FERPA requires a school district to make a reasonable attempt to notify the parent or student of the records request unless it states in its annual notification that it intends to forward records on request.]

- 4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school to comply with the requirements of FERPA. The name and address of the office that administers FERPA are:

**All parties & dances are subject to random Breathalyzer tests given by the administration.
(All out-of-school dates must use the Breathalyzer.)**

PHONE CALLS

Students will not be called from class to answer the telephone except for important calls. Students should not expect to be allowed to leave the classroom to make calls except in emergencies. Students may not use the office telephone without permission from the secretary or the principal. High school students are **NOT** to use the telephone in the elementary office.

PROM/AFTER PROM ACTIVITIES POLICY

The junior policy includes failure to participate in any fundraising activity: once—reprimand; twice—no prom.

If the student does not wish to participate in fundraising activities, they may sign a release form excluding them from any further duties. This, in turn, releases them from any benefits to be received.

No money that was earned as part of a class activity will be refunded.

Students entering their senior year would be required to pay an amount to be determined by sponsors and administration. Adopted by Green City R-1 Board of Education 8-11-94

Prom is a privilege and not a right. Students may lose attendance privileges by missing detention, disciplinary consequences and not meeting attendance requirements.

Chaperones who would like to help at prom must follow the school volunteer policy. Otherwise, parents and community members will not be allowed at prom.

A Breathalyzer will be used at the discretion of the administration at prom.

AFTER PROM ACTIVITIES

The school does not organize parent groups after prom activities. Therefore the school is not responsible for the activity or transportation laws that go to restricted licenses.

PUBLIC NOTICE

All responsible public agencies are required to locate, evaluate, and identify children with disabilities who are under the jurisdiction of the agency, regardless of the severity of the disability, including children attending private schools, highly mobile children, such as migrant and homeless children, and children who are suspected of having a disability and in need of special education even though they are advancing from grade to grade. The Green City R-1 School District assures that it will provide a free, appropriate public education (FAPE) to all eligible children with disabilities between the ages of 3 and 21 under its jurisdiction. Disabilities include autism, deaf/blindness, emotional disorders, hearing impairment and deafness, mental retardation, multiple disabilities, orthopedic impairment, traumatic brain injury, visual impairment/blindness and young child with a developmental delay.

The Green City R-1 School District assures that it will provide information and referral services necessary to assist the state in the implementation of early intervention services for infants and toddlers eligible for the Missouri First Steps program.

The Green City R-1 School District assures that personally identifiable information collected, used, or maintained by the agency for the purposes of identification, evaluation, evaluation, placement or provision of FAPE of children with disabilities may be inspected and/or reviewed by their parents/guardians. Parents/guardian may request amendment to the educational record if the parent/guardian believes the record is inaccurate, misleading, or violates the privacy or other rights of their child. Parents have the right to file complaints with the U.S. Department of Education or the Missouri Department of Elementary and Secondary Education concerning alleged failures by the district to meet the requirements of the Family Educational Rights and Privacy Act (FERPA).

The Green City R-1 School District has developed a Local Compliance Plan for the implementation of State Regulations for the Individuals with Disabilities Education Act (IDEA). This plan contains the agency's policies and procedures regarding storage, disclosure to third parties, retention and destruction of personally identifiable information and the agency's assurances that services are provided in compliance

with the General Education Provision Act (GEPA). This plan may be reviewed in the office during school hours. Arrangements to view the plan may be made by contacting Tennille Banner.

MODEL NOTIFICATION OF RIGHTS UNDER THE PROTECTION OF PUPIL RIGHTS AMENDMENT (PPRA)

PPRA affords parents certain rights regarding our conduct of surveys, collection and use of information for marketing purposes, and certain physical exams. These include the right to:

Green City R-1 will directly notify parents of these policies at least annually at the start of each school year and after any substantive changes. Green City R-1 will also directly notify, such as through U.S. Mail or email, parents of students who are scheduled to participate in the specific activities or surveys noted below and will provide an opportunity for the parent to opt his or her child out of participation of the specific activity or survey. Green City R-1 will make this notification to parents at the beginning of the school year if the District has identified the specific or approximate dates of the activities or surveys at that time. For surveys and activities scheduled after the school year starts, parents will be provided reasonable notification of the planned activities and surveys listed below and be provided an opportunity to opt their child out of such activities and surveys. Parents will also be provided an opportunity to review any pertinent surveys. Following is a list of the specific activities and surveys covered under this requirement:

INFORMATION REGARDING SECTION 504 OF THE REHABILITATION ACT OF 1973

Section 504 is an Act, which prohibits discrimination against persons with a handicap in any program receiving Federal financial assistance. The Act defines a person with a handicap as anyone who:

- 1) Has a mental or physical impairment which substantially limits one or more major life activities (major life activities include activities such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning and working)
- 2) Has a record of such an impairment
- 3) Is regarded as having such an impairment

In order to fulfill its obligation under Section 504, the Green City R-1 school district recognizes a responsibility to avoid discrimination in policies and practices regarding its personnel and students. No discrimination against any person with a handicap will knowingly be permitted in any of the programs and practices in the school system.

The school district has specific responsibilities under the Act, which include the responsibility to identify, evaluate, and if the child is determined to be eligible under Section 504, to afford access to appropriate educational services.

If the parent or guardian disagrees with the determination made by the professional staff of the school district, he/she has a right to a hearing with an impartial hearing officer.

The Family Educational Rights and Privacy Act (FERPA) also specifies rights related to educational records. This Act gives the parent or guardian the right to: 1) Inspect and review his/her child's educational records; 2) make copies of these records; 3) receive a list of all individuals having access to those records; 4) ask for an explanation of any item in the records; 5) ask for an amendment to any report on the grounds that it is inaccurate, misleading, or violates the child's rights; and 6) a hearing on the issue if the school refuses to make the amendment.

If there are questions, please feel free to contact Jamie Tipton or Jamie Halley, 504 coordinators for the school district, at (660) 874-4127.

STUDENT EDUCATIONAL RECORDS

Regulation 2400
(Form 2400)

Definitions

Directory information means information contained in the educational record of a student which would not generally be considered harmful or an invasion of privacy if disclosed. In the Green City R-1 School District, directory information includes the following: the student's name, address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, the most recent previous school attended, and photographs.

1. Educational record means those records that are directly related to a student and are maintained by the District.
2. Disclosure means to permit access to or the release, transfer, or other communication of educational records, or the personally identifiable information contained in those records, to any party, by any means, including oral, written or electronic means.
3. Eligible student means a student who has reached 18 years of age or attends an institution of post-secondary education.
4. Parent means a parent of a student and includes a natural parent, a guardian, or an individual acting as a parent/guardian in the absence of a parent/guardian.
5. Personally identifiable information includes, but is not limited to the student's name; the name of the student's parent/guardian or other family member; the address of the student or student's family; a personal identifier, such as the student's social security number or student number; a list of personal characteristics that would make the student's identity easily traceable, or other information that would make the student's identity easily traceable.
6. Student means any individual who is or has been in attendance in the District and about whom the District maintains educational records.

General Guidelines

1. The District shall give full rights under this regulation to either parent/guardian of a student, unless the District is provided with a court order, state law or other legally binding document that specifically revokes the parent/guardian's rights to access under this regulation.
2. When a student reaches the age of 18, or attends a post-secondary institution of education the parent/guardian rights under this policy will transfer from the parent/guardian to the student.
3. The District will annually disseminate a notice of the rights available under this regulation to parent/guardian and eligible students. The annual notification will include a statement that the parent/guardian or eligible student is entitled:
 - a. To inspect and review the student's educational records.
 - b. To request changes to the educational records to ensure that the records are not inaccurate, misleading, or otherwise in violation of the student's privacy or other rights.
 - c. To consent to disclosures of personally identifiable information contained in the student's educational records, except to the extent that federal and state law authorize disclosure without such consent; and
 - d. To obtain a copy of this policy and guidelines.

The annual notification will also inform parents/guardians and eligible students where copies of the policy and guidelines are located.

4. Prior to making directory information public, the District will notify the parent/guardian

regarding the categories of information that it has designated as directory. In addition, the District will allow a reasonable period of time after such notice for the parent/guardian or eligible student to inform the District that any or all of the designated directory information should not be released without the parent's/guardian's or eligible student's consent.

Procedures for Inspection and Review of Educational Records

1. The District's regulation permits parents/guardians and eligible students to inspect and review the educational records of the student.
2. After a request for access to records, the District will allow access within a reasonable period of time, but in no case more than forty-five (45) days after receipt of the request. All requests for access should be directed to the Superintendent's secretary.
3. After the parent/guardian or eligible student has had an opportunity to inspect and review the student's educational records, the parent/guardian may make a request for explanations and interpretations of the records to the Superintendent. The District's designee shall respond to all reasonable requests for explanation or interpretation.
4. The District will not destroy any educational record if there is an outstanding request to inspect and review that record.
5. If a student's educational records contain information on more than one student, the parent/guardian or adult student may inspect, review or be informed of only the specific information about that student. That is, all information pertaining to another student will be redacted.
6. The District may employ the use of security videos in its hallways, classrooms and/or buses. Security videos maintained by the District's law enforcement unit (if any) or not maintained at all (recycled) are not considered educational records and therefore may not be inspected and reviewed under FERPA. If security videos are maintained by the District, such videos are protected educational records under FERPA and may be viewed by parents or patrons with a court order or written permission from the parent(s) of each student to whom the video is directly related.
7. The District may disclose personally identifiable information from an educational record only on the condition that the party to whom the information is disclosed will not disclose the information to any other party without the prior consent of the parent/guardian or eligible student. Each party to whom disclosure may be made under this policy must first sign a statement in which he/she agrees to abide by this provision and agrees to use the information disclosed only for the purposes for which the disclosure was made. This does not apply to disclosures of directory information or to any information that the District is required to disclose under Missouri law.

Copies of Educational Records

1. The District has no obligation to provide copies of educational records to parents, their representatives or adult students under FERPA unless failure to provide copies prevents a parent or adult student from exercising the right to inspect or review the records, or is otherwise required by law. For example, if a parent does not live within driving distance of the school district, is hospitalized, or incarcerated, he or she may have a right to copies.

Option 2: Though the District does not generally have an obligation to provide copies under FERPA, it will nonetheless provide up to 50 pages per student, per school year, without charge. All requests for copies over 50 pages per student, per school year will be charged \$0.10 cents per page, which must be paid for in advance.

The District will administratively consider exceptions to this policy on a case by case basis. The factors to be considered in making such an exception include but are not limited to the purpose of the copies, whether the request is overly time consuming or burdensome, and the number of prior requests. If copies are requested to be sent to an agency or individual other than the adult student or parent/legal guardian, all proper

releases must be signed.

Procedures to Request Amendment of a Student's Educational Records

1. If a parent/guardian or eligible student believes the educational records for that student contain information that is inaccurate, misleading, or in violation of the student's rights of privacy or other rights, he/she may ask the District to amend the record. All such requests should be directed to the Superintendent of Schools.
2. The District's designee, in consultation with the administration or Board of Education as needed, shall decide whether to amend the record as requested within a reasonable time after the request.
3. If the District's designee decides not to amend the record, he/she shall inform the parent/guardian or eligible student of that decision and of their right to request a hearing on the request.
4. If a hearing is requested, the District will hold the hearing within a reasonable time after it has received the request and will give the parent/guardian or eligible student reasonable advance notice of the date, time and place of the hearing. The hearing may be conducted by any individual, including an employee of the District, who does not have a direct interest in the outcome of the hearing. The District will give the parent/guardian or eligible student a full and fair opportunity to present evidence relevant to the issue(s) raised by the parent/guardian or eligible student's request. The parent/guardian or eligible student may, at their own expense, be assisted or represented at the hearing by any individual of their choice, including an attorney.
5. The District will make its decision in writing within a reasonable period of time after the hearing. The decision will be based solely on the evidence presented at the hearing, and will include a summary of the evidence and the reasons for the decision.
 - a. If the District decides, as a result of the hearing, that the information is inaccurate, misleading or violates the student's rights, the District shall amend the record and inform the parent/guardian or eligible student of the amendment in writing.
 - b. If the District decides, as a result of the hearing, that the information is not inaccurate, misleading, or otherwise in violation of the student's rights, the District shall inform the parent/guardian or eligible student of that decision and shall inform the parent/guardian or student of his/her right to place a statement in the record commenting on the contested information or stating why he/she disagrees with the District's decision, or both. If the parent/guardian or eligible student submits such a statement, the District will maintain that statement with the student's educational records as long as the record is maintained and will disclose the statement whenever it discloses the portion of the record to which the statement relates.

Procedures Regarding Disclosure of Personally Identifiable Information Where Consent is Required

1. Before the District discloses personally identifiable information from a student's records (other than directory information), the District will obtain a signed and dated written consent from the parent/guardian or eligible student. The written consent will specify the records that may be disclosed; state the purpose of the disclosure; and identify the party or parties to whom disclosure may be made.
2. If the parent/guardian or eligible student so requests, the District will provide him/her with a copy of the records disclosed.

Disclosure of Personally Identifiable Information Where Consent is Not Required

The District may disclose personally identifiable information from a student's educational records without the written consent of the parent/guardian or eligible student in the following circumstances:

1. Disclosure may be made to other school officials, including teachers, within the District whom the District has determined to have legitimate educational interests. In addition,

the school official or his/her assistants who are responsible for the custody of the records and those parties authorized to audit the record keeping procedures of the District may inspect the records relating to each student without the consent of the parent/guardian or eligible student.

The District designates the Superintendent to make the determination as to whether a particular school official has a legitimate educational interest in accessing a student's educational records. Before accessing any student's educational records, the school official seeking access must submit a written request to the Superintendent. The request must include the student's name, the reason for the request, the school official's name and the date of the request. The District's designee must provide in writing whether the request was granted or denied and the reason for the decision. If the request is granted, the request and the designee's decision must be maintained with the student's educational records.

2. Disclosure may be made to officials of another school district or post secondary educational institution where the student seeks or intends to enroll.
3. Disclosure may be made to authorized federal and state agencies and authorities.
4. Disclosure of acts of school violence, as set forth in Policy and Regulation 2673, may be made to District employees who are directly responsible for the student's education or who interact with the student in the performance of the employee's duties.
5. Disclosure related to past or potentially future violent behavior may be made to appropriate staff members of portions of any student's individualized education program team.
6. Disclosure may be made to law enforcement officials, as soon as is reasonably practicable, of the commission of the criminal acts listed in Regulation 2673.
7. In appropriate circumstances, District administrators may disclose student educational records to law enforcement and/or juvenile authorities where necessary to serve students prior to adjudication. Officials to whom such educational records are disclosed are required to comply with federal law governing students' educational records.
8. Disclosure may be made to the appropriate division of the Juvenile Court of the suspension of more than ten (10) days of any student under court jurisdiction.
9. Disclosure of discipline records may be made within five (5) days to any requesting school district where the student seeks to enroll.
10. Disclosure may be made if such disclosure is in connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility, amount of aid, condition for the aid, or to enforce the terms and conditions of the aid.
11. Disclosure may be made to organizations conducting studies for, or on behalf of, educational agencies or institutions to develop, validate or administer predictive tests; administer student aid programs; or improve instruction, if the study is conducted in a way that does not permit personal identification of parent/guardian and students, and the information is destroyed when no longer needed for the purposes for which the study was conducted.
12. Disclosure may be made to accrediting organizations to carry out their accrediting functions.
13. Disclosure may be made to comply with a judicial order or lawfully issued subpoena and only after the District makes a reasonable effort to notify the parent/guardian or eligible student of the order or subpoena in advance of the compliance.
14. Disclosure may be made to appropriate parties where the disclosure is in connection with a health or safety emergency and the information is necessary to protect the health or safety of the student or other individuals.
15. Disclosure may be made where the disclosure is of information the District has designated to be directory information.
16. Disclosure may be made to the parent/guardian of a noneligible student or to an eligible student.
17. Disclosure may be made without the written consent of the parent/guardian or eligible student as otherwise may be specified by federal or state law.

Record Keeping Procedures

1. The District will maintain a record of each request for access to and each disclosure of personally identifiable information from the educational records of each student. The Superintendent's Secretary will be responsible for keeping such records of requests and disclosures.
2. The District will maintain the record of each request and disclosure with the educational records of the student as long as the records are maintained by the District.
3. For each request or disclosure, the District's record will include the parties who have requested or received personally identifiable information from educational records and the legitimate interests the parties had in requesting or obtaining the information.
4. If the District discloses personally identifiable information from an educational record under the exceptions enumerated in the section above, the District will record the names of those persons to whom that party may disclose the information on behalf of the District and the legitimate interests which each of the additional parties has in requesting or obtaining the information.
5. If the District discloses information pursuant to a health or safety emergency, the District, within a reasonable time period, will record in the student's educational records the significant threat that formed the basis for the disclosure and the parties to whom the information was disclosed.

STUDENT GROUP USE OF SCHOOL FACILITIES

Pursuant to the Equal Access Act, District secondary schools will provide an opportunity for student initiated non-curricular groups to conduct meetings on school premises during non-instructional time, and will not discriminate against students on the basis of the religious, political, philosophical, or other content of the speech at such meetings.

An activity is to be considered curricular if the subject matter is or will be taught in a regularly offered class; if the subject matter concerns the body of courses as a whole; if participation in the group is a requirement for a course; or if academic credit is available for participation. Extracurricular activities include activities organized and supervised under the auspices of the school. Extracurricular activities primarily involve students in activities occurring outside academic class time, for which no units of credit are awarded. Any activity, which does not meet the definition of a curricular or extracurricular activity, will be considered non-curricular.

STUDENT PUBLICATIONS

The Board of Education encourages student production and distribution of publications, which can provide opportunities for practical journalistic experience and for the written expression of differing opinions. The Board of Education recognizes that freedom of speech and press bring corresponding responsibilities, therefore, in its inherent authority based on Missouri Public School Law, it designates the school principal as the Board's representative. The principal, through appointment of a faculty advisor, shall provide guidance to students in appropriate methods for preparing and producing publications.

The building principal/designee may delay or stop distribution of any materials proposed for printing or that have been printed which may be reasonably forecast to cause substantial and material disruption or obstruction of any lawful mission, process, or function of the school.

SURVEILLANCE CAMERAS

The Green City R-1 School District does have surveillance cameras filming at all times on the Green City R-1 school building, grounds, and buses. Our goal is not to catch students doing something wrong, but to prevent an incident from occurring. Parents and community members will not be allowed to watch footage of the cameras due to confidentiality.

SCHOOL VISITORS

The Board of Education encourages parents and other citizens to visit the Green City R-1 School and believes that there are many potential benefits which can result from increased interaction with the public. At the same time, the Board has a legitimate interest in avoiding disruption to the educational process, protecting the safety and welfare of the students and staff, and to protect the district's facilities and equipment from misuse or vandalism. A balance must be achieved between the potential benefits and risks associated with the presence of visitors in our school buildings. Achieving the desired balance will lead to increased parent involvement, a better understanding of how the school district operates and the challenges facing the school district, and an increased sense of collaboration and cooperation between the community and the schools. Limitations may be placed on visitors to avoid disruption to school operations and to prevent visitors from receiving a distorted view of those operations. The administration shall have the authority to determine which visits are to be permitted as well as the discretion to set any appropriate conditions on the nature and extent of such visits. In exercising their discretion, the administration shall consider the purpose of the visit, the impact of the visitor's presence and the relationship of any visitor to the students. Appropriate administrative rules shall be developed to provide guidance for school personnel so that worthwhile experiences may be provided for those persons who enter onto school premises as visitors. School personnel shall seek to assure that parents and other visitors are courteously received and that sincere efforts are made to provide them with information as may be needed to foster a cooperative relationship between home, school and community.

Rules For Visitors To Schools Policy

A. General Requirements for Visitors to Schools:

1. A visitor is defined as any person seeking to enter a school building who is not an employee of the school district or a student currently enrolled in that building.
2. All visitors shall report to the school office when arriving or leaving the school premises. Notices shall be displayed in each building indicating that all visitors are required to register with the school office and obtain authorization from the building principal to remain on the school premises. All visitors shall be requested to wear an appropriate form of identification when on school premises.
3. Whenever possible, visitors should obtain authorization from the principal in advance. At the discretion of the principal, such prior authorization may be required.
4. Visits will be prohibited at certain times such as the first and last weeks of school, immediately before or after vacations or other breaks and while standardized testing or other student assessments are being conducted.
5. If conflicts occur because of the number of visitor requests or other circumstances, parents of currently enrolled students will generally be given preference.
6. All school visitors must comply at all times with Board of Education policies, administrative rules and school regulations.

B. Exceptions to Visitor Requirements. Parents or Green City R-1 citizens who have been invited to visit school as part of a scheduled open house, special event, scheduled performance by a class, team or group, or other adult participants in organized and school approved activities during off-school hours are exempt from the requirements in A. 1-5 above.

C. Visitors to Classrooms or Other Instructional Areas:

1. Access to particular classrooms or other instructional areas of the school may be restricted upon the recommendation of the teacher in charge or as otherwise deemed necessary by the principal.
2. Because classrooms and other instructional areas are the most vulnerable to disruption, specific conditions may be imposed upon visitors, including but not limited to:
 - a. remaining in a designated place or seat
 - b. refraining from speaking to students while the class or activity is in session
 - c. refraining from entering or leaving the area while an activity is underway
 - d. requiring that the dress and grooming of the visitor be consistent with the dress code for the students and employees within the building.
 - e. requiring that the visitor be chaperoned
 - f. limiting the duration of the visit to particular times or length of time
 - g. limiting the activities of the visitor to a particular purpose(s)
 - h. designating particular routes of travel in the building or upon the school grounds.

3. Visitors wishing to conference with teachers or administrators during the course of the school day are encouraged to make arrangements in advance.
- D. Student Visitors
1. **Student visitors are NOT allowed.**
- E. Special Situations
1. Both custodial and non-custodial parents of a Green City student have rights to visit the child's school unless a court order exists restricting such contact. In the event that a non-custodial parent seeks permission to visit, the school shall make a good faith effort to notify the custodial parent in advance of the visit.
 2. The administration has the authority to exclude from the school premises any person who disrupts or who appears likely to become a disruption to the educational program. Any such individual shall be directed to leave the school premises immediately and law enforcement authorities shall be called if necessary.
- F. Salesmen/Marketing
1. Visitors who wish to market products to the Green City R-1 students must be pre-approved through the Superintendent and Building Principal.
 2. Visitors who wish to market products to the Green City R-1 students will be allowed to do so in the cafeteria from 11:45 to 12:35, upon administration approval.

VOLUNTEER POLICY

It is the intent of the Green City R-1 School District to foster, support, and encourage volunteer activities throughout school district programs. Volunteers can promote community involvement in schools while at the same time providing significant services to students, employees, and school programs by supplementing, but not substituting for the work of employees.

Typical volunteer opportunities include clerical work, assisting employees with assigned instructional and co-curricular programs, and helping with the supervision of students, either working directly with school personnel or independently, which requires a background check.

It is also the intent of the School District to take appropriate measures to help ensure the protection of the students, the School District, and volunteers from safety and liability concerns that could arise as a result of volunteer efforts.

The requirements and responsibilities of school volunteers as well as the expectations and responsibilities of the School District are to follow the Green City R-1 handbook and board policies. Volunteers are not to discipline students. Discipline is solely the responsibility of the teacher. The teacher is the professional whose responsibility it is to plan a course of study and see that it is implemented. The volunteer always works under the direction of the teacher to HELP, not replace, the teacher.

People interested in becoming a volunteer should contact the school. All volunteers must fill out a volunteer form which can be obtained from the sponsor/coach or building level administrator.
